CODE OF CONDUCT AND ETHICS OF EQUINE CANADA

“We look to sport to impart something of moral and social values and, in integrating us as individuals, to bring about a healthy, integrated society.”

The Honourable Chief Justice Charles L. Dubin

1. **Preamble**

Equine Canada ("EC") believes that:

- Equestrian pursuits are based on a relationship between horse and human.
- It is the right and responsibility of EC to set standards in matters of ethics, conduct, sportsmanship, the welfare of the horse, and in all matters under its jurisdiction.
- It is desirable to define ethical practices, to delineate unethical practices, to encourage good sportsmanship, fair play, safety and high ethical behavior and to warn, censure or bring to public attention and discipline those who commit acts detrimental to the best interests of its stakeholders.
- All Persons should observe the spirit as well as the letter of this Code of Conduct and Ethics policy.
- Membership and participation in its activities brings with it many benefits and privileges that are balanced by the Person's responsibilities and obligations. This policy defines the parameters for these responsibilities and obligations, and thus identifies a standard of behaviour that is expected of all Persons.

2. **Purpose**

The purpose of this Code of Conduct and Ethics policy is to promote a safe and positive environment within EC programs, activities and events, by making all Persons aware that there is an expectation at all times of appropriate behaviour, consistent with EC values. Conduct that violates the Code of Conduct and Ethics policy may be subject, after due process, to sanctions pursuant to EC's disciplinary and complaints policies.

3. **Application and Scope**

This policy applies to a Person's conduct during the course of EC business, activities and events, including but not limited to: work environment, competitions, training and education sessions, travel and meetings. This policy also applies to conduct that occurs outside of EC's activities and events when such conduct could adversely affect relationships within EC's work and sport environment and/or could be detrimental to the image and reputation of EC.
All members of other National and Provincial/Territorial Sport Organizations must agree to be bound by the rules of EC while participating at EC-sanctioned competitions or events. The Statement of Principles below is to be considered an interpretive guide in applying the Code of Conduct and Ethics policy.

4. Definitions
Throughout this policy, capitalized terms are defined as follows:

a) “EC” means Equine Canada Hippique;

6. Responsibilities
EC is committed to providing a safe environment in which all Persons are treated with respect. Persons involved with EC must acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinate to competitive or commercial influences. Every athlete and other person participating in the sport shall reasonably cooperate with the Canadian Centre for Ethics in Sport (CCES) or another anti-doping organization investigating anti-doping rule violations and a failure to do so may be the basis for disciplinary action within the sport.

Complaints must be investigated, using a reasonable investigation process to make a good faith determination that sufficient cause, based on reasonable grounds, exists to warrant some degree of advisory or disciplinary action. The process must provide for a thorough understanding of all sides of an issue and allow for a structured, measured and fair investigation.
4. If a conflict of interest exists between an individual concerned with investigating a complaint and the individual under investigation, the former will remove him/herself from the process.
5. Complaints will be addressed after sufficient investigation by the LOC as deemed appropriate:
   a) A verbal advisory warning followed with a summary of the conversation in writing.
   b) A written advisory warning.
   c) Non-renewal of license.
   d) No action.

ARTICLE C201 CONDUCT

1. All participants in an EC-sanctioned competition are obliged to conduct themselves in an orderly manner and in the best interest of Equine Canada. Management shall bar violators from further participation for the remainder of the competition and report the incident to Equine Canada for any further disciplinary action deemed necessary.

2. Acting or permitting another person to act in a manner contrary to these rules or in a manner deemed improper, unethical, dishonest, unsportsmanlike, or prejudicial to the best interests of Equine Canada, and/or detrimental to the well being of any animal(s), or making a remark considered offensive or made with the intent to influence or cast aspersions on the character or integrity of the judge or any other person is considered not in the best interest of Equine Canada.

3. It is the policy of Equine Canada that gambling in any form, with respect to the performance of a competitor, is strictly prohibited.

4. At Pleasure Driving Shows and Driven Dressage Competitions: the Judge has the authority and responsibility to eliminate a competitor for unsafe practice or inappropriate behavior within the ring; Show Management elsewhere. The Technical Delegate has no authority to disqualify but can point out infractions to Management who should handle the issues. The Technical Delegate can file a charge or present a Warning Card to any individual who displays inappropriate behavior.

5. At Combined Driving Events, the roles of the Ground Jury and Technical Delegate are defined in Articles 906.3, 907.3.

6. Any member of the Jury or the Technical Delegate can file a charge or present a Warning Card to any individual who displays inappropriate behavior, improper conduct, unsafe practices or non-compliance with the rules of Equine Canada.

7. The issuance of a Warning Card is not meant to replace the filing of charges for willful and serious violation of Equine Canada rules, and shall not prevent further investigation of the matters pursuant to the “Disciplinary Review Process”.

8. A driver may not show before a judge, and the judge may not judge anyone who has been instructed by that judge within a period of 30 days prior to the competition. (Exception: Article C201.9).

9. A judge may officiate over entries (competitors and/or animals) who attended group clinics at the competition if:
   a) The clinic is open to all competitors and animals entered.
   b) The clinic is advertised and available to all possible entrants
   c) During the clinic the judge does not drive any animal that is entered in the competition.

ARTICLE C202 CRUELTY

1. Cruelty to or the abuse of any animal by any person at an approved competition is forbidden and an offender is subject to disqualification. Examples: leaving whip marks; fresh blood around mouth or result of whipping; excessive use of whip; striking the horse on the head or poll; excessive use of reins to the point of abuse.

2. Management shall bar violators from further participation for the remainder of the competition and report the incident to EQUINE CANADA for any further disciplinary action deemed in order.

3. All animals must be serviceably sound and must not show evidence of lameness, broken wind, physical distress or impairment of vision in both eyes. In the case of an appeal on this ground, the judge will have the animal in question examined by the official veterinarian or designee for a decision by the judge or jury which will be final.

4. Equine Canada neither encourages nor discourages dogs accompanying an entry. Unless allowed by the class rules, dogs are not allowed to run alongside, behind under or ride on the vehicle during competition. In no circumstances may a dog be tied or in any way attached to the vehicle.

5. Caged or tethered animals are not allowed as part of or along the path of an obstacle course.

6. Excessive pressing of exhausted horses or competing with equines in poor debilitated condition is unacceptable. Cruelty also means and action or omission that causes or is likely to cause pain or unnecessary discomfort to a horse including, but not limited to:
   a) Excessive use of a whip or other instrument on any horse in a stall, runway, schooling area, competition ring or elsewhere at the event location, before, after or during any competition, by any person. Striking the horse’s head (on the poll and forward of the poll) with the whip or other instrument shall be deemed excessive,
   b) An unacceptably severe, badly fitting, broken or damaged bit;
   c) Badly fitting or poorly constructed harness which might cause distress to the Horse;
   d) Damage to a Carriage which might cause injury to the Horse.
   e) Any other action or condition which, in the opinion of a judge, Technical Delegate or Veterinarian is causing or will cause distress to a horse.
CHAPTER 3
SAFETY AND EMERGENCIES

ARTICLE C301 RESPONSIBILITY OF COMPETITORS
AND OFFICIALS

1. All persons involved in the competition: drivers, passengers, grooms, competition officials, spectators, etc., should keep safety foremost in their minds. Having the horse under control at all times is a safeguard not only for a driver and his/her passengers, but for everyone involved in the sport.

2. All officials and management should constantly be on the lookout for unsafe actions by any participant or equine or unsafe equipment. Such unsafe actions or failure to correct unsafe equipment may result in elimination or disqualification. The judge must eliminate from a class or competition, or disqualify from an event, any entry with an unsafe vehicle, unruly horse(s) or driver clearly out of control.

3. In the case of an accident, the judge or management may require a safety inspection of the vehicle and/or harness involved before allowing further use at the event.

4. It is the responsibility of each driver to ensure that harness and vehicle are in good repair and structurally sound.

5. It is the responsibility of each driver to ensure that his/her horse or horses are physically fit to fulfill the tasks required of them.

6. The driver should always be the first person to enter the vehicle and the last to leave. Passengers must never be left on the vehicle while the driver is dismounted unless the passenger has taken control of the reins.

7. It is strongly recommended that no turnout should rely solely on a groom or other attendant standing on the ground to control the horse or horses, with the exception of hitching and/or unhitching. If a driver dismounts for any reason other than to make minor adjustments to harness, vehicle, or to unhitch, the reins should be given to a driver seated on the vehicle.

8. Drivers should strive to maintain a safe distance from other vehicles during the competition and in the warm-up and parking areas.

9. All rules of the road should be observed unless uniformed officials direct otherwise.

10. The Technical Delegate should inspect any marathon, cross country course or obstacle course at a time early enough to allow any changes or alterations to conform to the rules and directives for safety and drivability. The Technical Delegate must bear in mind that alterations to any course are only in order if the plan violates a specific rule or is clearly undriveable or unsafe.

11. Equine Canada rules mandate the use of approved protective headgear. See Articles C102.10 and A905.

12. For unsafe practices or inappropriate behavior, see Article C201.4-6.

13. If a Judge is of the opinion an animal is unsound, he must notify the Technical Delegate and Management as soon as possible. A decision is to be made whether or not the animal may continue in the Event.

14. Competitors are responsible for the actions of and inappropriate behavior by their families, employees and grooms while at the event location. Any violation of event regulations or management directives by the said family members, employees or grooms may invoke penalties and/or sanctions against these individuals. (Also see Article C304).

ARTICLE C302 RESPONSIBILITY TOWARD THE HORSE

Failure to comply with the following may incur elimination or disqualification.

1. Whenever being put to or taken out of a vehicle, a horse must wear a bridle with reins attached to the bit and passed through the saddle terrets.

   Exceptions:
   a) Once a horse is fully harnessed to a vehicle, one rein at a time may be adjusted.
   b) Horses in multiple hitches must have at least one rein attached to the bit while being harnessed to a vehicle.

2. The horse must never be left unattended while put to a vehicle.

ARTICLE C303 EMERGENCIES

1. An Emergency Preparedness Plan should be adopted prior to each event for handling emergencies such as fire, accident and horse mortality. (See Article A508)

2. Plans should include the names and contacts for management, show office, officials, emergency services and an appointed coordinator. See Appendix G or Section H, Appendix J for a sample basic plan.

3. For the protection of everyone including spectators, medical assistance must be available on the grounds and ambulance service availability must be determined. Management should make the arrangements well in advance of the competition.

4. Medical assistance availability on the grounds may include any of the following:
   a) Medical Doctor on hand
   b) Professional emergency personnel.
   c) Individuals with recognized and valid First Aid training who are not competing; these individuals may act in some other capacity at the competition providing this does not inhibit their availability to all areas of the competition grounds.

5. A competition must have a qualified veterinarian present or on call.

6. It is advisable that every sanctioned competition have provisions for a farrier as required by the level of competition or these rules.

7. A meeting for personal briefing for those involved in the Emergency Preparedness Plan must be held prior to the competition or event.

8. Emergency contacts and procedures must be prominently posted or distributed.

ARTICLE C304 OPERATION OF MOTORIZED VEHICLES

1. Only those with a valid driver's license which allows them to operate a motorized vehicle in the jurisdiction in which they reside may operate a motorized vehicle of any kind (including, but not limited to, golf carts, motorcycles, scooters, or farm utility vehicles) at the event location.
Minors who have a valid temporary license or learner permit may operate motorized vehicles only when accompanied by an adult with a valid driver's license.  
**Exception:** Wheelchairs and other mobility assistance devices for individuals with disabilities.

2. People on foot and/or horses have the right of way over all motorized vehicles at the event location except in an emergency situation.

3. The parent(s) or legal guardian(s) of a minor operating a motorized vehicle in violation of this rule is solely responsible for any damages, claims, losses or actions resulting from that operation. Violations of this rule will be cause for penalties and/or sanctions against the parent(s), guardian(s) and/or trainer(s) who are responsible for the child committing the offense.

4. Penalties may include exclusion of the child, parent(s), guardian(s) and/or trainer(s) from the event location for the remainder of the event.
2. Dress for the driver should conform to the type of turnout (i.e., Formal, Park, Country, Sporting).
   a) In combined driving marathons or where it is specifically allowed in a Prize List or class description, less formal attire may be appropriate, but it should always be neat and clean.
   b) In Pleasure Driving competitions, refer to Article C904.
3. Gentlemen must wear a coat or jacket while appearing in any class unless excused from doing so by the judge and/or show management. When accepting awards, gentlemen are requested to remove their hats. Approved protective headgear with harness attached need not be removed.
4. Ladies must wear a jacket, conservative dress, tailored suit, or slacks. Floppy hats are discouraged. “Shorts” are not permitted.
5. Unless otherwise specified, the driver shall wear a hat, an apron or knee rug and gloves. There are no penalties for wearing properly fitted, approved protective headgear in any class or competition.
6. Long sleeves and brown leather gloves are suggested for all drivers and passengers in a Pleasure Driving class and in Combined Driving competitions A and C.
7. Approved protective headgear worn properly is acceptable in all classes without penalty. See Article A906.4 and C102.10.
8. Sunglasses may be worn in bright sunlight without penalty.

CHAPTER 5
GROOMS AND ATTENDANTS

ARTICLE C501 GENERAL
1. Groom requirements are listed under Article C908.1(c) for Pleasure Driving, Article C2302.2 for Driven Dressage and Article H943.2 for Combined Driving.
2. When grooms or passengers are required they must be closely available and capable of rendering assistance at all times. Failure to comply may incur elimination from a class or competition, or disqualification from an event.

ARTICLE C502 ATTIRE FOR GROOMS
1. Grooms of either gender may wear stable livery (see Article C906.2) in any but the more formal vehicles where full livery (see Article C906.3) is appropriate. Where it is specifically allowed in the Prize List, less formal attire may be appropriate, but it should always be neat and clean. In all competitions, grooms shall wear a hat or approved protective headgear.
2. Approved protective headgear worn properly is acceptable in all classes without penalty. See Article A906.4 and C102.10.
3. Sunglasses may be worn in bright sunlight without penalty.
CHAPTER 6
THE HORSE

ARTICLE C601  ELIGIBILITY OF HORSE
1. The driving horse may be of any breed, color or size so long as it is capable of performing the required gaits.
2. Horses must be serviceably sound and must not show evidence of lameness, broken wind or impairment of vision in BOTH eyes. See C202.3.
3. Stallions are prohibited in all classes restricted to Juniors and classes restricted to Maiden, Novice and Limit drivers.
4. The “competition age” of any horse will be the age reached during the current calendar year.

ARTICLE C602  CLASSIFICATION BY SIZE

ARTICLE C603  TURNOUT FOR THE HORSE
1. Braiding of the mane is optional. Any mane, tail or fetlock trimming may conform to breed standards. Tails are not braided (also see 603.3).
2. The application of supplemental hair to mane or tail is prohibited. A tail set or use of any foreign substance to induce a high tail carriage is prohibited.
3. It is prohibited to tie a tail to a vehicle or harness. Tails may be braided if the length warrants to preventing the tail from getting caught in the wheel spokes of the vehicle.
4. In Pleasure Driving Competitions refer to Article C904. In Combined Driving Competitions, in Competition A (Dressage) bandages and brushing boots are not allowed under any circumstances. Failure to comply incurs elimination.
5. See Appendix A – Turnout and Appointments for additional information on turnout for different types of vehicles.
CHAPTER 7
THE HARNESS

ARTICLE C701  DRIVER’S RESPONSIBILITY
It is the driver’s responsibility to see that the harness is in good condition, is clean and fits properly.

ARTICLE C702  STYLE OF HARNESS
1. Equine Canada recognizes specific national types of harness.
2. Bridles should fit snugly to prevent catching on the vehicle or other pieces of harness. A throatlatch and a full noseband or cavesson are mandatory. A gullet strap is encouraged. Also see C906.3(b).
3. Black harness is considered appropriate with painted vehicles, with shaft and pole trimmings done in black. It is also considered appropriate with natural wood vehicles with iron parts painted any colour except brown. Shaft and pole trimmings, dash and fenders are done in black. Brown or russet harness is considered appropriate with:
   a) Natural wood vehicles with brown or black iron; or
   b) Painted vehicles with natural wood panels with any colour iron; or
   c) Vehicles painted brown with brown iron.
   Shaft and pole trimmings should match the harness.
4. All metal furnishings should match, be secure and polished.
5. Breast collars are appropriate with lightweight vehicles. Full collars are suggested for heavy vehicles such as coaches, breaks, phaetons, dog carts, etc.
6. A correctly fitting harness saddle is important for the comfort of the horse. A wide saddle is suggested for two wheeled vehicles as more weight rests on the horse’s back. Narrower saddles are more appropriate for four wheeled vehicles.
7. The tying of tongues is prohibited.
8. The use of kicking straps is permissible in Pleasure Driving classes, but should match the harness being used.

ARTICLE C703  BITS
A bridle with reins attached to a bit is required for each horse. Bit burns, gag bits and wire bits of any type are not permitted in EQUINE CANADA driving competitions or in exercise or warm-up areas.

CHAPTER 8
THE VEHICLE

ARTICLE C801  DRIVER’S RESPONSIBILITY
It is the responsibility of the driver to see that the vehicle is in good repair and is structurally sound.

ARTICLE C802  STYLE/ELIGIBILITY
1. Drivers should strive to present an appropriate turnout. “Appropriate” indicates the balance and pleasing appearance of the combination of horse and vehicle. Factors determining the above include compatible size, type and weight of horse and vehicle. The way of going of the horse may also affect the overall appearance, i.e., a high action horse is more suitable for a formal vehicle; the low going ground covering horse presents a more pleasing appearance put to a road or country type vehicle.

GENERAL

ARTICLE C900  JUDGES AND TECHNICAL DELEGATES
At least one Pleasure Driving Judge and one Pleasure Driving Technical Delegate are required for Pleasure Shows. In addition to the duties and responsibilities specified in the General Rules and the Rules for Pleasure Driving, Pleasure Driving Judges and Technical Delegates are bound by the Rules for Competition Officials – C104, C106.2, C107.2, C110.2, C111.2, C112.2, C119.
Judges’ decisions representing their individual preference are not protestable. Inquiries concerning irregularities or incidents during the Event/Show and the outcome of pleasure classes for technical reasons may be made at any time during the competition. Objections must be made to the Technical Delegate (or Show Secretary if no Technical Delegate) no more than one hour after the posting of class results.

ARTICLE C901  NAME OF CLASS
If show management wishes to offer a class described in Equine Canada rulebook, the class must be conducted as stated. If management wishes to alter a class to fit “house rules” they must change the name of the class to avoid confusing it with EQUINE CANADA rulebook class specifications. Such classes should be clearly stated in the Prize List and must include the “house rules” and judging criteria. In any case these altered conditions should conform to the spirit and intent of Equine Canada general rules for safety, conduct and cruelty.
1. Unless otherwise specified in the Prize List, these classes shall each be classified as a fully recognized EQUINE CANADA Points Class.
2. In the interests of safety, under no circumstances may wire wheeled vehicles be permitted on cross-country or in scurry classes, unless the Steward or Technical Delegate is satisfied that the vehicle is suitable.
3. Organizers wishing to present both pleasure driving and combined driving concurrently may do so only if the disciplines are run as two separate competitions. Horses may not compete in both competitions.
4. Arena Driving and Two-Phase competitions may be presented concurrently with pleasure driving. Horses may compete in both competitions at management's discretion.

ARTICLE C902  ENTRIES
1. An entry is defined as a combination of horse(s), vehicle and driver and must be assigned a specific entry number. If a championship based on EQUINE CANADA rules is offered, a change of any part of the combination constitutes a different entry and must be assigned a separate number unless otherwise specified by the Organizer and published in the Prize List. In the event that a vehicle is disabled or judged unsafe to start or continue, management may authorize the substitution of another vehicle without issuing a new number.
2. All entries must have an entry number before entering any class. It is the driver’s responsibility to display the proper number for the turnout entering the ring or obstacle course. No award will be given to any Entry competing with an incorrect entry number.
3. An Entry may drive hors concours (H/C) in any competitions offered as part of a Pleasure Show at the discretion of the Organizer. See Article C1504.

ARTICLE C903  DIVISION OF LARGE CLASSES
1. If conditions warrant, classes may be split by the judge, in consultation with the technical delegate and management. The size of the ring and the competition level of entries should be considered when determining if a class should be split. Unless the ring is very large, classes of more than 14 entries should be split.
2. The judge and/or management have discretion as to how the division is made, keeping in mind the following, when applicable:
   - Separation of multiple and single entries;
   - Separation of horses and ponies;
   - Separation of two- and four-wheeled vehicles.
3. Management has the option to have final placings determined by working off the leaders of each section or by awarding duplicate ribbons and/or trophies for each section as if they were separate classes.

ARTICLE C904  DRIVER’S RESPONSIBILITY
1. Excessive use of the voice, shouting or whistling to the horse may be penalized at the judge’s discretion. The driver should strive to control the horse’s movements with discreet use of vocal aids.
2. The driver must be prepared to enter the ring or obstacle course area when his/her class is called. After a reasonable wait, management may announce that a 1 minute time limit will be invoked. When the appropriate time has elapsed, the gate or course will be closed and any entry not in the ring or at the course start will be excluded from the class. Management may give permission for the class to be held for an entry which requires an equipment change.
3. Prior notification must be given to the Technical Delegate of any drug administered to competing animals. All entries must give consent to having their animals tested by the Veterinarian. For information on permitted and prohibited substances, refer to the Rules of Equine Canada, Section A, General Regulations, Chapter 10, Equine Medications.
4. In the case of an accident or equipment failure which necessitates repair or readjustment all grooms or passengers carried on the vehicle must dismount the vehicle. They should not remount until the problem has been corrected or the turnout deemed fit to continue. The exception would be in the case of a minor adjustment (such as trace down) when only the necessary groom need be put down. Appropriate penalties will be assessed according to class specifications.
5. All entries are expected to conform to the spirit and intent of the Equine Canada General Rules for safety. It is the responsibility of each driver to ensure that harness and vehicle are in good repair, structurally sound, and safe for competition conditions. Turnouts without braking mechanisms (such as breeching, brakes, or tug stops with wrap girths) may be restricted from...
certain classes for safety reasons. Entries must not start any class with an unsafe turnout. The judge must eliminate an unsafe entry from any class. Repeated offenses may incur disqualification.

6. It is preferred that the driver sit on the right-hand side of the vehicle unless prevented by the construction of vehicle.

7. No change of driver is permitted except where specified in class conditions (i.e. Double Jeopardy Obstacles).

8. Drivers receiving outside assistance after the judging has begun will be penalized at the judge’s discretion unless assistance has been specifically allowed (example: assistance of groom/passenger heading a horse in a line-up or groom/navigator on Pleasure Drive).

9. While competing, outside assistance which requires elimination includes but is not limited to the following:
   a) The use of auxiliary mechanical or electronic devices other than clocks or watches (e.g. GPS devices, speedometers, heart rate monitors, etc. on the vehicle.
   b) Directing the driver in any way except as permitted by individual class rules.
   c) Anyone other than the driver handling the reins, whip, or brake.

**ARTICLE C905 VEHICLES**

1. Management may restrict combined driving marathon vehicles from participation in pleasure driving competitions.

2. Wire wheeled and pneumatic tired vehicles may be permitted only at management’s discretion and must be specified in the Prize List. **Exception:** antique vehicles with long wire spokes and hard rubber tires are allowed in all classes.

3. Management may allow the use of more than one vehicle under the same Entry number. This must be clearly explained in the Prize List.

**ARTICLE C906 TURNOUT**

It is the responsibility of the driver to see that he and all attendants, grooms, passengers and horses are appropriately attired and turned out for the class in question. See Appendix A for additional information.

1. **Attire for drivers, grooms, and passengers**
   a) **Drivers:** Dress should conform to the type of turnout (i.e. Formal, Park, Country, Sporting, Commercial). Less traditional attire (example: Combined Driving Marathon attire) may be appropriate ONLY if it is specifically allowed in the Prize List or class description, otherwise a penalty or elimination may result. Except for certain commercial turnouts:
      i) Gentlemen must wear a coat or jacket while appearing in any class unless excused from doing so by the judge and/or show management. When accepting awards, gentlemen are requested to remove their hats unless wearing approved protective headgear (see C906.4).
      ii) Ladies must wear a conservative dress, tailored suit, or slacks. Floppy hats are discouraged.
   b) **Grooms:** Grooms of either gender may wear stable livery in any but the more formal vehicles where full livery is appropriate. Where it is specifically allowed in a Prize List or class description, less formal attire may be appropriate, but it should always be neat and clean. In all competitions, grooms shall wear a hat or approved protective headgear (see C906.4).
      i) Stable Livery consists of one of the following:
         1) A conservative suit, white shirt, dark tie, derby, dark shoes and leather gloves.
         2) A conservative jacket, jodhpurs or drill trousers, jodhpur or paddock boots, white shirt, stock or four-in-hand tie, leather gloves, derby or conservative cap.
         3) Hunting attire with a hunting derby or bowler.
      ii) Full Livery consists of a close fitting body coat with buttons of yellow or white metal to match the furnishings of the harness used (if possible), white breeches, black boots with tan tops, white stock, black top hat and brown leather gloves. The color of the coat remains the owner’s preference, but preferred colors are conservative in nature and, where possible, complementary to the color of the vehicle.
   c) **Passengers:** Dress should conform to the type of turnout (i.e. Formal, Park, Country, Sporting). Less traditional attire (example: Combined Driving Marathon attire) may be appropriate ONLY if it is specifically allowed in the Omnibus / Prize List or class description, otherwise a penalty or elimination may result. Except for certain Coaching and Commercial turnouts, all passengers should wear a hat, an apron or knee rug, and gloves. Approved protective headgear (see C906.4) is acceptable without penalty.

2. **A whip** should be carried in hand at all times while driving. A driver not in compliance may be eliminated or disqualified. The thong of the whip should be long enough to reach the shoulder of the farthest horse. A driver not in compliance with the above may be penalized. A whip with its thong tied in a manner which renders it incapable of reaching the farthest horse is not allowed. Failure to comply must be severely penalized.

3. **Harness**
   a) The harness should be in good condition, clean, fit properly and be appropriate for the style of vehicle.
   b) **Bridles** should fit snugly to prevent catching on the vehicle or other pieces of harness. A throatlatch and a full noseband or cavesson are mandatory. Flash nosebands are strongly discouraged in pleasure driving classes. The use of a gullet strap is acceptable.
   c) **Black harness** is considered appropriate with:
      i) Painted vehicles
      ii) Natural wood vehicle with iron parts painted any color except brown.
      iii) Dash, fenders, shaft and pole trimmings should match the harness.

(iii) Unless otherwise specified, the driver shall wear a hat, an apron or knee rug and gloves. (See Appendix A - Turnout and Appointments)

b) **Grooms:** Grooms of either gender may wear stable livery in any but the more formal vehicles where full livery is appropriate. Where it is specifically allowed in a Prize List or class description, less formal attire may be appropriate, but it should always be neat and clean. In all competitions, grooms shall wear a hat or approved protective headgear (see C906.4).

      1) A conservative suit, white shirt, dark tie, derby, dark shoes and leather gloves.
      2) A conservative jacket, jodhpurs or drill trousers, jodhpur or paddock boots, white shirt, stock or four-in-hand tie, leather gloves, derby or conservative cap.
      3) Hunting attire with a hunting derby or bowler.
   ii) Full Livery consists of a close fitting body coat with buttons of yellow or white metal to match the furnishings of the harness used (if possible), white breeches, black boots with tan tops, white stock, black top hat and brown leather gloves. The color of the coat remains the owner’s preference, but preferred colors are conservative in nature and, where possible, complementary to the color of the vehicle.
   c) **Passengers:** Dress should conform to the type of turnout (i.e. Formal, Park, Country, Sporting). Less traditional attire (example: Combined Driving Marathon attire) may be appropriate ONLY if it is specifically allowed in the Omnibus / Prize List or class description, otherwise a penalty or elimination may result. Except for certain Coaching and Commercial turnouts, all passengers should wear a hat, an apron or knee rug, and gloves. Approved protective headgear (see C906.4) is acceptable without penalty.

2. **A whip** should be carried in hand at all times while driving. A driver not in compliance may be eliminated or disqualified. The thong of the whip should be long enough to reach the shoulder of the farthest horse. A driver not in compliance with the above may be penalized. A whip with its thong tied in a manner which renders it incapable of reaching the farthest horse is not allowed. Failure to comply must be severely penalized.

3. **Harness**
   a) The harness should be in good condition, clean, fit properly and be appropriate for the style of vehicle.

      i) Painted vehicles
      ii) Natural wood vehicle with iron parts painted any color except brown.
      iii) Dash, fenders, shaft and pole trimmings should match the harness.
Retire - An entry not wishing to continue in any class for any reason may ask a judge for permission to retire.
   a) A retired entry is not eligible for an award in the class from which it has retired; however, the entry remains eligible to compete in the remaining classes of the show.

Withdraw - An entry not wishing to continue competing for any reason may withdraw from the show.
   a) A withdrawn entry is not eligible to compete in the remaining competitions of the show.

ARTICLE C908  GROOM/PASSNESSER

1. Minimum requirements
   a) Four-in-hand and unicorn turnouts (except VSE): two grooms or passengers capable of rendering assistance at all times.
   b) Pairs, Tandems, VSE four-in-hand and unicorn turnouts: one groom or passenger capable of rendering assistance at all times.
   c) Single horse and pony turnouts: A groom/passenger is optional.
   Failure to comply may incur elimination or disqualification.

2. Passengers must be appropriately dressed and must wear a hat (see Article C405) or approved protective headgear.

3. Grooms or passengers are not allowed to leave their respective positions on the vehicle while it is in motion or attempt to correct a problem without first being put down. Failure to comply will incur elimination.

Exceptions: grooms dismounting to head the horses immediately prior to a halt or shifting weight to add balance to prevent an accident is permissible. Minor adjustments to harness may be made upon permission from the judge. A groom/passenger riding on the vehicle may be put down to assist with the adjustment without penalty except in dressage and obstacle classes. (See Articles C1511.5 & C1514.4)

4. After judging begins, no attendant may enter the arena without the permission of the judge except in the case of accident or to prevent an accident.

5. Leading a turnout into the ring or obstacle course start is considered outside assistance and is not permitted.

6. Grooms may not stand behind the driver. If the vehicle does not permit the groom to sit behind the driver, permission must be obtained to allow the groom to sit beside the driver in obstacle classes. In Pleasure Driving ring classes, a groom/passenger may sit beside the driver.

7. When a groom or passenger is put down to head the horse or horses during a line-up, he or she must remount when the driver moves off. This includes individual tests. Failure to comply shall be penalized. Exception: When receiving awards.

8. A knowledgeable adult horseman, capable of rendering assistance in an emergency, must accompany Junior A and B drivers. (See Article C102.6).
CHAPTER 10
CLARIFICATION OF GAITS

ARTICLE C1001 DESCRIPTION OF GAITS

The following descriptions constitute Equine Canada approved standard for performance of each of the required gaits in a pleasure driving competition. Cantering and galloping are not allowed unless clearly stated in the Prize List. Management is strongly encouraged not to allow cantering or galloping in any class unless it is held in a securely enclosed area.

1. WALK – A free, regular and unconstrained walk of moderate extension is ideal. The horses should walk energetically, but calmly, with even and determined pace. The walk is a four-beat gait. A free, regular and unconstrained walk of moderate extension is ideal. The horses should walk energetically, but calmly, with even and determined pace. The walk is a four-beat gait.

2. TROT – The trot is a two beat diagonal gait.
   a) SLOW TROT: The horse should maintain forward impulsion while showing submission to the bit. The trot is slower and more collected, but not to the degree required in the dressage collected trot. However, the horse should indicate willingness to be driven on the bit while maintaining a steady cadence.
   b) WORKING TROT: This is the pace between the strong and the slow trot and more round than the strong trot. The horses go forward freely and straight; engaging the hind legs with good hock action; on a taut, but light, rein; the position being balanced and unconstrained. The steps should be as even as possible. The hind feet touch the ground in the foot prints of the fore feet. The degree of energy and impulsion displayed at the working trot denotes clearly the degree of suppleness and balance of the horses.
   c) STRONG TROT: This is a clear, but not excessive, increase in pace and lengthening of stride while remaining well balanced and showing appropriate lateral flexion on turns. Light contact to be maintained. Excessive speed will be penalized.

3. HALT: Horses and vehicle should be brought to a complete square stop without abruptness or veering. At the halt, horses should stand attentive, motionless and straight with the weight evenly distributed over all four legs and be ready to move off at the slightest indication from the driver.

4. REIN BACK: Rein back is defined as a backward movement in which the legs are raised and set down simultaneously in diagonal pairs with the hind legs remaining well in line. To be performed in two parts:
   a) The horse must move backward at least four steps in an unhurried manner with head flexed and straight, pushing the vehicle back evenly in a straight line. The driver should use quiet aids and light contact.
   b) Move forward willingly to former position using the same quiet aids.
   c) Road coaches and Park Drags are not to be asked to back up in the show ring.

5. WORKING CANTER – A forward, active pace with regular steps of three-time pace, the horse showing good balance, remaining on the bit without leaning on the hand and going forward with light cadenced steps and good hock action. A canter to the right, for instance will have the footfalls follow one another in the following sequence: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four feet off the ground before the next stride begins.

6. GALLOP – A four-beat gait, faster than a canter.

7. STIDE – A stride is defined as the cycle of movements that is completed when the horse’s legs regain their initial positions. Length of stride refers to the amount of ground covered by an entire sequence.

8. INTERMEDIATE GATE – Breed specific gaits will be used in Divisions for non-trotting breeds.

9. In pleasure classes for mules and donkeys, the gaits are walk, slow trot, and working trot.

10. In Pleasure classes for Draft Equines, gaits may be limited to walk, slow trot, and working trot.

11. PARK CLASS GAITS – To be called for only in Park classes. See Article C1203.6.

ability and skill of the driver’s execution of a self-designed driving test.
2. Eight required elements must be executed. The first element: enter/halt/salute to be followed by these elements driven in any order.
   Walk                           Working trot     Slow trot
   Strong trot  Halt (stand quietly)  Reinback
   The final element, indicating the completion of the test: halt/salute/leave test
area at a working trot. If an element is driven more than once, only the first
occurrence will receive a score.
3. The suggested time limit is three minutes. Entries must complete the test
within the time limit. Time begins at the signal from the judge after the entry
has entered the test area. If the entry exceeds the time limit, no signal will
be given until 30 seconds after the time limit at which time the entry will
immediately leave the test area
4. Management must publish in the Prize List a description of the competition
area including approximate dimensions.

5. Prior to the start of the show, entries must submit to the Organizer a clearly
composed, legible description and diagram of their test on the Freestyle
Reinsmanship Form.
6. Music may be allowed at management’s discretion.
7. Overall impression will decide ties.
8. Scoring: half-points may be used for scoring all elements.
   Handling of reins and whip, control, posture, 8 elements
   Overall impression of the driver ........................................maximum 10 points each.
   Best possible total score is 90 points.
9. Penalties:
   Failure to perform any element...........................................0 points
   Exceeding the time limit ................................................5-point deduction
CHAPTER 13
CLASS SPECIFICATIONS
COMBINATION CLASSES

ARTICLE C1301 INTRODUCTION
In combination classes the driver is asked to drive for a portion of the class and then to ride for the remainder of the class.

2. Up to 2 grooms or attendants may assist with unharnessing and saddling.
3. A bridle with reins attached and passed through the saddle terrets must be in place and in the hands of a competent person whenever a horse is put to a vehicle. Failure to comply will incur elimination. (See Article C302.1).
4. The judge may not request entries to be reharnessed after performing under saddle.
5. The judge may allow vehicles to remain in the arena or request that they be removed. If vehicles are removed, additional attendants may enter the arena to assist. If allowed to remain in the arena, a groom is permitted to attend the vehicle and wheel horse in a sporting tandem class.
6. Where approved protective headgear is required, it is the responsibility of the competitor (or Parent or Guardian in the case of a junior competitor) to see that the headgear complies with the current headgear standards and is properly fitted and in good condition.
7. In combination hunter and sporting tandem classes, jumps must be adjusted for horses and ponies, regardless of whether they are competing separately or one against the other. Ponies jump 2'- 2'6'' (.609m-.762m) and horses 2'6"-3' (.762m-.914m). (See Article C602.)
8. Riders must be provided a practice jump prior to any class in which jumping is required. A diagram of the course must be posted at least one hour before class time.

CHAPTER 14
SPECIALTY CLASSES

ARTICLE C1401 CONCOURS D’ELEGANCE
1. The class may be judged:
   a) As a separate class.
   b) In conjunction with a specific class or classes as designated by the organizer.
   c) By overall impression throughout the competition. Whichever method is to be used, it must be clearly explained in the Prize List.
2. The entry fee for the class remains the option of the management, however, if the class is judged on an overall impression throughout the competition, it is recommended that no entry fee be charged and all participants be eligible.
3. Management may invite a local dignitary or celebrity to act as an honorary judge, and an EQUINE CANADA recognized driving judge may also be in the ring.
4. The essence of the competition is the word “Elegance”. The winner will be the turnout which, in the opinion of the judge, presents the most elegant effect. This will include vehicle, harness, appointments, horses, driver, passengers, grooms, etc., but above all, general impression is most important. Vehicle and harness may be inspected to ensure thoughtful restoration and careful maintenance.
5. Attention will be paid to the personal appearance of the driver, grooms, and passengers as it contributes to the overall picture. Period costumes are definitely prohibited, unless otherwise stated in the Prize List. Performance will not be judged unless it detracts from the elegance of the turnout.

ARTICLE C1402 CARRIAGE DOG CLASS
1. Judged primarily on the suitability of the dog to serve as a companion (maximum of one dog per vehicle). To be judged both ways in the arena at a walk, slow trot and working trot.
   a) The dog should be standing, lying down or seated on the vehicle or should run behind, beside or at the axle of the vehicle.
   b) The dog must be under control at all times.
   c) The dog must not be led on the ground from the vehicle or be restrained by being tied to the vehicle, driver or passenger.
   d) The driver should not hold the dog, and the dog should not interfere with the driver in any way.
2. The dog may be of any breed.
3. To be judged:
   60% on the suitability of the dog to serve as a companion
   30% on the performance, manners and way of going of the horse(s)
   10% on the overall impression of the turnout, including the dog.
   Entries with a dog clearly not under control may be eliminated.
4. As a variation, the spectators, in the form of applause, may judge this class. The judge would stand behind each entry and raise a hand, asking the spectators to respond. If this method of judging is to be used, it must be so stated in the Prize List.

ARTICLE: C1403 GENTLEMEN’S DRIVING CLASS
1. Entries are judged primarily on the suitability of the turnout for a gentleman, with emphasis on manners.
2. To be shown both ways of the arena at a walk, slow trot, working trot and strong trot. May show a degree of boldness but not excessive speed.
3. Must back without resistances and must stand still at any location in the arena.
4. To be judged:
   • 50% on manners and suitability of the turnout for a gentleman,
   • 25% on skill of the driver,
   • 25% on Overall Impression.

ARTICLE: C1404 LADIES’ DRIVING CLASS
1. Entries are judged primarily on the suitability of the turnout for a lady, with emphasis on manners.
2. To be shown both ways of the arena at a walk, slow trot, working trot, and strong trot.
3. Must rein back without resistance and must stand quietly at any location in the arena.
4. To be judged:
   • 50% on manners, elegance and suitability of the turnout for a lady,
   • 25% on skill of the driver,
   • 25% on Overall Impression.
ARTICLE C1501 ATTIRE
1. Drivers should dress appropriately when competing in any pleasure driving class, including obstacles. This should be recommended show attire unless otherwise specified in the Prize List or by a judge at the show. (See Article C405.)

ARTICLE C1502 PARTICIPATION
1. A horse may not be entered more than once in the same obstacle class, except as part of a multiple.
2. A groom/passenger may compete as a driver on the same course.
3. No one may stand behind the driver unless the vehicle does not allow seating beside or behind the driver.
4. For hors concours (H/C) entries, see article C1504.3

ARTICLE C1503 COURSE WALK
1. Drivers must be allowed time to walk the course prior to the start of a class and to inspect each obstacle.
2. While walking the course, drivers shall not alter, adjust or in any way move an obstacle, or any part thereof. Should a competitor have any question regarding a specific obstacle, he/she should call it to the attention of the technical delegate for clarification and/or adjustment.

ARTICLE C1504 SCHOOLING, HORSE CONCOURS (H/C)
1. A practice obstacle must be provided for use in a specified area. Times for the use of the area may be controlled by management.
2. Unless expressly permitted by the Organizer, driving, leading, or riding horses or from permitting the horses to be driven, led, or ridden on any course used for competition at any time prior or after to that competition is prohibited. Failure to comply incurs elimination.
3. Within any Division, hors concours (H/C) entries may be allowed at the discretion of the Organizer as published in the Prize List. These entries are not eligible for competition and will receive no score or placing in any class. At the discretion of the organizer, a horse and/or driver may drive as an H/C entry on the same courses used in competition after they have competed on those courses.

ARTICLE C1505 THE COURSE
1. The course may consist of Start and Finish markers, decorative materials and drivable obstacles consisting of a number markers and paired cones or other materials such as rails, fence panels, barrels, etc. Cone pairs may be numbered with markers placed on the cones themselves.
2. Unless otherwise specified in class rules, each obstacle must be numbered consecutively and marked with red on the right, white on the left (Exceptions: Scurry, Pick Your Route and Gambler’s Choice classes). In Reverse Psychology, Double Jeopardy classes, a different colored set of numbers may be placed to indicate the required “reverse” course. Any obstacle that cannot be clearly marked, for example, a figure eight or an obstacle that requires a back-up must have a clearly drawn pattern explaining the correct entrance, exit and required path on the course diagram. Within courses that consist of numbered obstacles, it is suggested that the number of an obstacle should be visible from the obstacle before it; i.e. #3 visible from #2; #4 from #3, etc. Only in Gambler’s Choice classes are point values displayed.
3. Obstacles requiring halt or backup are not permitted except in a Gambler’s Choice class.
4. Unless otherwise specified in class rules, if an entry disturbs any part of an obstacle out of its driving sequence or if any obstacle or start or finish line is driven in reverse direction, out of sequence, or driven twice, the obstacle or start or finish line will be considered driven incorrectly and be scored under the rules for each specific class.
5. When a disturbance or dislodgement occurs at a complicated obstacle (figure of eight, U-turn, L-turn, etc.), the intended pattern must be completed as closely as the disturbance or dislodgement will allow or the obstacle will be considered driven incorrectly and scored under the rules for each specific class.
6. A course diagram and applicable time allowed must be posted at least two hours before the start of the class.
7. Start and Finish lines for all obstacle courses should be a minimum of 3 metres wide.

ARTICLE C1506 WIDTH OF-obstacles
1. The track width is measured at ground level on the widest track width of the vehicle. An allowance may be added for multiple horses that are wider than the wheel width of the vehicle.
2. a) Suggested obstacle clearances:
   Classes emphasizing precision ...........8-10".......20-25 cm
   Classes emphasizing speed 12-16" ....30-40 cm
   4-in-hand Classes ..........................16-20":....40-50 cm
b) Junior, Maiden, Novice and Limit classes may benefit from wider clearances.
c) For classes that emphasize speed, it may suit local conditions to use one wide clearance for all entries, such as 80 inches (200 cm).
3. Following are minimum clearances for multiple obstacles:
   L-shaped Obstacle ..........................12 ft (4 m)
   U-shaped Obstacle ..........................12 ft (4 m) in & 16.5 ft (5 m) out
4. The metric conversion chart and the end of this publication is a guide for the use of management and/or course designer. Either system of measuring can be used depending on the equipment available and event tradition.

Page 56 2016 Rules of Equine Canada, Section C
ARTICLE C1507 MEASUREMENT OF OBSTACLES
1. For "Traffic Cones", adjustment is made as follows:
   a) The tread width of each vehicle should be taken at the ground on the widest pair of wheels. The allowance is added and the cones aligned and adjusted from corner to corner. (See Illustration below). This allows the greatest distance between the corner of the base and the upright portion of the cone. The taper of the cone provides clearance for normal hubs or whiffle trees or splinter bars.
   b) If a whiffle tree or splinter bar proves to be too wide for this arrangement, the cones may be adjusted using the whiffle tree’s measurement plus the appropriate allowance, measured at a height on the cone at the same height that the whiffle tree is above the ground. (See Illustration of Cones.)

2. On markers with perpendicular sides, adjustment for the widest part of the vehicle at the highest part of the marker may be made.
3. Care should be taken when numbers are placed to ensure that the numbers do not protrude inside the markers where they might be hit without hitting the obstacle itself. (See Article C1505.2.)
4. It is the responsibility of the Technical Delegate to ensure that each set of markers is properly adjusted.

ARTICLE C1508 TIME ALLOWED
1. All obstacle courses should be accurately measured with a measuring wheel, if possible, or tape line.
2. The time allowed is calculated by dividing the course measurement by the set speed for each class. Be sure to use a drivable line from obstacle to obstacle when measuring the course length.
3. Suggested Speeds:

<table>

<tr>
<th>Class</th>
<th>VSE (Singles/pairs)</th>
<th>Singles/Pairs (Horse &amp; Pony)</th>
<th>Tandem/4 Horses</th>
<th>Tandem/4 Pony</th>
<th>Tandem/4 VSE</th>

<td>590 fpm</td>
<td>725 fpm</td>
<td>650 fpm</td>
<td>620 fpm</td>
<td>560 fpm</td>
</tr>
</tbody>
</table>

4. Time Limits are twice the Time Allowed.
5. Any obstacle class in which placings are decided using a total time, does not require calculating a “time allowed”. A time limit may be set at management’s discretion, allowing a reasonably easy speed required to complete the course, keeping in mind the tightness of turns and limitations of the arena.

ARTICLE C1509 TIMING
1. Timing with Stopwatches - Time is taken from the moment the first horse’s nose crosses the starting line until the first horse’s nose crosses the finish line.
High-point basis – For classes determined on a high-point basis, the competitor with the fastest time will be placed ahead of the competitor with a slower time.

In either case, if ties still remain, ties may remain or be resolved by the flip of a coin or a drive-off at the discretion of the judge in consultation with the organizer.

2. If two entries under the same ownership are tied, the owner may designate the order of finish.

3. Any competitor who advises the judge that he/she will not participate in a drive-off shall be placed last of the competitors in that drive-off. Should more than one of the tied competitors elect not to participate, all those not participating shall remain tied among themselves. Should there be only one remaining competitor, he/she is required to attempt at least the first obstacle in order to be placed first in the drive-off.

4. Except in the Fault-and-Out class, when two or more competitors incur elimination during a drive-off, they remain tied regardless of the cause of elimination or point at which it occurred. A competitor who voluntarily withdraws must always be placed after a competitor who has been eliminated in the same drive-off.

ARTICLE C1510 DISOBEDIENCE
Disobediences are penalized as stated in the individual class specifications. They are defined as follows:

1. A run-out is defined as evading an obstacle to be driven or the finish line.
2. A refusal is defined as stopping and stepping back or sideways before an obstacle.
   a) Stopping in front of an obstacle without dislodging it and without backing up followed immediately by driving cleanly through is not penalized.
   b) If the halt is prolonged or if the horse backs even a single step voluntarily or not, a refusal is incurred.
   c) If in the commission of the refusal any part of an obstacle is disturbed and class specifications require repair or resetting, the procedure outlined in Article C1509.3 will apply.

ARTICLE C1511 OFF-COURSE
1. Unless otherwise specified in individual class rules, a driver is off-course when driving an obstacle in the incorrect sequence or direction or when failing to drive a required obstacle.
2. For a Start or Finish line or an obstacle to be completed, the entire turnout (all horses and all wheels of the vehicle) must pass through the obstacle or the start/finish markers.
3. Straddling an obstacle marker, regardless of an actual disturbance, will be scored as a dislodgment.
4. Straddling a Start or Finish marker will be considered off course.

ARTICLE C1512 TIES IN PLACING
1. Unless otherwise specified in individual class rules:
   a) Low total time basis - For classes determined on a low total time basis, the competitor with the lowest course fault total will be placed ahead of competitors with higher course fault totals.
   b) Low fault basis - For classes determined on a low fault basis, the competitor with the fastest time will be placed ahead of the competitors with a slower time.

2. Timing with Electronic Timers - Time is taken from the moment the photo cell beam is broken (by the first part of the turnout to reach the starting line) until the beam is broken at the finish.

3. Timing of Stop - If it becomes necessary to stop a competitor for any reason (marker blown over, unauthorized animal on course, etc.) a signal will be given and time stopped. The driver will be allowed to go back far enough to regain momentum and wait. A signal will be given when the driver must resume the course. The timing watch will be restarted when the competitor reaches the point at which time was stopped.

4. Signals from the judge to the driver should be audible signals such as a whistle, horn or bell.

5. Course time must be recorded manually or electronically to the hundredths of a second.
k) Breakage of harness or vehicle..................................................Elimination
l) Entries that overturn.................................................................Elimination
m) Failure of entire entry to pass through start or finish markers......................................Elimination

Upon completion of the course, the driver must pass through the Finish markers from any direction, where time will be taken.
3. Refusals and run-outs will not be penalized.
4. Course faults will be scored as penalty seconds and added to the driver’s elapsed time. Placings will be determined on a low total time basis. Ties for first place will be broken by a drive-off unless otherwise stated in the Prize List.
5. Ties for first place will be broken by a drive-off unless otherwise stated in the Prize List. (See Article C1512 – Ties in Placing).

5. Entries may be stopped by a signal from the judge before driving through the designated Start markers for the reverse course to allow dislodged/disturbed obstacles to be rebuilt. See Article C1509.3.

B. Town and Country Obstacles
1. Same rules as Time Obstacles (Article C1513) with the following Exceptions:
   a) Obstacles are set at 2 meters (80 inches) for all competitors.
   b) At least 30% of the obstacles must not be a pair of cones, but instead an obstacle that could be encountered while out driving through town or country (mailbox and cone; trash barrel and cone; flagpole and cone; fence section and cone; bridge; poles set like guardrails; woodpiles; artificial animals. (These should be set at a distance from a pair of cones to avoid frightening animals).

C. Double Jeopardy Obstacles
1. To be driven over a prescribed course of obstacles (paired markers) by an entry with two drivers. From 8-10 obstacles are recommended as a course length, but the number may be adjusted to be proportionate to the dimensions of the driving area.
2. After passing through the Start markers, the first driver shall proceed through each obstacle and through the designated Finish markers for the first course, and come to a halt. The time is stopped until the second driver takes the reins and whip. Only after there is complete control of the reins and whip may the second driver proceed. Beginning with the designated Start markers, the time is continued for the reverse course, continuing through the obstacles in reverse order and in the reverse direction and through the designated Finish markers for the reverse course. It is recommended that a different colored set of numbers be placed to indicate the required “reverse” course.
3. Failure to come to a halt before the exchange of reins and whip will incur elimination.
4. Course faults are as listed in Article C1513.4. Course faults are scored as penalty seconds and are added to the driver’s elapsed time. Placings are determined on a low total time basis. See C1512 for ties.
5. Entries may be stopped by a signal from the judge after completing the designated Start markers for the reverse course to allow dislodged/disturbed obstacles to be rebuilt. See Article C1509.3.

D. Reverse Psychology Obstacles
1. To be driven over a prescribed course of obstacles (paired markers). From 8-10 obstacles are recommended as a course length, but the number may be adjusted to be proportionate to the dimensions of the driving area.
2. After passing through the Start markers, all the obstacles shall be driven in the correct sequence. After completing the highest-numbered obstacle, the driver will then turn and drive that obstacle in the reverse direction and continue to drive all the remaining obstacles in reverse order and in the reverse direction and through the Finish markers where timing will stop.
3. Course faults are as listed in Article C1514.C. Course faults are scored as penalty seconds and are added to the driver’s elapsed time. Placings are determined on a low total time basis. See C1512 for ties.
4. Entries may be stopped by a signal from the judge after completing the highest-numbered obstacle to allow dislodged/disturbed obstacles to be rebuilt. See Article C1509.3.

E. Pick Your Route Obstacles
1. To be driven over a course of obstacles (paired markers) with no set route. The number of obstacles to be proportionate to the dimensions of the driving area. Not to exceed 20 obstacles.
2. Typically obstacles in this type of class are not measured for each entry, but are set at 200 cm or 80 inches at the start of the competition, and only reset in the event of a knockdown.
3. After passing through the Starting markers, the driver shall proceed through each obstacle to the designated Finish markers, choosing his/her own route.
route. Each obstacle and the start and finish lines to be negotiated once and only once, but may be driven in either direction.

4. Course faults are scored as penalty seconds and are added to the driver’s elapsed time. Placings are determined on a low total time basis. See C1512 for ties.

   o) Passing through Start or Finish marker more than once .......Elimination
   p) Off course......................................................................Elimination

6. For the purposes of scoring, a disobedience (refer to Article C1002) is considered a dislodgement of the attempted obstacle.
7. Going off course or dislodging a Start marker will incur elimination. Passing through the Start markers more than one time is not considered “off course”.

ARTICLE C1515 HIGH POINT COMPETITIONS
A. Fault and Out Obstacles
   1. A timed course of numbered obstacles to be driven at the trot. The number of obstacles to be proportionate to the dimensions of the driving area and not to exceed 10 obstacles.
   2. After passing through the Start markers, the driver shall proceed through each consecutively numbered obstacle, in order, until the allowed time expires or an obstacle is dislodged or disobedience occurs.
   3. If all the obstacles are driven cleanly before the allowed time expires, the driver will begin the course again starting with Obstacle #1 without having to pass through the Start markers.
   4. Two points will be scored for each obstacle cleared before the time allowed expires, a disobedience occurs or an obstacle is dislodged.
   5. When the allowed time expires, a disobedience occurs or an obstacle is dislodged, a signal will be given. The driver shall then proceed through the next consecutively numbered obstacle. The time will be taken when the rear axle clears this obstacle. If that obstacle is cleared, on point is scored. If it is dislodged, no points for that dislodged obstacle are scored, but the time is still taken.
   6. For the purposes of scoring, a disobedience (refer to Article C1002) is considered a dislodgement of the attempted obstacle.
   7. Going off course or dislodging a Start marker will incur elimination. Passing through the Start markers more than one time is not considered “off course”.

2016 Rules of Equine Canada, Section C
8. The score of a driver who fails to drive the next consecutively numbered obstacle after the whistle is blown shall count, up to the point where the signal is given, but the competitor must be placed after those with an equal score and time.

9. Placings will be determined by the greatest number of points. Time will decide ties. If a tie remains with equal points and time, the winner will be decided by a drive-off.

10. Penalties:
   a) Dislodging start or finish marker ........................................ Elimination
   b) Break in gait (See Article C1512) ........................................ Elimination
   c) Disobedience and/or groom dismounting .......................... Elimination

B. Progressive Obstacles

1. To be driven at the trot over a course of six numbered obstacles which will be adjusted to the following clearances: #1 - 20" (50 cm), #2 - 16" (40 cm), #3 - 12" (30 cm), #4 - 8" (20 cm), #5 - 4" (10 cm), #6 - 2" (5 cm).

2. After passing the starting line, the entry will proceed through each obstacle, in order, until finishing the course or dislodging an obstacle.

3. Scoring:
   a) Time to be recorded when the rear axle clears the last obstacle. Points accumulated to that point count.
   b) Time to be recorded when an obstacle is dislodged. Points accumulated to that point count.
   c) For a disobedience or for going off course, points accumulated to that point count, however, no time will be recorded.
   d) Two points given for each set of cones cleared. No points given for dislodged obstacle.
   e) Placings determined on a high point basis. See C1512 for ties.
   f) Entries with accumulated points and no recorded time are placed after those with equal points and recorded times.

C. Gambler's Choice Obstacles

1. To be driven over a course of unnumbered obstacles each carrying a specific point value.

2. Each driver has the same allowed time to negotiate as many obstacles as possible. Each obstacle is assigned a point value according to its degree of difficulty and each driver tries to amass as high a score as possible within the time allowed.

3. After passing through the Start markers, the driver may drive through the obstacles, in any order, from any direction. Each obstacle may be driven twice, but not in succession. If driven a third time, no points will be awarded.

4. No obstacle may be driven a second time once it has been disturbed. (Exception: obstacles which are designed to be knocked down.)

5. No points will be awarded for an incorrectly completed obstacle. If the obstacle is incorrectly driven but not disturbed, it may be attempted again.

6. If a horse should refuse or run out at an obstacle without disturbing it, the driver may elect not to attempt it and may drive to another obstacle without penalty. The obstacle may be attempted later. If it is correctly driven, the appropriate points will be recorded.

7. A signal will sound at the end of the allowed time or when a break to a canter occurs and the driver must then exit through the Finish markers when the total time on the course will be recorded. (See Article C1002).

8. If the signal sounds when the competitor is committed to an obstacle, the competitor may complete the obstacle and receive the appropriate points, then proceed through the finish markers for total time to be recorded. Whether or not the competitor was committed to the last obstacle at the signal will be left to the discretion of the judge.

9. Placings are determined on a high score basis. Time will decide ties. If a tie occurs in both points and time, the winner will be decided by a drive off.

10. Dislodging a start or finish marker will incur a penalty of 5% of the total points accumulated by the entry.

11. Break to canter will be penalized as follows (incident penalties are cumulative):
    1st incident = 5% of total points accumulated
    2nd incident = an additional 5% of total points accumulated
    3rd incident = an additional 5% of total points accumulated
    4th incident = elimination

12. Penalties:
   a) Knocking over start or finish marker ........................................ Elimination
   b) Break in gait (See Article C1512) ........................................ Elimination
   c) Starting before signal ...................................................... Elimination

ARTICLE C1516  FAULT COMPETITIONS

A. Cross Country Obstacles
1. To be driven over a prescribed course of natural and artificial obstacles designed to simulate those that might be encountered on a country drive (i.e., bridges, water, log pile, farm animal pens, etc.). Obstacles should be designed to be easily driven and are not to simulate Combined Driving Obstacles. Obstacles must be clearly numbered.

2. The suggested length of course is approximately 1 kilometer or .6 miles. Should the course design not allow judges to be able to see the entire course while judging, organizers may position spotters to observe and record course violations to be submitted to an event official for final scoring and spotters will also serve as observers for safety during this class. Spotters should be able to communicate with an event official during the class.

3. After passing through the Start markers, the driver shall proceed through each obstacle, in order, keeping within the limits of the designated course markers and passing through the designated Finish markers.
   a) Placings will be determined on a low fault basis (i.e. those with fewer faults finish ahead of those with more faults).
   b) Course faults and one fault for each commenced second over the Time Allowed are added together for a total score.
   c) The Time Allowed is to be calculated as per Article C1508
   d) Time will decide ties for those with equal fault totals.

4. Penalties
   a) Exceeding time allowed per commenced second .......................1 fault
   b) Knocking down or dislodging obstacle or course marker........4 faults
   c) Break in gait to canter:

      3rd break to canter ..........................................................5 faults
      4th break to canter ..........................................................Elimination
      Prolonged canter ..........................................................Elimination
   d) Disobedience or groom(s) dismounting anywhere on course (cumulative over course)
      1st incident .................................................................3 faults
      2nd incident .................................................................6 faults
      3rd incident ....................................................................Elimination
   e) Starting before signal ......................................................Elimination

   k) Failure to carry whip (Article C402) ....................................Elimination
   l) Use of a tie-down or overcheck ........................................Elimination
   m) Breakage of harness or vehicle ......................................Elimination

B. Fault Obstacle
1. To be driven over a prescribed course of numbered obstacles. The number of obstacles to be proportionate to the dimensions of the driving area. Not to exceed 20 obstacles.

2. As this class should be considered a test of precision driving, it is suggested that the obstacles be set at minimum allowances if the level of competition warrants.

3. After passing through the start line, the driver shall proceed through each obstacle in order and through the finish line.

4. Placings will be determined on a low fault basis (i.e. Those with fewer faults finish ahead of those with more faults).
   a) Course faults and one fault for each commenced second over the Time Allowed are added together for a total score.
   b) The Time Allowed is to be calculated as per Article C1508
   c) Time will decide ties for those with equal fault totals.

5. Penalties are described in Article C1516A.5.

CHAPTER 16
CLASS SPECIFICATIONS FOR
PLEASURE DRIVES
(SECTION 1 – GENERAL RULES)

ARTICLE C1601 GENERAL
1. In any pleasure drive, all horse classes should start first followed by all pony classes.
2. On the course, repairs to the vehicle or harness may be made only by personnel actually riding on the vehicle. Outside assistance will incur elimination.
3. It is recommended that competitors be excused after completing the pleasure drive course and those awards be presented later in the show.
4. Dress should conform to Article C405 – Dress of Driver and Passengers and C906 - Turnout unless otherwise specified in the Prize List.
5. All rules of the road should be observed unless designated officials direct otherwise.

ARTICLE C1602 COURSE
1. Pleasure drive courses must be carefully measured and the times accurately calculated.
2. All start and finish lines on the course must be clearly marked.
3. An accurate map indicating all pertinent course markings and directional changes and a listing of times allowed for each section must be made available to drivers prior to the opening of the course for inspection. A map and order of starting should be posted at least two hours before the start of the class.
4. Management has the choice of opening the course for inspection or running the pleasure drive “blind” (without course inspections). The option chosen must be clearly stated in the Prize List. If inspections are to be allowed, the times when the course will be open for inspection must be stated in the Prize List. No change in any part of a pleasure drive (course or time allowed) may be made after the posted inspection time without notifying every competitor.
5. It is recommended that Pleasure Drive course over 6 miles or 10 kilometers include a 5 to 10 minute rest stop.
6. A briefing meeting prior to the start is helpful to clarify any local conditions that might affect the competitor’s performance.

ARTICLE C1603 TIMING
1. The timing method must be clearly explained in the Prize List.
2. The course designer should take into consideration the terrain and road and path surfaces when calculating times allowed. It is the responsibility of the technical delegate to make adjustments when weather conditions dictate.
3. Suggested speeds are 8.7 mph (14 kph) for horses, 7.5 mph (12 kph) for Large ponies, 6.8 mph (11 kph) for Small ponies, and 5.6 mph (9 kph) for VSEs.

ARTICLE C1604 OBSERVERS ON COURSE
1. The judge may, at his/her discretion, appoint assistants to be placed at strategic spots on the pleasure drive to officially observe and mark traffic or other course violations. Each observer’s marked card must be submitted to the judge for final scoring.
2. In a walk section, official observers should be placed where the entire section may be easily seen in order to score breaks. It is recommended that there be a minimum of one observer for each 100 yard (91.44 m) increment. Each observer must submit a marked card for his/her assigned area recording the number of breaks of gait for each competitor.

ARTICLE C1605 SPARES AND APPOINTMENTS
1. Spares must be carried on each vehicle during a pleasure drive. They are as follows:
   - Wheel wrench to fit axle nuts
   - Knife
   - Length of rawhide, string or wire
   - Leather punch
   - Rein splice or spare rein
   - Pliers
   - Cooler or Quartersheet per horse
   - Small hammer
   - Trace splice or spare trace
   - Hoofpick
   - Halter and lead shank per horse
   - Screwdriver
   - Hames strap (if appropriate)
2. One omission point will be assessed for each item omitted. Complete omission of spares will receive 20 penalty points. Spares must be checked prior to the start of the pleasure drive. To ensure that each vehicle actually carries the required spares, provision for random recheck at either the rest stop or immediately following the drive may be made (if explained in the Prize List).

ARTICLE C1606 PLEASURE DRIVE PARTICIPATION
1. If scheduling permits, and except for courses that are to be driven without prior inspection:
   a) A driver may compete more than once in a pleasure drive class.
   b) A groom/passenger with one entry may compete as a driver with another entry.
   c) A driver with one entry may compete as a groom/passenger with another entry.
2. Horses may not compete in more than one Pleasure Drive per competition day unless appropriate conditions exist and approval for all horses to do so is given by the Technical Delegate.
3. Grooms may not sit beside the driver. If the vehicle does not permit the groom to sit beside the driver, permission must be obtained to allow the groom to sit beside the driver.

(SECTION 2 – CLASS CONDITIONS)

ARTICLE C1608 PLEASURE DRIVE - TURNOUT

Purpose: To give drivers the opportunity to turn out in their finest while competing in a pleasure drive.

1. Preliminary Judging: At the beginning of the class, drivers will be observed by the judge in a ring at a walk, slow trot, working trot and strong trot. Horses will be asked to halt and rein back. At the judge’s discretion, entries need only work one direction of the ring.

2. Pleasure Drive Course: At the conclusion of the preliminary judging, each class will be sent out on course (order of go and timing to be at management’s discretion). Drivers are encouraged to carry a groom/navigator who may assist in pointing out the route, but may not handle the reins, whip, or brake. The designated course may be of any length with no time limit. Care should be taken in designing the course to consider the antique vehicle and smooth tracks should be utilized when possible. The recommended gait is a trot, but the competitor may walk at his/her pleasure. Cantering is not permitted. Rules of the road must be obeyed, unless a uniformed police officer directs otherwise. Fitness may be checked at the conclusion of the drive by a veterinarian or, in the absence of a veterinarian, by the judge and may be considered accordingly.

3. Final Judging: At the conclusion of the pleasure drive, entries may again be observed by the judge in a ring. The judge may, at his/her discretion, ask entries to work only one direction of the ring. If the judge decides to work horses in one direction only in the Preliminary or Final phases of the class, it is recommended that they work one direction at the beginning of the class and the other direction at the end.

4. Judging:
   • 50% on overall impression
   • 50% on way of going, suitability of each entry as a pleasure to drive.

   The following aspects will also be considered toward the overall impression:
   Horse - manners, way of going, condition, appropriateness and grooming. 
   Harness - condition, appropriateness and cleanliness.
   Vehicle - condition, appropriateness and cleanliness.
   Driver - driving skills, posture, appropriateness and neatness of attire.

   5. Reasons for Elimination – see Article C1606.

ARTICLE C1609 PLEASURE DRIVE - TIMED

Purpose: To allow the driver to compete against ideal time at both the walk and the trot. Simulated obstacles, not timed, may be added.

1. To be driven over a prescribed, measured course of any length (suggested length 3-6 miles or 5-10 kilometers), comprised of two sections, a trot section, followed by a walk section. Each section will be scored independently on a penalty point basis.

2. Time Allowed in the trot section shall be calculated from the distance and required speed. Minimum Time will be 2 minutes less than the time allowed.

3. A “Buffer Zone” must be placed between the finish of the trot section and the start of the walk section to allow for the change in gait. The recommended distance is approximately 50 meters (~50 yards).

4. The walk section of the timed pleasure drive should be 200-500 meters (200-500 yards) in length 400 meters (400 yards) recommended - 365.76 metres). Time Allowed in the walk section shall be calculated from the distance and required speed. Suggested speeds are 6 kph for horses, 5 kph for ponies. There is no Minimum Time in the walk section.

5. Obstacles may be added by management, however, it is encouraged that such obstacles be designed to promote safe driving while adding to the challenge of the event. Drivable obstacles should not be less than 8 feet 3 inches (2.5 meters) wide and “escape routes” are encouraged. A maximum of 4 obstacles is allowed.

6. Obstacles are considered part of the course and are not timed, but must be driven correctly or the driver will be eliminated. Up to 4 lettered gates (pair of red and white markers) should be placed in the obstacle to lead the driver through. Gates must be driven in consecutive order. Once driven, a gate is considered “dead” and may be driven in any manner to get to the next gate.

7. Horse Inspection: If a veterinarian is available for the cross country, he/she must be at the finish. All horses should be observed as they pass over the finish line. Whether or not a physical check is made is left up to the veterinarian and management, but if one is planned, all horses must be considered “dead” and may be driven in any manner to get to the next gate.

8. Scoring:
   There is no penalty for arriving at the finish between the Minimum Time and Time Allowed.
   1 penalty per second under the Minimum Time.
   2 penalties per second over the Time Allowed.
   5 penalties for each break of gate as defined in Article C1002 for 1st, 2nd, and 3rd breaks. The 4th break is elimination.
9. Ties: the judge shall determine the winner by selecting the horse most suitable to provide a pleasant drive. No entry which has received vet penalties may be placed over entries with no penalties.

**ARTICLE C1610 PLEASURE DRIVE - PACE**

**Purpose:** To test the driver on his/her skill in negotiating a cross country pleasure drive at a prescribed pace (similar to a hunter pace).

1. To be driven over a marked course of any length (suggested length 3-6 miles or 5-10 km). The mid-point of the course is marked with a “half-way” marker.

2. Drivers are given the distance of the course and the speed they are to drive and they must try to come to the finish line exactly on time.

3. Walk Section: Management has the option of adding a walk section near the midpoint, not to exceed 1 km. To be clearly marked with “walk” and “resume trot.”

4. Mandatory Trot: The last kilometer (.6 mile) must be driven at the trot. The start of the trot shall be marked “mandatory trot.”

5. One penalty is assessed for each second too early or too late. Five penalties for each break in gait as defined in Article C1002. Walk Section and mandatory Trot Sections: 5 penalties for each break in gait as defined in Article C1002 for 1st, 2nd and 3rd breaks, 4th break is Elimination.

6. Horse Inspection: If a veterinarian is available for the cross country, he/she must be at the finish. All horses should be observed as they pass over the finish line. Whether or not a physical check is made is left up to the veterinarian and management, but if one is planned, all horses must be checked at the same time interval (i.e., 10 minutes after finishing). Competitors should be encouraged to cool their horses during this time. Management should provide water for drinking and washing down. Any horse that does not complete the course in good form, in the opinion of the veterinarian, will be penalized 10 points and so advised. In the absence of the veterinarian, the judge may assess the vet penalties for any horses in obvious distress.

7. Ties: In the event of a tie, the judge shall determine the winner by selecting the horse most suitable to provide a pleasant drive.

8. To be judged on: How close the driver’s time comes to the ideal time.

b) Break in gait to canter or gallop exceeding 5 sec ........................................5 faults/each comm. 5 sec
c) Knocking down or dislodging obstacle or course marker ........................................10 faults
d) Groom down (first 2 times) ........................................20 faults/occurrence
e) Groom down 3rd time ..................................................Elimination
f) Off-Course ....................................................................Elimination

ARTICLE C1707 TIMED OBSTACLES
To be judged over a course in the ring consisting of paired markers set 20 inches (50 cm) wider than the widest wheel track of each vehicle. The course is to be posted in advance and must be driven from memory, at a trot. Breaks of pace will be penalized as will displaced markers. Breaks of gait consist of the entire team walking or cantering for longer than 5 seconds. Faults are assessed as follows:
a) Displaced marker ..........................................................5 seconds
b) Break of gait ..............................................................10 seconds each commenced 5 seconds

CHAPTER 18
PUTTING-TO CLASSES
(SECTION 1 – GENERAL RULES)
ARTICLE C1801 INTRODUCTION
This class is designed to test the skills and efficiency of the coaching team (driver, groom(s) and hostler). The conditions of the class simulate the custom of changing horses in a “yard”, but use only one horse or team of horses.

ARTICLE C1802 COURSE
1. The class should be conducted in an enclosed area. There will be a start and finish line, an unhitching/hitching box.
2. The “unhitching/hitching box” is marked off with lime, chalk, sawdust or other appropriate material. The “box” must be large enough so that each type of entry competing in the class may stop the entire turnout within the enclosure.

ARTICLE C1803 TURNOUT
Each turnout must comply with their entry type as specified below:
1. Four-in-Hand/Unicorn - A driver, two grooms, a minimum of two passengers, one hostler to assist in the arena, four horses, and appropriate vehicle/harness.
2. Pair - A driver, one groom, a minimum of one passenger, one hostler to assist in the arena, the pair of horses and appropriate vehicle and harness.
3. Single or Tandem - A driver, one groom, one hostler to assist in the arena, the horse(s) and appropriate vehicle and harness. The Hostler may not enter the arena until the vehicle is completely within the unhitching area.

(SECTION 2 – CLASS CONDITIONS)
ARTICLE C1804 BASIC FORMAT OF CLASS
1. Upon entering the arena, the driver will drive through a set of starting markers, where timing will begin, and proceed to the unhitching area.
2. The entire turnout must be within the unhitching area, stopped, with grooms and passengers down before unhitching may begin. Passengers must dismount before the driver may leave the vehicle. The driver will dismount and remount from the off side.
3. The horses are unhitched by the driver, groom(s) and hostler.
4. After the horses are unhitched, the horse(s) must be led around the designated marker, brought back to the vehicle and rehitched properly to simulate changing teams.
5. When the horses are rehitched and the driver in place, the passengers and grooms remount and the turnout is driven across the finish line where time will be taken. Grooms may remount the vehicle as it moves off, but they must be seated as the coach crosses the finish line.
6. The driver is considered to be in place only after resuming his/her place on the box, properly attired, with lines and whip completely in hand.
7. Passengers may not assist in any way. They must dismount before any unhitching may begin and must remount only after the driver is in place.
8. Grooms must remain in complete livery when unhitching/rehitching.
9. The judge may inspect the turnout to be sure the horses have been
    rehitched properly.
10. The score is time elapsed plus penalties. The lowest score determines the
    placings.

   a) A cavesson or full noseband, a throatlatch, and brakes or breeching are required
   b) Check reins and martingales (except false martingales) are prohibited in Dressage and Obstacle classes. Failure to comply will incur elimination. For other classes, check reins and martingales may be appropriate turnout for certain vehicles. See Pleasure Driving Appendix.
   c) Chain traces and heel chains are prohibited
   d) A full neck collar, breast collar or Scotch collar may be used consistent with specific class conditions and the turnout as a whole.
   e) Rein splitters are not allowed in obstacle classes.

2. Vehicle - Any Pleasure Driving vehicle of suitable size and style for a Draft equine is allowed, such as, but not limited to, a wagonette, dog cart, country gig, or road cart. Individual class specifications may restrict certain vehicles. Unless specified in the class rules, farm type vehicles are not permitted. See the Pleasure Appendix for additional information on vehicles, appointments and turnouts

3. Feather, Mane and Tail - Draft equines may have thick, long feathering. Forelocks, manes and tails may be full and thick. Breeds may adhere to breed specific grooming/turnout practices with regard to trimming, roaching, braiding of manes and tails. No fixtures such as mane rolls or ribbons may be applied, except as specified in the Prize List.

ARTICLE C1904 DRESS

1. Gloves and a hat (or approved protective headgear) are required. Aprons are recommended but optional. A whip should be carried in the hand or on the vehicle at all times while driving.

ARTICLE C1905 CLASS CONDITIONS

1. Draft Equine classes may be the same as listed in the Pleasure Rules.

2. LADIES and JUNIORS: In classes for Ladies and Juniors, when applicable, emphasis should be placed on manners and the suitability for being driven by a lady or junior.

3. TANDEMS: Lead horse tugs must be attached to the wheel horse’s tugs behind the belly band or directly to the singletree. At no time shall lead tugs be attached to the hames of the wheel horse.

ARTICLE C1906 DRAFT HORSE OBSTACLES

OBJECTIVE: The objective of this course is to drive a team through and around obstacles to simulate an actual farm situation.

1. An entry will consist of one teamster, one safety assistant, a team, and wagon of the same size and design (loaned or supplied if necessary).

2. Obstacles will include a gate; slalom course of pylons; a complete right and left hand circle; a square to stop the left front wheel in; a "barn" to back into; and coming to a precise stop on the finish line.

3. Accuracy is most important with time being used only as a tie-breaker.

4. Time in the course area will be restricted. If, in the Judge's opinion, a driver is spending an excessive amount of time at any obstacle, the teamster may be directed to move on to the next obstacle.

5. Time in the obstacle course starts when the center of the front wheels of the wagon cross the starting line.

6. Time stops when the teamster comes to a complete stop with the front wheels on the finish line.

7. The function of the safety assistant is to ride on the wagon and come to the aid of the teamster only if an emergency should arise. The assistant may not touch the lines or in any way speak or signal the teamster or team, or incur elimination.

8. Teams must walk or trot. Should a horse break into a lope and the teamster fails to rein them in, the entry will be eliminated.

9. Placing will be determined by the teamster with the highest points. Each teamster starts with 100 points.

10. In the event of a tie on points the teamster with the shortest time will win.

Penalties deducted:
   a) Gate .......... 10 if any part of the gate is hit
   b) Slalom .......... 10 for hitting pylon or
   c) Left Circle .. 10 for hitting pylon or
   d) Right Circle 10 for hitting pylon or

2016 Rules of Equine Canada, Section C
e) Stop box ...10 left front wheel is not inside box
   ...10 if wheel not stopped for 5 seconds
f) Barn ...........15 if any part of the barn is hit
g) Stop line ....10 if front wheels do not stop on line
h) Off-course ..20 if there is a deviation from course.

ARTICLE C1907 OBSTACLE COURSE
Enter the gate (timing starts when front axle crosses start line), drive to the left and perform the slalom, with a front wheel inside the barrier rings around each cone placed. Continue clockwise to the Figure of 8, a front wheel inside the ring, and travel each circle to cross own wheel tracks. Continue to the stop box and place left from wheel inside, not turning for 5 seconds. Next proceed to simulated barn, backing in, turning if necessary until the front axle of the wagon is inside. The last obstacle is to be missed with the front wheels and straddled by the rear wheels. Timing stops with the front wheels stopped on the finish line.
PART FOUR
DRIVEN DRESSAGE DRIVING COMPETITIONS

The Articles in this section apply to stand-alone Driven Dressage competitions or classes held in conjunction with a Pleasure Driving Show. Whenever a Driven Dressage competition is held in conjunction with an Arena Trial, Driving Trial or Combined Driving Event, the rules for Driven Dressage in Section H, under Chapter II, Driven Dressage must be used. General Regulations, (Chapters 1 through 8) apply to Driven Dressage competitions unless superseded by rules in this Part Four – Driven Dressage Driving Competitions.

CHAPTER 20 – GOVERNING REGULATIONS

ARTICLE C2001 OBJECT OF DRIVEN DRESSAGE
1. The object of Dressage is the harmonious development of the physique and ability of the horse. Through progressive training the horse becomes calm, supple, and flexible as well as confident, attentive and keen in his work.
2. These qualities are revealed by:
   a) The freedom and regularity of the paces;
   b) The harmony, lightness and ease of movement;
   c) The lightness of the forehand and the engagement of the hindquarters, originating in a lively impulsion;
   d) The acceptance of the bridle, without any tenseness or resistance.
3. The horse, confident and attentive, submits generously to the driver, remaining straight in any movement on a straight line and bending accordingly when moving on curved lines.
4. His walk is regular, free and unconstrained. His trot is free, supple, regular, sustained and active.
5. Because the horse has impulsion and is free from resistance he will obey without hesitation and respond to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
6. In all his work, even at the halt, the horse should be ‘on the bit’. A horse is said to be ‘on the bit’ when the hocks are correctly placed, the neck is more or less raised and arched according to the stage of training and the extension or collection of the pace, and he accepts the bridle with a light and soft contact and submissiveness throughout. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the driver.

CHAPTER 21
MOVEMENTS

ARTICLE C2101 THE HALT
At the halt, the horse should stand attentive, motionless and straight, with the weight evenly distributed over all four legs if a multiple, all must be square and aligned with one another. The horse may quietly chomp the bit, while maintaining a light contact with the driver’s hand, and should be ready to move off at the slightest indication.

The halt is obtained by the displacement of the horse’s weight on the quarters by properly used aids, driving the horse forward toward a restraining but allowing hand, causing an almost instantaneous but not abrupt halt from the previously fixed pace.

ARTICLE C2102 WALK
The walk is a marching pace in which the footfalls of the horse’s feet follow one another in four-beat time, well-marked and maintained in all work at the walk. When the four beats cease to be distinctly marked, even and regular, the walk is disunited or broken.

It is at the pace of the walk that imperfections in progressive training are most evident.

The following walks are recognized: Free walk on a long rein, working walk, lengthened walk.

1. FREE WALK: The free walk is a pace of relaxation in which the horse is allowed the freedom to lower and stretch out his head and neck to the utmost. The reins must be long enough to allow for this stretch, however, they should not be loose enough to loop. It is desirable that the hind feet touch the ground clearly in front of the foot prints of the fore feet (over tracking).
2. WORKING WALK: A regular and unconstrained walk. The horse should walk energetically but calmly with even and determined steps with distinct, marked, four equally spaced beats. The driver should maintain a light and steady contact with the horse’s mouth (“on the bit”). The horse’s hind feet should at least step into the prints of the forefeet.
3. LENGTHENED WALK: This a more determined and ground-covering walk than the working walk. The main difference between the free walk and the lengthened walk is that the driver now actively asks the horse to produce more push from behind and thus lengthen his stride. The horse must flex his poll somewhat and is expected to work into the bit on a soft contact. The horse should not stretch as long and as low as in the free walk, but has to show a definite lengthening and lowering of the frame compared to the working walk. Some overtrack is expected.

ARTICLE C2103 TROT
The trot is a pace of two-time on alternate diagonal legs (near fore and off hind leg and vice versa) separated by a moment of suspension.

The trot, always with free, active and regular steps, should be moved into without hesitation.
The quality of the trot is judged by the general impression, the regularity and elasticity of the steps — originated from a supple back and well engaged hindquarters — and by the ability to maintain the same rhythm and natural balance. The following trots are recognized: Collected trot, Working trot, Lengthen stride in the trot, and Extended trot.

1. **COLLECTED TROT**: In the collected trot the horse is expected to move with more impulsion and engagement than in the working trot. Therefore his haunches must be more compressed, his loins more strongly coiled and his croup lowered. As a result the horse's neck and head will be raised higher and his center of balance will be shifted permanently more toward the rear, thus enabling the shoulders to move with greater ease and freedom with the poll the highest point. The nose should not be over bent or the neck restricted. As the horse's frame is shorter than in other trots, his steps will also be shorter but must be more elevated, and he appears lighter and more mobile throughout. Hollowing and/or stiffening the back are severe faults. Only a moderate degree of collection should be expected from a driving horse.

2. **WORKING TROT**: A regular and unconstrained trot, in which a horse, even if not yet trained and ready for collected movements, shows himself properly balanced and remaining on the bit, goes forward with even elastic steps and good hock action. The expression “good hock action” means here a free and energetic forward swing of the hind legs with hocks brought well forward underneath the horse’s body, aiding in his free forward movement.

3. **LENGTHEN STRIDE IN THE TROT**: This trot is used as a preparation for the extended trot. While maintaining the same rhythm, the horse covers more ground than in the working trot. He must lengthen and lower the frame and stride while remaining on contact.

4. **EXTENDED TROT**: The horse covers as much ground as possible. Maintaining the same rhythm, he lengthens his step to the utmost as a result of great impulsion from the hindquarters. The driver allows the horse, remaining on the bit to lower and extend his neck in order to prevent his action from becoming higher.

**ARTICLE C2104 WORKING CANTER**

A forward, active pace with regular steps of three-time pace, the horse showing good balance, remaining on the bit without leaning on the hand and going forward with light-cadenced steps and good hock action. A canter to the right, for instance, will have the footfalls follow one another in the following sequence: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four feet off the ground before the next stride begins. The quality of the canter is judged by the general impression, the regularity and lightness of the three-time pace. The horse must be on the bit and well-engaged in the hindquarters with good hock action, and must have the ability to maintain his rhythm and natural balance throughout the movement and the transitions. The horse must remain straight on the straight lines.

**ARTICLE C2105 REINBACK**

The reinback is a backward movement in which the feet are raised and set down simultaneously by diagonal pairs. The feet should be well raised and the hind feet remain well in line. At the preceding halt as well as during the reinback, the horse, although standing motionless and moving back respectively, should remain on the bit, maintaining his desire to move forward. Anticipation or precipitation of the movement, resistance to or evasion of the hand, deviation of the quarters from the straight line, spreading or inactive hind legs and dragging fore feet are serious faults. If, in a dressage test, a trot is required after a reinback, the horse should move off immediately into his pace, without a halt or intermediate step.

**ARTICLE C2106 SHOULDER-IN**

Shoulder-in for the driven horse is performed in Collected Trot. The leaders are positioned so that the outside leader's tail is in front of the head of the pole. The leaders' shoulders are taken to the inside with a constant angle of approximately 30 degrees and a slight but consistent bend in the neck. The inside hind leg steps forward into the line of the outside front leg so that the horses are working on three tracks. Impulsion, rhythm and engagement must be maintained throughout. Too much bend in the neck results in loss of rhythm and suppleness. The wheelers must remain straight with no counterbend.

**ARTICLE C2107 STRETCHING THE FRAME**

The horse gradually takes the reins, stretching forward and downward with light contact, while maintaining balance, rhythm and tempo and quality of the gait.

**ARTICLE C2108 TRANSITIONS**

The changes of pace should be clearly shown when the horse’s nose arrives at the prescribed marker; they should be quickly made, yet must be smooth and not abrupt. The rhythm of a pace should be maintained up to the moment the pace is changed or the horse halts. The horse should remain light in hand, calm and maintain a correct position. In the lower divisions, transitions from trot to halt and from halt to trot may be executed progressively through the walk by making two or three well-defined walk steps.

**ARTICLE C2109 HALF-HALT**

The half-halt is a hardly visible, almost simultaneous, coordinated action of the aids, (voice, whip, and hands of the driver), with the object of increasing the attention and balance of the horse before the execution of several movements or transitions to lesser and higher paces. In shifting slightly more weight onto the horse's quarters the engagement of the hind legs and the balance on the haunches are facilitated for the benefit of the lightness of the forehand and the horse's balance as a whole.

**ARTICLE C2110 CHANGES OF DIRECTION**

At the changes of direction, the horse should adjust the bend of his body to the curvature of the line he follows, remaining supple and following the indications of the driver without resistance or change of pace, rhythm or speed.
ARTICLE C2111  FIGURES
1. SERPENTINE: This is a series of half circles from one side of the arena to the other, connected by straight lines. Starting and finishing by driving into the corners is incorrect. The number of loops are prescribed in the tests.
2. FIGURE OF EIGHT: This figure consists of two exact circles of equal size as prescribed in the test, joined at the center of the eight. The horse should straighten an instant before changing direction at the center of the figure.
3. HALF-CIRCLE: This movement consists of a half-circle of stated diameter followed by a return to the original track on a straight line. In a pair or four-in-hand, the pole should touch the center line briefly at the end of the half circle before returning to the track on a straight line.
4. THE DEVIATION: A gradual movement away from the long side of the arena to reach a maximum value prescribed with a gradual movement back to the track.

ARTICLE C2112  COLLECTION
1. The aim of the collection of the horse is:
   a) To further develop and improve the balance and equilibrium of the horse, which has more or less been displaced by the additional weight of the vehicle.
   b) To develop and increase the horse’s ability to lower and engage his quarters for the benefit of the lightness and mobility of his forehand.
   c) To add to the “ease and carriage” of the horse.
2. Collection is, in other words, improved and effected by engaging the hind legs, with the joints bent and supple, forward under the horse’s body.
3. The position of the head and neck of a horse at the collected pace is naturally dependent on the stage of training and in some degree, on its conformation. It should, however, be distinguished by the neck being raised and unrestrained, forming a harmonious curve from the withers to the poll being the highest point, with the head slightly in front of the vertical.

ARTICLE C2113  SUBMISSION
Submission does not mean a truckling subservience, but an obedience revealing its presence by a constant attention, willingness and confidence in the whole behavior of the horse, as well as by the harmony, lightness and ease he is displaying in the execution of the different movements. The degree of submission is also manifested by the way the horse accepts the bridle with a light contact and a supple poll or with resistance to or evasion of the driver’s hand, being either “above the bit” or “behind the bit” respectively. Putting out the tongue, keeping it above the bit or drawing It up altogether, as well as grinding the teeth and swishing the tail, are mostly signs of nervousness, tenseness or resistance on the part of the horse and must be taken into account by the judges in their marks for the movement concerned as well as in the collective mark for “submission”.

CHAPTER 22  SPECIFICATIONS
ARTICLE C2201  POSITION AND AIDS OF THE DRIVER
1. The driver should be seated comfortably on the box so as to be relaxed and effective. Either the one- or two-handed method of driving is acceptable. Common to both methods, the elbows and arms should be close to the body with an allowing but steady hand enabling a consistent “feel” with the horse’s mouth. Drivers should not be penalized or rewarded for using one style over another.
2. The use of the whip and the voice are important aids in driving. They should be used as effectively and unobtrusively as is reasonably possible.

ARTICLE C2202  DRESS
Competitors are reminded that neatness should be the first requisite. The dress of the competitor and grooms must conform to the style of vehicle and harness used. Period costumes, however, are not desirable. Driving aprons, hats, gloves and whip in hand are required for competitors. The whip must be of suitable style and adequate length.

ARTICLE C2203  ARENA AND EXERCISE AREAS
1. The arena should be on as level ground as possible. The large arena is 100 meters long and 40 meters wide. The small arena is 80 meters long and 40 meters wide (see Section H, Appendix F for arena size options for VSEs). The following tests must be held in the large arena: Intermediate, Advanced, and FEI division tests. Arena measurements are for the interior of the arena enclosure. Arenas should be separated from the public by a distance of at least 5 meters, 10 if possible. The enclosure itself should consist of a low fence (boards, breakable chain, etc.) Letter A should be easy to remove, to let competitors in and out of the arena in a suitable way, and must be replaced at least 5 meters away from the arena.
2. The letters outside the enclosure should be placed about 0.5 meters from the fence and clearly marked. It is permissible to decorate the letters with flowers or greenery to enhance the appearance of the arena.
3. The marking of the center line, throughout its length, and the three points D, X, and G is required; they must be as clearly marked as possible without being of a nature to frighten the horses. On that account is recommendable: on a grass arena, to mow the grass on the center line shorter than the other parts of the arena, and on a sand arena to roll or rake the center line in a suitable way. In such cases the three points D, X, and G should be suitably mowed, raked or rolled about two meters straight across the center line.
4. In the case of inclement weather or during winter, the use of an indoor arena may be desirable with the necessary modifications to meet local conditions. The requirements for the outdoor arena, however, apply as far as is possible.
5. An exercise area must be provided far enough away from the arena so as not to disturb the competitors during their tests. It should be of sufficient size for several competitors to prepare their horses at the same time. If possible a practice arena with perimeters and letters should be provided.
CHAPTER 23
DRIVEN DRESSAGE TESTS

ARTICLE C2301 DRIVEN DRESSAGE TESTS

The American Driving Society approves and issues dressage tests for use in EQUINE CANADA sanctioned driving competitions (including pleasure shows and combined driving events). The FEI is responsible for issuing tests for international competitions and may be used in Advanced Division competitions. Tests cannot be modified or simplified without the approval of the ADS Dressage Committee or the FEI Driving Committee.

1. For use in national competitions:
   a) ADS Training Division Tests: The purpose of these tests is to establish that the correct foundation is being laid for the training of the driving horse requiring the green horse to move freely forward in a free walk on long rein and the working trot, in rhythm while accepting the bit with relaxation, through transitions and 40 m. circles. This division is also intended to encourage the inexperienced driver.
   b) ADS Preliminary Division Tests: The purpose of these tests is to establish that the horse has acquired a degree of balance and suppleness in addition to the rhythmic, free forward motion expected at the Training Division. While consistently accepting the bit the horse exhibits more activity of the haunches in the working trot and lengthened walk. To be demonstrated in: 30 m. circles, 20 m. half circles, 3 loop serpentine, and lengthened trot.
   c) ADS Intermediate Division Tests: The purpose of these tests is to establish that the horse has become more freely forward with greater use of the haunches than at the Preliminary division, while remaining light in hand without resistance. To be demonstrated in the working walk and trot, the lengthened trot, the 5 second halt, the reinback, and the five loop serpentine.
   d) ADS Advanced Division Tests: The purpose of these tests is to establish that the horse has acquired a greater degree of suppleness, balance and lightness in hand than at the Intermediate division while remaining reliably on the bit, producing more impulsion through further strength in the haunches and relaxation of the back and poll enabling the driver to collect and extend the trot. To be demonstrated in the collected and extended trot, the reinback, and the 10-second halt on the bit.

2. National Championships (Advanced classes) and Advanced Division competitions shall use the current prevailing FEI tests as stipulated for the tourament.

3. Freestyle Tests. Provided it is not part of a Combined Driving Event, Organizing Committees may arrange a Freestyle dressage competition with or without music. The method of scoring must be clearly explained in the Prize List. In principle, the Judges should give one set of marks for content and another for general impression. The program selected by the Competitor may not exceed six minutes. The President of the Ground Jury must ring the bell for the first time after five minutes. The bell will be rung again after six minutes to indicate that the Competitor must bring the performance to an end immediately. Criteria for judging are set out in Appendix I – Freestyle Dressage Score Form.

ARTICLE C2302 EXECUTION OF THE TESTS

1. The dressage test must be driven from memory except for the Training Division tests where the test may be called. If the test is called, it is the responsibility of the competitor to arrange for a person to call the test. Lateness and errors in announcing the test will not relieve the driver from "error penalties". Announcing the test is limited to reading the movement as it is written, once only. Additional repeating of movements by the caller may be penalized at the discretion of the judge. A competition cannot require competitors to use callers employed by the show management. Any outside assistance (other than ‘calling’ at the Training Division) is forbidden and will result in elimination.

2. No passengers are permitted and grooms must sit in their correct places. One groom is optional for singles; one groom is mandatory for pairs and tandems and VSE unicorn and four-in-hands; and two grooms are mandatory for horse and any unicorns and four-in-hands. A knowledgeable adult horseman must accompany a Junior driver in accordance with Article C102.6. No additional grooms or passengers are permitted. Failure to comply incurs elimination.

3. At the salute, drivers must take the reins in one hand. A lady shall raise the whip vertically in front of her face; a gentleman shall remove his hat (except when wearing approved protective headgear) and let his arm drop loosely along his body or may render the salute as does the lady. The whip salute is used to acknowledge the judge at the start and finish of an individual test or at the beginning and end of a dressage test. The whip salute is also performed in the following ways.
   a) By moving the whip, held in the right hand, to a vertical position, the butt end even with the face.
   b) By moving the whip, held in the right hand, to a position parallel with the ground, the handle before the face.
   c) A gentleman may place the whip in his left hand and remove his hat.

4. Error of Test: If a competitor attempts to perform a movement, or attempts to maintain the pace required and fails to do so, but does not deviate from the track, the President of the Ground Jury may either treat it as an "Error of Course" (see (5) below), or he may decide to leave the judges to give the movement an appropriate mark.

5. a) Error of Course: It is an "Error of Course" when a competitor deviates from the required track or when a movement is performed at the wrong pace or omitted altogether.
   b) In the event of a competitor making an Error of Course, the President of the Ground Jury will ring the bell and stop the competitor. The competitor must then resume the test from the beginning of the movement where the error was made. If the competitor is in any doubt, he may approach the President of the Ground Jury for instructions.

6. For “an error of course” or if a groom dismounts, penalty marks will be levied as follows:
   a) First incident:..................................................5 penalty marks
   b) Second incident:..............................................10 penalty marks
c) Third incident: ................................................................. Elimination

7. If the Jury has not noted an error, the competitor has the benefit of the doubt.

8. Disobedience – any resistance in the forward movement, kicking or rearing is considered to be disobedience and will be penalized as:
   a) First incident: .............................................................. 5 penalty marks
   b) Second incident: .......................................................... 10 penalty marks
   c) Third incident: ............................................................. Elimination

9. Penalty points are noted only on the judge’s sheet held by the President of the Jury.

10. Disconnected or broken harness: Should the rein, pole strap, chains or trace become disconnected or broken, or should the horse get a leg over the pole, trace or shaft, the President of the ground Jury will ring the bell and a groom must dismount and reconnect or repair the broken part. The competitor will be penalized for a groom(s) dismounting.

11. In a case of marked lameness, the Judge or President of the Jury informs the competitor that he/she is eliminated. There is no appeal against this decision.

12. A competitor who does not enter the arena within 90 seconds after the entry bell is rung for his/her test shall be eliminated. No competitor can be required to drive prior to his/her scheduled time.

13. If, during the test, the entire turnout leaves the arena, the competitor is eliminated at the discretion of the Jury. If part of a turnout leaves the arena, it shall be scored as a poor movement and appropriate marks awarded.

14. A competitor leaving the arena at the end of a test in any way other than prescribed in the test will be penalized by an error. A competitor leaving the arena at the end of his/her test at any point other than “A” shall be eliminated.

15. Competitors shall be allowed to drive the outer perimeter of the arena before entering whenever deemed possible by the TD and approved by the President of the Jury.

16. Competitors will not be allowed to school in or around the arena while a class is in progress.

17. The judge may allow a competitor to restart a test, if in his/her discretion some unusual circumstance has occurred to interrupt a test.

18. Any intervention by a third party not riding on the vehicle, whether solicited or not, with the object of facilitating the task of the Competitor or his horses, is forbidden as Outside Assistance. Grooms must remain seated in their proper places between entering and leaving the arena. They are not permitted to handle the reins, the whip or speak unless they are dismounted and the vehicle is stationary.

ARTICLE C2303 TIME
The execution of the tests is not timed. The times shown on the test sheets are for scheduling information only.

ARTICLE C2304 MARKING
1. All movements, and certain transitions from one to another which have to be marked by the judge(s), are numbered on the judge’s sheets.

2. They are marked from 0 -10, with 0 being the lowest mark and 10 the highest mark, half marks acceptable.

3. The scale of marks is as follows:
   10 Excellent  4 Insufficient
   9 Very Good  3 Fairly Bad
   8 Good       2 Bad
   7 Fairly Good 1 Very Bad
   6 Satisfactory 0 Not Executed

   "Not executed" means that practically nothing of the required movement has been performed.

4. Collective marks are marked after the competitor has finished his/her performance for:
   1. Gaits
   2. Impulsion
   3. Submission
   4. The driver’s handling of the reins and whip; correctness and effect of the aids.

   Each collective mark is awarded from 0 to 10, half marks acceptable.

5. The collective marks, as well as certain difficult and/or infrequently repeated movements, can be given a co-efficient of more than 1, which is fixed by the Driving Dressage Committee of EQUINE CANADA and appears on the test.

6. The mark for each movement should first establish the fact of whether the movement is performed insufficiently (four or below) or (marginal or better, five or above). The judge should state the reason for each mark, as far as possible, but particularly for marks 5 downward.

7. Accuracy (moderate) should be a factor only if the inaccuracy avoids the difficulty of the movement, i.e., a larger circle avoids the difficulty of a 20 m circle. A movement which must be carried out at a certain point of the arena should be done at the moment when the horse’s nose is above this point.

8. If a problem appears once, it may be treated lightly by the judge. If it appears successively, he/she will score it more harshly each time, i.e., nodding, stumbling, shying, etc.

9. Signs of tenseness or resistance on the part of the horse should be considered in the marks for each movement where they appear, as well as in the collective marks. Horses which get their tongues over the bit or perform with an open mouth shall be marked down.

10. The levels of dressage are offered as a means of evaluating a horse that is changing. The purpose of each test is printed thereon. The horse shall be considered in the light of the degree of training it should have achieved to be shown at that division.

11. Allocation of marks: The judges will allocate their marks individually, and there will be no consultation among judges once the competitor has commenced the test.

12. Multiple Turnouts: Pairs, Tandems, and Four-in-Hands will be judged as a whole and not as individual horses.

13. Pace: The definition of paces - movements will apply to all types and breeds of horses.
14. Terminology: The following must be considered when judging Driven Dressage movements:
   a) Obedience and Lightness - willing response to aids without resistance; correctness of bend.
   b) Regularity - the regularity, evenness and rhythm with which the horse puts his feet to the ground.
   c) Contact - the tension in the reins between the driver's hands and the horse. It should be light and flexible and maintained at all times.
   d) Impulsion - the willingness of the horse to go forward energetically at all times and to respond quickly and evenly to changes of pace. The horse must remain in balance while maintaining the same tempo with steps of equal size.
   e) Straightness - carrying the head, neck and body in a straight line with the weight evenly divided among the legs.
   f) Collection - roundness and engagement with good hock action, elevated poll allowing the shoulders to move with ease. The horse's energy is contained in a more deliberate pace than in the Working Trot. The haunches are more compressed, the croup is lowered, and the forehand is elevated to the same degree. The stride is shorter but more powerful than the working trot and the front legs will move from the shoulder with greater agility resulting in lightness and greater mobility throughout. The neck should be more arched. The shortening of the frame is not and never should be a result of pulling back but rather of asking and allowing the horse to move forward into the driver's hand.
   g) Accuracy - Accuracy of turns, circles, serpentines, along side rails, deviations.

ARTICLE C2305 GENERAL IMPRESSION

1. Principle: There are five boxes at the end of the Judges' Score Sheets for marks on General Impression.
2. Paces/Gaits: Regularity and freedom (if Four-in-Hand, Pair or Tandem, maintenance of pace/gait by all horses). The quality of paces/gaits in each movement is marked under the appropriate movement. The mark for the general impression must reflect paces/gaits and transitions during the whole test.
3. Impulsion: Moving forward, engagement of the hindquarters (if Four-in-Hand, Pair, or Tandem, all horses working). The level of impulsion may vary between movements and pace, but the mark for impulsion must reflect the performance of the horses through the test.
5. Competitor: Use of aids, handling of reins and whip, position on the box, accuracy of the figures. The mark must reflect the consistent level of accuracy and quality of transitions.
6. Presentation
   a) Appearance of competitor and grooms, cleanliness, fitness, matching and condition of horses, vehicle and harness.
   b) Bandages and brushing boots are not permitted under any circumstances. Failure to comply entails 10 penalty points.

ARTICLE C2306 CLASSIFICATION AND SCORING

1. After each performance and after each Judge has given his/her collective marks, which must be done with due consideration, the judges' sheets pass into the hands of the scorers.
2. In Driven Dressage competitions, scores may be shown as the average score of all judges minus the penalty points from the Head Judge. At the discretion of the organizer, scores may be calculated as in combined driving or shown in percentages as in ridden dressage. See Appendix C. For Combined Driving Events, scoring shall be according to Article 938.
3. In driven dressage competitions, the winner is the competitor having the highest total points or percentage, the second, the one with the next highest and so on. In the case of equality, the competitor with the highest marks received under General Impressions shall be declared the winner. When the scores for General Impressions tie, the judge may be required to decide on a winner after review of either score sheets or the Entries may remain tied at the Judge's discretion.
CHAPTER 24
DRIVEN DRESSAGE OFFICIALS

ARTICLE C2401  GROUND JURY
1. The invited judges compose the Ground Jury and must be selected from the current EC Officials Directory for Combined Driving or Driven Dressage Judges, or a qualified foreign judge with a Guest Card approved by the Licensed Officials Committee under Article C115, Guest Cards.
2. If there is only one judge, he/she is placed 5 meters from the end of the arena opposite the letter C. When two or three judges are used, one is placed at C, the second at B or E and the third should be placed 2.5 meters from the long side of the arena at H or M (if the second judge is at B, the third should be at H and vice versa). If this is not possible, all three judges should be placed at the end of the arena, one at C, one 3 meters from the long side of the arena at M and the other 3 meters from the long side of the arena at H.
3. A separate enclosure (tent, trailer, etc.) should be provided for each judge. It should be raised at least 0.5 meters (20 inches) above the ground to give the judge a good view of the arena.

ARTICLE C2402  TECHNICAL DELEGATE
1. There must be a Technical Delegate selected from the current EC Officials Directory of Pleasure Driving TDs or Combined Driving TDs or a qualified foreign Technical Delegate with a Guest Card approved by the Licensed Officials Committee under Article C115, Guest Cards.

ARTICLE C2403  RESPONSIBILITIES OF MANAGEMENT
1. Classes should be divided by similar turnouts (singles, pairs, fours, etc.). Horses may not be entered more than once in any dressage class. At Pleasure Driving Competitions or Driven Dressage Competitions, competitors may enter two consecutive divisions with the same horse and driver combination, e.g., Training and Preliminary or Preliminary and Intermediate.
2. No judge shall be required to officiate longer than eight hours in one day. A scheduled 10 minute break must be provided for every two hours of judging.
3. A tentative class schedule must be included in the Prize List. If the day of competition is changed, forcing a competitor to withdraw, his/her entry fees must be refunded.
4. Organizers should prepare a time schedule including all driving times. If possible, competitors should be notified of their driving time in advance. In preparing the schedule consideration should be given to drivers entered in more than one class.
5. Time intervals should be scheduled between classes to allow for judges’ breaks and award presentations. The time schedule should be posted in a conspicuous place by noon the day before the competition.
6. Following the presentation of awards for each class, the judge’s score sheet should be given to the competitor.

CHAPTER 25
WELFARE OF THE HORSE

ARTICLE C2501  CRUELTY
The General Regulations refer to cruelty (see Article A516).

ARTICLE C2502  EQUIPMENT
1. Any kind and type of riding snaffle or driving bit (similar but not limited to those pictured below) is permissible, so long as it conforms to Article C703. Style of harness or vehicle should not influence the type of bit being used.
2. Bandages and brushing boots are not permitted. Failure to comply entails 10 penalty points.
3. Auxiliary reins, including any type of check reins or martingales are not permitted. Side checks may be used in Training division only.

PART FIVE
RECREATION DRIVING COMPETITIONS

CHAPTER 26
TREC DRIVING

ARTICLE C2601  OVERVIEW
Technique de Randonnée Equestre de Compétition (TREC) originated for riders in France in the 1970s and was developed for driving by the British Driving Society a few years ago. TREC driving is presented with the cooperation and permission of the TREC Equestrian Association of BC. This is a very informal competition, ideal for the recreational driver offering a few similarities to Pleasure Driving obstacle-games and Combined Driving marathon and obstacle-cones competitions, but the formality, dress codes, volumes of pre-event information, regulation and volunteer requirements are greatly reduced.

The following articles describe the competition and are general guidelines that may be modified as necessary by the Organizer or person in charge. Safety, welfare of animals, and fairness must be maintained in a friendly atmosphere allowing good horsemanship and sportsmanship to prevail. Improvements and constructive comments are welcome and should be forwarded to the Canadian Driving Committee at drive@equinecanada.ca.

ARTICLE C2602  PRE-EVENT
1. Basic planning considerations:
   a) A suitable area to be located that must have sufficient parking and maneuvering room for participants' trucks, trailers, and horses as well as an area to put to and exercise prior to the event. The cross-country course may vary from approximately 5 km – 12 km; and an area with suitable footing is required for about 10 skill demonstrations laid out along a track up to 2 km.
   b) Advertising must include an entry form stating the date, entry deadline, costs, and a general description of the terrain, footing and distances to be driven. The meeting time, detailed location directions, provisions for lunch and contact number for additional information.
   c) A qualified individual in First Aid or an EMT and/or arrange for reasonable response time ambulance services. Contact information for a local veterinarian and farrier should be available.
   d) A general meeting area, place for obtaining orientation and map briefings, viewing scores, and toilets to be available.
   e) One or more routes for Part 2 - Cross-country considering level of drivers, terrain, footing and anticipated weather conditions are required.
   f) One large-scale Master Map of the intended route to be posted at the driver orientation for viewing and note taking. Copies are not distributed to the participants.

2. Competitors are required to: complete an entry form; provide evidence of insurance; sign a liability release; pay required fees and provide a general description of driving experience.
ARTICLE C2602 ARRIVAL
1. Directions or assistance to parking, unloading, harnessing, putting to and exercise areas to be provided.
2. A suitable area for registration, general meeting, driver orientation and refreshments to be available.
3. An order of go for each Part to be posted in the meeting or arrival area is required.
4. Drivers must complete registration, receive a turnout number and map for the Orientation to be used in Part 2 – Cross-country drive.

ARTICLE C2603 ORIENTATION
1. An informal introductory meeting to explain the day’s activities; outline any important restrictions and general information; and answer questions is held following arrival, registration and before any competitions.
2. Drivers may view and record whatever information they may deem appropriate from the Master Map following the orientation. Signage on the route is minimal. Only the mandatory walk section start and end is required to be marked. Any additional signs will be indicated on the Master Map.
3. An “ideal time” for Part 1 – Cross-country is posted or announced for each of the available routes. The total distance is measured from start to finish marker. A mandatory walk section between 500 and 1,000 metres is included within each route. Drivers will be given the pace required based on equine size. The Ideal Time will be calculated on combining the total distance for trot at trot speed plus walk distance at walk speed.
4. Suggested maximum speeds based on experience of drivers and conditioning of equines, adjusted for terrain; footing; weather conditions:
   - Horses: 14 kph; ponies 13 kph; small ponies 12 kph; Draft horses 10 kph; VSEs 9 kph.
5. There is no inspection of the cross-country by competitors prior to Part 2.
6. A course walk along the track for Part 3 is conducted to explain the purpose and requirements for each of the skill demonstrations.
7. Each driver starts with a score of 50 points.

ARTICLE C2604 PART 1 – SAFETY CHECK
1. A Safety Officer will review each turnout and may require any unsafe harness, hitching or vehicles to be corrected prior to starting. There is a list of specified spares to be carried throughout the event. It is recommended that each driver complete a Safety Checklist similar to Appendix F.
2. Required items: 2 points are deducted for each item not present or not in good repair:
   a) Spare halter and lead line for each horse
   b) Spare rein or rein splice and hole punch
   c) Spare trace or trace splice and hole punch
   d) Spare hames strap if full collar is used
   e) Signaling device for emergencies
   f) SMV sign properly installed
   g) Reflective vest or rainwear (must be worn by driver and groom(s))
   h) Human First Aid kit
   i) Equine First Aid kit
   j) Hoof pick
   k) Quick release trace, shaft loop and back strap connectors or knife
3. One point is awarded for additional personal choice safety-related items such as:
   a) Length of rawhide or chord
   b) Duct tape or bailing wire
   c) Reflective tape on vehicle/harness for increased visibility
   d) Easy boot and/or tool for removing loose shoes.
4. Any vehicle or harness deemed “unsafe” or inappropriate for conditions will not be allowed to continue.

ARTICLE C2605 PART 2 – CROSS-COUNTRY DRIVE
1. Drivers must have completed Part 1 prior to starting. Consecutive starts should be 4 minutes apart with spacing between different horse size groups. Starts may be 3 minutes apart if sufficient passing room is available throughout the course.
2. Two courses may be offered simultaneously from the same starting position – one relatively easy for novice drivers/horses; and a second with more challenge for the more experienced horse/drivers. The determining factors for the course choice may be made jointly by the organizer and competitor.
3. Drivers must pace their horses appropriately to arrive at the Ideal Time. One point is taken for each whole minute under or over the Ideal Time.
4. Horses must trot from the “Trot only” sign for the last 200 metres.

ARTICLE C2606 PART 3 – SKILLS DEMONSTRATION
1. A number of skills demonstration areas are provided over a short course of about 1500 meters.
2. A volunteer observer is required at each skill positions to award points.
3. Points range from 1 to 10 for each skill demonstration. Drivers are timed between the start and finish line (same location) and must attempt the required skill at each skill demonstration area. Drivers are spaced approximately 2 skill areas apart to void hold ups.
4. Drivers are timed between the start and finish line (same location) and must attempt the required skill at each skill demonstration area. Drivers are spaced approximately 2 skill areas apart to void hold ups.
5. Predetermined Time Allowed with a wide window, giving consideration to reduced pace or time taken at each of the skill demonstration areas. The object is only penalizing drivers who are excessively slow in completing this course and for unnecessary speed. One point deducted for each commenced minute outside the Time Allowed window.
6. Suggested skills (to be creative and imaginary; respecting safety, animal welfare, drivers’ experience and local conditions):
   a) Driving a serpentine, penalties for knocking markers or paces other than a trot

   e) Driving with left wheel(s) through a pair of rails spaced 15-20 cm apart; penalties for touching rails.
f) Backing three paces; penalties for disobedience, horse not backing willingly or rearing

g) Ascend or descend a short hill; penalties for disobedience

h) Drive through a water splash; penalties for disobedience

i) Passing through a lettered obstacle; penalties for improper order, contacting elements with horse or vehicle; pace other than trot

j) Straddling a 20m circle with your wheels; penalty for each time a wheel crosses the line, for break to pace other than a trot.

ARTICLE C2607  SCORING

4. Drivers may be grouped depending upon entries. Suggestions:
   a) Experience: “Novice”, “Done it before”, “Previous winner” or other fun ways to give everyone a chance to be a winner.
   b) Horses, ponies, VSE. For small numbers – for limited entries, Times Allowed in Part 2 allow all sizes to compete together
   c) Groups competing on different routes in Part 2 – optional as results are comparable
   d) Skill demonstrations – any group may not be required to drive every skill (group experience level determined by Organizer).

5. Points from each of part of the event are added together.
   Part 1: - 2 points for each listed item in good repair
   + 1 point for each additional item (Safety Inspector’s discretion)
   Part 2: - 1 point for each commenced minute early or late to Ideal Time.
   Part 3: add 1 – 10 points for each skill demonstration according to schedule
   - 1 point for each commenced minute over/under Time Allowed.

6. The driver with the highest total points wins

CHAPTER 27 COUNTRY HERITAGE

ARTICLE C2701  OVERVIEW

A Country Heritage can be any organized driving activity containing elements of a competition where the public is invited to participate; there is a system of scoring involved, and there are placings, with or without ribbons or prizes. The following articles describe the competition and are general guidelines that may be modified as necessary by the Organizer and person in charge. Safety, welfare of animals, and fairness must be maintained in a friendly atmosphere allowing good horsemanship and sportsmanship to prevail. Improvements and constructive comments are welcome and should be forwarded to the Canadian Driving Committee at drive@equinecanada.ca.

ARTICLE C2701  GENERAL

1. Purpose is to preserve and celebrate our heritage in the use of horses and vehicle, demonstrating good horsemanship, driving skills, the care and preservation of harness and vehicles, and the intangible qualities of good sportsmanship.

2. Entries may be classified by turnout groups.

3. Grooms (capable of rendering assistance) and passengers are encouraged to participate: one groom for Single, Pair and tandem turnouts, 2 grooms for unicorn and four-in-hand turnouts. VSEs require one groom only for turnouts with more than one horse.

4. There are 3 parts: a Turnout Inspection; a Country Drive; and a Cones Course.

5. Horses may be of any breed or size, in suitable condition.

6. Harness must be in good condition, well fitted, and suitable for the vehicle being used. Leather harness is preferred over synthetic.

7. Vehicles must be in good repair. Antique or traditional reproductions are preferred over pure marathon styles.

8. Style of driving – English classical, Achenbach, Hungarian or North American are all acceptable however should be complimentary to the turnout. Driver must carry a whip in hand whenever the vehicle is not stationary.

9. Each turnout competes against ideal rather than other entries.

10. The optimum score is 100 points: with 50 possible for the Turnout Inspection; 25 for the Country Drive; and 25 for the Cones Course.

11. Awards are at the option of the Organizer, one winner per class is common.

ARTICLE C2702  TURNOUT INSPECTION

1. Each turnout competes against an ideal rather than with other entries, Ideal turnout specifications are published in Part II, Appendix A- Turnouts and Appointments.

2. No boots or bandages are allowed during Turnout Inspection.

3. Turnouts are judged by one, two or three knowledgeable judges:
   a) At the halt - quality, cleanliness, safety and general impression of the horse(s), driver, passenger(s) and groom(s). Harness must be in good condition, well fitted, and suitable for the size and style of the vehicle.
Vehicles must clean and in good repair. Dress for driver and passengers all to be consistent with style of vehicle; park or town turnouts in town attire; country turnouts in country attire. Grooms dress to be as a family member or consistent with turnout.

b) In motion – overall impression, way of going, style of driving, horsemanship, reinsmanship and obedience.

4. Points are awarded by each judge in five categories: Horses/ponies; harness; vehicle; driver/groom/passengers; and general impression. Points range from 1-10, with a 10 being “exemplary quality” to a 1 being “extremely poor”.

5. The total points (maximum 50) are the score for the Turnout Inspection. If more than one judge, the total points are average for the score.

ARTICLE C2703 COUNTRY DRIVE

Object is to allow competitors to demonstrate their ability to drive safely in a variety of conditions and situations.

1. A route between 5 and 10 kilometres, suitable for all participating turnouts should be used, considering terrain, footing and weather.

2. Rules of the Road and common courtesy must be observed.

3. Anyone driving recklessly or unsafely will be asked to leave.

4. Gait is at the discretion of the driver taking into consideration the terrain, footing, weather conditions and condition of the horse(s).

5. A Time Allowed will be established by the Organizer based on the distance and average pace with a window of 2 to 4 minutes.

6. Suggested maximum speeds:
   - Horses – 14 kph; Ponies 13 kph; Small ponies 12 kph; VSEs Donkeys and Heavy Horses 9 kph; Coaches 11 kph.

7. The route shall be flagged with mandatory gates to assist in maintaining the route and prevent short-cuts. Gates shall be a minimum of 3 metres wide, with a red marker on the right and a white on the left. One or both markers may be numbered, or a separate number posted below the red marker.

8. The route may include up to five simple Drivers’ Tests, either man-made or natural, and be completed in the overall time allowed.

9. Drivers’ Tests must not be hazardous in any way and be a minimum of 3 metres wide.

10. Each Driver’s Test will require a volunteer observer to record the results for each entry.

11. Examples of Drivers’ Tests:
   a) Demonstrating appropriate road signals
   b) Signaling and executing a turn
   c) Executing a whip proper whip salute
   d) Reinback a specified number of steps
   e) Drive over a bridge
   f) Drive up to a red carpet, halt, take up or let off a passenger
   g) Drive up to a gate, stop, and put a groom down. Groom opens gate, turnout drives through and stops, groom closes gate and remounts vehicle.
   h) Demonstrate a simulated repair to some part of the vehicle
   i) Drive a figure of 8 indicated by cones
   j) Drive up to a mailbox and remove or deposit a letter.

12. Scoring the Country Drive – drivers start with the maximum of 25 points, then deduct the following (to a maximum of 25 points):
   a) 2 points for each incomplete or unsuccessful Drivers’ Test
   b) 5 points for not completing the Country Drive within the Time Allowed window.
   c) 5 points for not passing through a mandatory course gate.

ARTICLE C2704 CONES COURSE

Purpose is to allow drivers to demonstrate their abilities to drive through a set course of cone pairs and to demonstrate the training and obedience of their horse(s).

1. It is recommended the Cones Course follow the Country Drive, however with limited space or time, the course can be incorporated into the Country Drive.

2. The course is to be driven at the trot. Reckless or unsafe driving must be halted and the driver asked to leave.

3. Organizers will determine the length and Time Allowed on course and order of go. This information and a map of the course must be posted at least 2 hours before the Country Drive.

4. A Time Allowed will be calculated based on the distance between start and finish cone pairs at a speed taking into consideration the course, footing, weather conditions, conditioning of equines. The following are suggested maximum speeds:
   - Horses 180-230 mpm; Ponies and VSEs 150-215 mpm; Coaches 135-180 mpm; Heavy Horses 110-150 mpm; Donkeys 85-135 mpm.

5. A warm-up area of similar size and footing is recommended with a couple of cone pairs for practice.

6. The course design may have between 5 and 10 gates, with the start and finish being the first and last. The sequence may be numbered on or below the red marker.

7. A gate is a cone pair, marked red on the driver’s right and white on the driver’s left, each with a dislodgeable ball on top.

8. The route may include up to five simple Drivers’ Tests, either man-made or natural, and be completed in the overall time allowed.

9. Recommended clearance is the vehicle wheel width plus: 50 cm for two wheeled and short four-wheeled vehicles; 60 cm for four-wheeled vehicles longer than 180 cm between front and rear axles. Three-abreast turnouts should be a minimum of 210 cm.

10. Drivers shall enter the area, salute the judge and proceed after the bell is rung.

11. The judge may ring the bell if the course becomes unsafe or there is a noticeable safety issue with the turnout whereupon the driver must come to an immediate halt for further direction.

12. Time will be stopped or adjusted and the driver may proceed at the judge’s discretion.

13. Scoring the Cones Course – drivers start with the maximum of 25 points, then deduct the following (to a maximum of 25 points):
   a) 2 points for dislodging a ball
   b) 2 point for cantering (each occurrence)
c) 5 points for exceeding the Time Allowed  
d) 5 points for repairable equipment breakage  
e) 10 points for taking a pair of cones out of order  
f) 10 point for missing a pair of cones.

ARTICLE C2705 SCORING
1. There may be a prize for the winner of each competition, or one prize for the highest points for all three competitions combined.
2. Total points are calculated as follows:
   a) Turnout Inspection – total points received by each entry (or average if more than one judge); plus.
   b) Country Drive – point total (cannot be negative); plus
   c) Cones Course – point total (cannot be negative).
3. The driver with the highest total points wins.

PART SIX
COMBINED DRIVING COMPETITIONS

Preamble

This edition of the Rules for Combined Driving Events comes into force on January 1, 2016. As from the aforementioned date, all other texts covering the same matter (other editions, and all other official documents) issued previously are superseded.

Although this booklet sets out the detailed Rules of the FEI governing International Driving Events, it must be read in conjunction with the FEI Statutes, General Regulations, and the Veterinary Regulations.

Not every eventuality can be provided for in these Rules. These Rules are supplemented by a “Notes for Guidance” document published and updated from time to time on the FEI website. When interpreting the rules, the “Notes for Guidance” document should also be taken into account and the Rules should be interpreted accordingly. Additionally, in any unforeseen or exceptional circumstances it is the duty of the Ground Jury to make a decision in a sporting spirit and approaching as nearly as possible to the intention of these Rules and of the General Regulations of the FEI.

Throughout this publication, the word “Horse” shall mean Horse and/or Pony; the masculine shall also include the feminine and the singular the plural unless otherwise stated in a specific Rule. Terms with a capitalized first letter are defined in the Driving Rules, in the FEI General Regulations or in the FEI Statutes.

All events sanctioned by the FEI must be conducted under current FEI rules, which must be adopted upon publication of this rulebook. Driving competitions in Canada, including Interprovincial and national championships and selection trials for international competitions, must be conducted under the current Equine Canada rules. Canadian Addenda

In October, 1998, the membership of the National Sport Organization for Driving, now known as Drive Canada, voted to adopt the FEI Rules for International Combined Driving and interface modifications for all Canadian non-FEI divisions. This decision gives every Canadian Athlete the opportunity to compete under the rules of the sport accepted world wide. Wherever an addition or exception is required under these FEI rules, more specifically to address competition at Training, Preliminary, Intermediate and non-FEI sanctioned Advanced divisions, the text will appear within the article; be identified with the word Canada or Canadian in bold print; and be written in this style of italic type.

The word “Appendix” is used for additional information and schedules to differentiate from the word “Annex” used by the FEI in this publication.

The FEI Code of Conduct for the Welfare of the Horse

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:
   a) Good Horse management
      Stabling and feeding must be compatible with the best Horse
      management practices. Clean and good quality forage, feed and water
      must always be available.
   b) Training methods
      Horses must only undergo training that matches their physical
      capabilities and level of maturity for their respective disciplines. They
      must not be subjected to methods which are abusive or cause fear.
   c) Farriery and tack
      Foot care and shoeing must be of a high standard. Tack must be
      designed and fitted to avoid the risk of pain or injury.
   d) Transport
      During transportation, Horses must be fully protected against injuries
      and other health risks. Vehicles must be safe, well ventilated,
      maintained to a high standard, disinfected regularly and driven by
      competent personnel. Competent handlers must always be available to
      manage the Horses.
   e) Transit
      All journeys must be planned carefully, and Horses allowed regular rest
      periods with access to food and water in line with current FEI
      guidelines.

2. Fitness to compete:
   a) Fitness and competence
      Participation in Competition must be restricted to fit Horses and
      Athletes of proven competence. Horses must be allowed suitable rest
      period between training and Competitions; additional rest periods
      should be allowed following travelling.
   b) Health status
      No Horse deemed unfit to compete may compete or continue to
      compete. Veterinary advice must be sought whenever there is any
      doubt.
   c) Doping and Medication
      Any action or intent of doping and illicit use of medication constitute a
      serious welfare issue and will not be tolerated. After any veterinary
      treatment, sufficient time must be allowed for full recovery before
      Competition.
   d) Surgical procedures
      Any surgical procedures that threaten a competing Horse’s welfare or
      the safety of other Horses and/or Athletes must not be allowed.
e) Pregnant/recently foaled mares
Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids
Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:
   a) Competition areas
      Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.
   b) Ground surfaces
      All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.
   c) Extreme weather
      Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.
   d) Stabling at Events
      Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:
   a) Veterinary treatment
      Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.
   b) Referral centres
      Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.
   c) Competition injuries
      The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.
   d) Euthanasia
      If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.
   e) Retirement
      Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:
   The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.
CHAPTER 30
GENERAL

ARTICLE C3001 INTERNATIONAL RULES
These Rules are intended to standardise international Combined Driving Events, as far as possible, but the conditions at such Events must be fair and similar for all Athletes.
Definition: A Driving Event commences one hour before the First Horse Inspection and concludes on half hour after the announcement of the final results.

CHAPTER 31
STRUCTURE OF COMPETITIONS

ARTICLE C3101 CATEGORIES AND LEVELS
1. Classes:
All, or any, of the following classes may be held at the same Event, but each must be classified separately:
Horse: Single (H1), Pair (H2) and Four-in-Hand (H4)
Pony: Single (P1), Pair (P2) and Four-in-Hand (P4)
At Canadian events, tandem and/or unicorn classes for horses, ponies, and/or Very Small Equines (VSEs) may be offered under separate classification. Except for harnessing requirements that are specific to four-in-hands, unicorns will compete under the same conditions and requirements as four-in-hands; tandems will compete under the same conditions and requirements as pairs.
The following additional rules shall apply to non-FEI sanctioned events held in Canada.
1.1 Driven Dressage and Obstacle-only competitions may be arranged by the organizing committee under these rules.
1.2 Free Style Dressage Test may be arranged by the organizing committee, provided it is not scored as part of a Combined Driving Event. See Appendix L for scoring.
1.3 Championships must consist of all three Competitions.
1.4 Equine Canada is fully aware of the practical difficulties facing Organizing Committees under modern road and traffic conditions. It therefore accepts that they will have to use their discretion in many matters not specified in these rules. It is however required that Events make every reasonable effort to follow the intent and spirit of these rules.
1.5 To ensure uniformity, the Organizing Committee or Technical Delegate must send a draft prize list for their Event to the Canadian Driving Committee setting out the general conditions of each Competition and any particular conditions not provided for in these rules that they wish to present. (See Section A, Chapters 6-9). Prize lists and Entry forms must be approved by the Technical Delegate prior to publication and/or an event permit being issued.

For events without an EC TD, approval is by the President of the Jury, if EC qualified, or by the most senior EC Judge on the jury.
1.6 Tandem and Unicorn classes for horses, ponies and/or VSEs may be offered under separate classification. Except for harnessing requirements that are specific to four-in-hands, unicorns will compete under the same conditions and requirements as four-in-hands. These rules and conditions are provided for FEI classes with modifications for other divisions. They are applicable for all turnouts and for entries in all classes in all divisions. All entries may take part in the same event, but classified separately.

At Canadian events:

10.1 A “Three-Day Event” consists of three distinct Competitions, taking place on separate days. An Athlete may compete with more than one entry in the Event. See Article C3701.2.

At Three-Day events, the officials must include a Course Designer (if Advanced division is offered), a TD and the Ground Jury, which must consist of a President and at least one other member (two other members when Advanced division is offered), and Appeals Jury if so appointed (see Article Competitions Chart, Appendix V). Three Day Events must be sanctioned Gold division by Equine Canada.

10.2 A “Two-Day Event” provides experience for Athletes and horses in the longer marathon test than a Driving Trial. However, by scheduling the Cones on the first day, and by using shorter distances, there is less stress on the horse(s) than at a three-day event. A Two-Day Driving Event may consist of either Driven Dressage and Cones on the first day, followed by a Marathon on the second day; or Driven Dressage on the first day, followed by the Marathon and Cones on the second day. The Marathon introduces a moderate Section A, Walk and B. An Athlete may compete with more than one entry. See Article C3701.2. The officials must include a TD and the Ground Jury which must consist of a President and at least one other member for Training, Preliminary and Intermediate divisions; and an Appeals Jury if so appointed. A Course Designer is recommended for all Combined Driving Events and is required when Advanced divisions are offered. Two-Day Events must be sanctioned by Equine Canada under Articles A304, A305 or A306 as required under the Competition Chart, Appendix V.
10.3 A “Driving Trial” consists of three competitions: Driven Dressage first, followed by the Marathon and Cones, in either order. The Marathon is only one section (B). All three competitions may take place on the same day. The number of entries with which an Athlete may compete is at the discretion of the organizer. See the modified competition rules in Appendix J, Driving Trials. Driving Trials must be sanctioned by Equine Canada under Articles A304, A305 or A306 as required under the Competition Chart, Appendix V.

10.4 An “Arena Trial” may be held in a suitable indoor or outdoor arena. Refer to the modified competition rules in Appendix K. The number of entries with which an Athlete may compete is at the discretion of the organizer. There shall be no Appeals Jury. Arena Trials must be sanctioned by Equine Canada under Articles A304, A305 or A306 as required under the Competition Chart, Appendix V.

10.5 A “Combined a-la-carte (CAC) event” may use any of the above formats, with class entry selections made at the competitor’s option from those published in the Prize List on the entry form. Organizers may offer one or more driven dressage tests (listed as Training A, Training B, Training C, Preliminary A, Preliminary B and so forth); Marathon and Cones classes based on a combination of division and turnout. Competitors have the option to select one class for each of the three competitions. Example: Dressage – Preliminary A; Marathon – Training small pony; Cones – Intermediate pony.

Awards shall be limited class entries only: Dressage – by test; Marathon and Cones by division and turnout. Overall division awards, if offered, are limited to entries competing in the same division for all three competitions.

10.6 A Combined Test consists of any two competitions, but typically consists of Driven Dressage and Cones and may be offered as a stand-alone event or as part of any EC-sanctioned events under 10.2 - 10.4 above.

10.7 These rules shall apply to all Driven Dressage and Free Style Dressage Events.

11. Choice of Date

For Canadian competitions:

11.1 Requests for event permits for all EC-sanctioned Events shall be made by completing the Competition Application Form For Driving Events, and forwarding it with the applicable fees to Equine Canada – Competitions, with a copy of the proposed Prize List approved by the Technical Delegate. Applications must be sent at least 60 days prior to the planned Event.

11.2 Requests to organize a national or an Interprovincial Driving Championship shall be forwarded in writing to the Canadian Driving Committee, and must be conducted as an EC Gold or higher competition.
of the Reserve Horse.

**ARTICLE C3208 PROTESTS AND APPEALS**
Protests: See FEI General Regulations.
Appeals: See FEI General Regulations.
For Canadian events, see Article C4310.7.

**ARTICLE C3209 OFFICIAL RESULTS**
Results are “official” as soon as they have been confirmed and signed by the President of the Ground Jury. See FEI General Regulations.
At Canadian events, a copy of the final scores and ranking for each competition and the overall for the event must be sent to Equine Canada within 14 days of the Event. See Article C119.

**ARTICLE C3210 PRINCIPLES**

1. **Penalties**
The Rules concerning the Event and each Competition must be strictly enforced by the Ground Jury. Athletes who fail to comply with these Rules may incur Disqualification or Elimination, unless some other penalty is prescribed in the relevant Article.
At Canadian events, the jury member disqualifying or eliminating an Athlete shall state the rule number under which the penalty is assessed.
Except for adjustment of a rein, no horse without a bridle whose reins are attached and through the saddle terrets may be attached to a vehicle. This rule applies at all times at the driving event location of Canadian Events.
A horse must not be left unattended while put to a vehicle. Failure to comply will incur elimination and may incur disqualification from the event.

2. **Yellow Warning Card**
Where there is abuse of Horses in any form or incorrect behavior towards Event Officials or any other party connected with the Event or non-compliance with the Driving Rules, the President of the Ground Jury, the President of the Appeal Committee and the FEI Chief Steward, as an alternative to instituting the procedures foreseen in the legal system, may deliver to the Person Responsible a Yellow Warning Card.

3. **Disqualified (D)**
Athletes and Horses may be Disqualified for contravening certain of these Rules at any time during an Event. An Athlete or Horse who has been Disqualified is prohibited from taking any further part in the Event or winning any prize. Disciplinary action may be taken subsequently by the NF of the offender or by the FEI if the incident is reported to the FEI by the Foreign Judge or Appeal Committee, or if a Yellow warning Card has been issued.

4. **Eliminated (E)**
4.1 Athletes will be Eliminated from a Competition as a penalty for contravening certain Rules during the Competitions.
4.2 Athletes who are Eliminated from a competition may compete in the subsequent competition(s) in the Event.

5. **Retired (R)**
Athletes, who, for any reason, do not wish to continue, may decide to Retire during any of the Competitions. If an Athlete Retirees in a Competition he is allowed to compete in the subsequent Competitions in the Event.

6. **Withdrawn (W)**
Athletes are deemed to have Withdrawn if, for any reason, they fail to start in any of the Competitions. Once Withdrawn, Athletes may not take any further part in the Event with the turnout in question.

7. **Lame or Unfit Horses**
If a Horse is deemed to be lame or unfit by
- The Judge at C in Dressage, the Horse must be Disqualified and may not compete in any other Competition. The Athlete is eliminated.
- A member of the Ground Jury in Marathon or Cones, the Horse will be Eliminated as well as the Athlete.

8. **Placings and Prize Money**
8.1 Athletes who Retire or are Eliminated from any Competitions may not be placed in that Competition or in the final classification.
8.2 Athletes may only receive prize money in Competitions in which they have competed without Disqualification, Elimination or Retirement. No prize money will be awarded to an Athlete who has been disqualified from any Competition.

4. The FEI shall also publish the maximum driven penalty points allowed at all Championship in Dressage to qualify to continue into Marathon and Cones. The Ground Jury will have the final decision as to whether the Athlete may continue into Marathon and Cones, taking in to account any contributing factors. There will be no Appeal.
5. For all FEI World Championships it is the responsibility of each NF to prove that their Entries meet the eligibility requirements. Certificates of capability and records of results must be sent by NFs to the OC with their nominated entries, for such entries to be considered valid. (See FEI General Regulations).
6. NFs giving incorrect information will be reported to the FEI Secretary General for appropriate action in accordance with the applicable rules.

ARTICLE C3304 HORS CONCOURS
No Athlete may take part “Hors Concours” in any International Competition.
At Canadian competitions, for divisions other than Advanced, an Athlete may enter as H/C at the discretion of the organizer subject to scheduling limitations. H/C, when driven as a second entry, must be driven after the competing entry.

ARTICLE C3305 ENTRIES
1. The number of Horses that may be entered for an Event must be in accordance with the Schedule.
2. All Athletes invited or nominated for an International Event must be entered by their NFs. All foreign Athletes selected by their NFs must be accepted by the OC. OCs may not accept any other entries.
2.1 Invitations: at CSI2* and above, invitations shall be extended to a minimum four NFs with a minimum of two Athlete’s per NF.
3. For FEI Championships, NFs may only enter Athletes who are qualified under the conditions decided by the relevant Technical Committee.
4. Under no circumstances may the OC limit the number of entries of eligible Athletes or teams for a FEI Championship.
5. Entries for Championships: Entries for FEI Championships must be made following the compulsory three phases outlined under Article C3305.6 to

C3305.15.
6. Entries in principle must reach the OC at least eight weeks before the Event is due to begin. Entry in principle means that an NF has the definite intention of sending Athletes to participate in the Event. It must state whether the intention is to send only individuals, only a team or a team and individuals.
7. Nominated entries must reach the OC at least four weeks before the Event and must include a list of the names of Athletes and Horses from which the Definite Entries and any substitutions will be chosen and state the number of Athletes and Horses which the NF intends to send. The number of nominated entries of Athletes and Horses must not exceed twice the number invited in the Schedule. Once the nominated entries have been sent in, NFs may send fewer Athletes and/or Horses but never more than the number of nominated entries. NFs which are not represented after having made nominated entries and whose excuse is not acceptable to the OC shall be reported by the OC to the Secretary General for consideration of their excuse by the FEI Tribunal.
8. Definite entries must reach the OC at the latest four days preceding the beginning of the Event. These represent the final selection of Athletes and/or Horses that will travel to the Event. The Definite Entries may not exceed the number listed and must be chosen from the list of names on the Nominated Entries. After the Definite Entries have been sent in, substitutions of Horses and/or Athletes may only be made with the express permission of the OC.

ARTICLE C3507 EXAMINATIONS AND INSPECTIONS OF HORSES

See FEI Veterinary Regulations, Article 1033.

1. Examination on Arrival.

At Canadian events, The Examination on Arrival is not required.

1.1 This must take place at all Events upon arrival of competing Horses, and in any case before they enter the Event stables.

1.2 The purpose of this Examination on Arrival is to establish the Horses’ identity by checking the passport and any other relevant documents, and to establish its general state of health.

1.3 The Examination on Arrival must be performed by the Veterinary Delegate or a Treating Veterinarian of the host country.

1.4 Any doubtful cases concerning identity or health must be reported to the Veterinary Delegate (if he does not perform the Examination himself) or to the Veterinary Commission as soon as possible and in any case not later than one hour before the First Inspection.

2. First Horse Inspection

2.1 This must take place at all Events before the start of the first Competition. It must be performed under the direction of the President of the Ground Jury, together with at least one other member of the Ground Jury, the Veterinary Delegate and/or the President of the Veterinary Commission. See FEI Veterinary Regulations and Guidelines for OCs and Officials for details.

2.2 For safety reasons, horses must be presented in bridles and shown on a loose rein or lead. Each horse must display its identity number (Article C3702.2).

2.3 Horses are not permitted to wear bandages or rugs.

2.4 No horse may be presented with its identity concealed in any manner by application of paint or dye for example.

2.5 One FEI Driving Steward with a whip must be present. He is the only person who may assist if a horse refuses to trot. Handlers may not carry a whip while showing the horse. The use of a short whip for restraint of stallions and difficult horses may be allowed by the Inspection Panel upon request. (See FEI Veterinary Regulations 1033).

At Canadian events, the President of the Jury will assign this responsibility to another qualified individual if a Driving Steward is not available.

2.6 The Inspection consists of an initial observation of the horse standing still. It must then be walked in front of the Inspecting Committee, then trotted 30 metres away from the Committee before returning toward the Committee at the trot.

2.7 A veterinarian may be allowed to handle a limb or other parts of the body, but he may not perform any other clinical tests (i.e., flex a limb, or walk or trot a horse in a circle. See FEI Veterinary Regulations, Article 1033).

2.8 In exceptional or doubtful cases, the Inspecting Committee may direct that a horse be placed in an officially supervised holding area (no whips allowed) for a further inspection to take place at a convenient time during the Inspection or in addition to be re-inspected on the following day without any request or any presumption by the Athletes.

2.9 A re-inspection on the following day is possible only if the no decision (accepted or not accepted) is made on the day of the Horse Inspection. The Horse must be presented by the same person as before.

In all cases of further inspection or re-inspection, each member of the Ground Jury and the Veterinary Delegate will be issued with a voting slip on which they must check either a Yes or No box to indicate whether they consider the Horse fit to compete. After consideration of the veterinary opinion from both Veterinary Delegate and holding box Veterinarian these forms will be handed to the President of the Jury who will announce the majority decision as to whether the Horse may compete. When there are two lanes of Horses of a same class being inspected, the Ground Jury of both lanes will come together along with the Veterinary Delegate from each lane

If there is an even number of Ground Jury members and Veterinary Delegates, then the Veterinary Delegate’s vote from that particular lane will be counted twice. There is no Appeal against this decision. It is compulsory to have a Veterinarian available in the holding box.

2.10 Any horse which is due for re-inspection on the following day and is accepted, can be sampled for Prohibited Substances.

2.11. Only a member of the Ground Jury has the authority to disqualify any horse which is considered to be unfit for the Event (marked lameness, serious injury or poor general condition). A veterinarian has no authority to disqualify a horse except where there is a welfare issue.

2.12 The Athlete or his representative who presents the Horse must be smartly dressed.

3. In-Harness Horse Inspection

3.1 This must take place at all Events during, and at the site of, the 10-minute Compulsory Rest prior to Section B of Marathon. One member of the Ground Jury and a Veterinarian are responsible for this Inspection. It must be performed carefully but rapidly so that the Athlete has time to care for his horses before the start of Section B.

3.2 The fitness of the horses must be determined by clinical observation, which may include: measuring the heart rate, the respiratory rate and the temperature in accordance with the Veterinary Regulations. These observations must be recorded.

3.3 The Ground Jury member must eliminate the Athlete if his horse is considered to be lame, injured or obviously exhausted and unfit to continue the competition.
4. **Second In-Harness Examination**
The Second Examination must take place at the finish of Section B of Marathon at all Events. It must be performed under the supervision of a Treating Veterinarian in case any horse needs immediate treatment. The Veterinarian has no authority to disqualify a horse. He must report his findings to the Veterinary Delegate and the President of the Jury as soon as possible after the last Athlete has completed the Marathon.

5. **In-Harness Inspection before Cones**
5.1 The In-Harness Inspection must be carried out before any horse starts Cones, only when Cones follows Marathon. It must be performed by an Inspecting Committee consisting of one member of the Ground Jury together with the Veterinary Delegate, or the Veterinary Commission. The Inspection is obligatory at all Events when Cones follow Marathon. The Horse(s) must be presented by the Athlete himself; Competing without presenting will result in an Elimination.
5.2 Horses will be inspected harnessed to their carriages. Leg bandages, over reach boots and brushing boots are permitted, but must be removed if required by an FEI Official.
5.3 Only the Ground Jury member has the authority to disqualify the horse if considered to be unfit to continue the event.
5.4 At Canadian events, the In-harness inspection is only required for three-day events and when Cones follows Marathon.

6. **Removing a Horse from Competition**

This must be conducted in accordance with FEI General Regulations and the FEI Veterinary Regulations.
7.2 At all divisions of Canadian events, the use, control and testing of medication and other foreign substances shall be in accordance with Equine Canada Rules and Regulations.
7.3 At all Canadian events, the purpose of all Competitions is to match the talents of horses and Athletes against each other under fair and equal conditions. To ensure that the normal performance of a horse during a competition is not affected either deliberately or unintentionally by the influence of drugs, medications, or any form of veterinary treatment, the use of any prohibited drugs or medications is not allowed.

8. **Passports**
See applicable provisions in the FEI General Regulations.
8.1 Canadian owned horses competing at all FEI Events outside Canada and CAI3* or higher Events within Canada must have valid FEI Passports. All foreign-owned horses must have valid FEI Passports to enter all FEI Events except for CAI-1* and CAI-2* Events in the horse’s home country. Exempt Horses must be properly registered with the FEI and identifiable and, unless there is no national requirement for equine influenza vaccination in the host country and in the country of origin all Horses must have a valid vaccination certificate.

ARTICLE C4005  JUDGING

1. Positions of Judges
   When there are five Judges officiating they may be seated at CRSVP, if there are three judges the places may be CBE or CEP or any letter around the arena depending on the driven Test and the Judge's best view. The President will decide the positions. For all CAI1*, when there are two (2) judges officiating, they may be seated at C and B or C and E.
   1.2 At Canadian events for Training, Preliminary or Intermediate divisions where permitted, when there are two Judges, they may be seated at C (President) and either B or E. A third Judge shall sit on the opposite side of the dressage ring. If the second Judge is at B, the third Judge may sit at E or H. If the second Judge is at E, the third Judge may sit at B or M.
   1.3 At events with five judges, the positions for the side judges shall be at 30 meters from the ends of the 100m arena or 20 metres from the ends of the 80m arena.
   1.4 Judges shall observe all tests at one assigned position for all Athletes within the same class.
   1.5 If overall awards are presented for a division, all classes within the division must be judged by the same judges.

2. Allocation of marks
   The Judges will allocate their marks individually. There will be no consultation among Judges once the Athlete has started the Test. Only the Judge at C may give penalties for incomplete presentation or incidents.

3. Multiple Turnouts
   Pairs and Four-in-Hands will be judged as a whole and not as individual Horses.
   At Canadian events, classes for Tandems and/or Unicorns may be included and judged as a whole and not as individual horses.

4. Pace
   The definition of paces under Article C4007.2 - movements will apply to all types and breeds of Horses.

5. Start and Finish
   The test starts as the Athlete enters the Arena at A, unless otherwise stated, and Finishes with the final salute. Tests are not timed. The Athlete will leave the Arena at a trot.
   At Canadian events, competitors shall not be required to commence Dressage tests before their scheduled time.

ARTICLE C4006  MOVEMENTS AND THEIR DESCRIPTIONS

1. Halt
   The Horse must stand square, straight and motionless, remaining on the bit.

2. Walk
   With a regular four-beat movement, the Horse, remaining in a light contact, walks energetically, supple, with even and determined strides with the hind feet touching the ground in front of the foot prints of the fore feet and stretching forwards downwards.
3. Free Walk
Same definition as for the Walk, but in addition, gaining ground as much as possible, clearly lengthening the frame and stretching forwards downwards.

4. Working Trot
A forward, active trot with the horse on the bit, carrying himself in balance and rhythm with even, elastic steps and good hock action and clear impulsion. The steps of the hind feet must at least be touching the ground in the footprints of the fore feet.

5. Collected Trot
The horse remains on the bit and moves energetically forward with a greater degree of engagement, leading to an increased flexion of the hocks and fetlock joints and raising up with the forehand, thus allowing for more mobility and elevation of the strides. The neck will be raised and more arched, with the poll the highest part. The nose should not be behind the vertical, or the neck restricted. The hind legs should take more weight and cadence should be visible.

6. Extended Trot
6.1 The Horse lengthens his stride to cover as much ground as possible as a result of greater impulsion from the hindquarters. The Athlete allows the Horse, remaining "on the bit" without leaning on it, to lengthen its frame to gain ground, with the nose slightly in front of the vertical. The hind feet must clearly overtrack the prints made by the fore feet.
6.2 The Horse must remain in balance while maintaining the same rhythm with strides of equal size. Hurried strides are not asked for, and constitute a severe fault.

7. Medium Trot
Between the defined Working Trot and Extended Trot. The Horse lengthens his stride to cover less ground than asked for in the Extended Trot but more ground than asked for in the Working Trot as a result of greater impulsion from the hindquarters. The Athlete allows the Horse, remaining "on the bit" without leaning on it, to lengthen its frame to gain ground, with the nose slightly in front of the vertical. The hind feet should overtrack the footprints made by the fore feet. The Horse must remain in balance while maintaining the same rhythm with strides of equal size. Hurried strides is not asked for and constitute a severe fault.

7a. Lengthen Stride in the Trot
This trot is used as a preparation for the extended trot. While maintaining the same rhythm, the horse covers more ground than in the working trot. He must lengthen and lower the frame and stride while remaining on contact.

8. Working Canter
8.1 A forward, active pace with regular strides of three time beat. The Horse, showing good balance, remains on the bit without leaning on the hand, and goes forward with light cadenced strides and good hock action.
8.2 A Canter to the right, for instance, will have the footfalls follow one another in the following sequence: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four feet off the ground before the next stride begins.

8.3 The quality of the Canter is judged by the general impression, and the regularity and lightness of the three-beat pace in a clear uphill tendency. The Horse must be on the bit and well engaged in the hindquarters with good hock action, and must have the ability to maintain his rhythm and natural balance throughout the movement and the transitions. The Horse must remain straight on straight lines and correctly bent on curved lines.

9. Collected Canter
Horses strides are shorter than in working canter, the hocks maintain a clear impulsion and the hind legs take more weight; the point of gravity is moving backwards and the neck and poll coming up more and more with the nose always a bit in front of the vertical showing a clear uphill tendency and self-carriage; the basic is a clear three beat and a light steady contact with suppleness and elasticity.

10. Extended Canter
In extended canter the Horse covers as much ground as possible with obviously lengthened strides and frame; there should be no hurried strides and the nose should be always in front of the vertical not losing balance and uphill tendency. There should be clear transitions into and out of the extended canter.

11. Reinbox
11.1 The Horse must walk backwards in a straight line, with the legs being lifted and set down in diagonal pairs. The Horse must remain on the bit, straight and not evade or resist the contact, the poll should remain the highest point.
11.2 Transition to the next movement must be immediate and smooth.

12. Shoulder-In
12.1 Shoulder-in for the Driven Horse is performed in Collected Trot. The leaders are positioned so that the outside leader's tail is in front of the head of the pole. The leaders' shoulders are taken to the inside with a constant angle of approximately 30 degrees and a slight but consistent bend in the neck. The inside hind leg strides forward into the line of the outside front leg so that the Horses are working on three tracks. Impulsion, rhythm and engagement must be maintained throughout.
12.2 Too much bend in the neck results in loss of rhythm and suppleness. The wheelers must remain straight with no counter bend.

13. Diagonal Yield
Horse nearly parallel to Center line, crossing legs diagonally, hind direction diagonal front together, with slight flexion to the inside.

14. Stretching the frame
Letting the Horse take the reins, stretching long and low — forwards and downwards at least to the point of the shoulder over the back while keeping the same rhythm and impulsion. The Athlete must keep the reins without losing the contact and bring the Horse back to the preceding elevation as
soon as the stretching has been shown.

15. **Transitions**
Changes of pace must always be made smoothly and promptly with the Horse remaining in balance and on the bit. A transition must be completed as the nose of the Horse arrives at the prescribed marker, unless otherwise stated.

16. **Change of Pace and Movement**
Changes of pace and movement are made when the heads of the leaders reach the point indicated in the test.

17. **Terminology**
The following must be considered when judging Driven Dressage movements:

17.1 **Obedience and Lightness** – willing response to aids without resistance and correctness of bend.

17.2 **Regularity** – the regularity, evenness and rhythm with which the Horse puts his feet to the ground.

17.3 **Impulsion** – the willingness of the Horse to go forward energetically at all times and to respond quickly and evenly to changes of pace. The Horse must remain in balance while maintaining the same tempo with strides of equal size.

17.4 **Straightness** – carrying the head, neck and body in a straight line with the weight evenly divided among the legs. On curved lines the hind legs need to follow the footprints of the fore feet (no escaping or swinging out)

17.5 **Collection** – roundness and engagement with good hock action, elevated poll allowing the shoulders to move with ease. The Horse’s energy is contained in a more deliberate pace than the Working Trot. The haunches are more compressed, the croup is lowered and the forehand elevated to the same degree. The stride is shorter but more powerful than the Working Trot and the front legs will move from the shoulder with greater agility resulting in lightness and greater mobility throughout. The neck should be more arched. The shortening of the frame is not and never should be a result of pulling back but rather of asking and allowing the Horse to move forward into the Athlete’s hand.

17.6 **Accuracy** – Correctness, roundness and correct size of figures and lines (including corners) as asked in the Test.

**ARTICLE C4007  GENERAL IMPRESSION**

1. **Principle**
There are five boxes at the end of the Judges Score Sheets for marks on General Impression observed by the judges throughout the whole test.

2. **Paces**
Regularity and freedom (if Four-in-Hand, unicorn, tandem or Pair, maintenance of pace by all horses). The quality of paces in each movement is marked under the appropriate movement. The mark for the general impression must reflect paces and transitions during the whole test.

3. **Impulsion**

Moving forward, engagement of the hind quarters (if Four-in-Hand, unicorn, tandem or Pair, all Horses working). The level of impulsion may vary between movements and pace, but the mark for impulsion must reflect the performance of the Horses throughout the Test, in all trot and canter paces.

4. **Obedience and Lightness**
Response to aids - willing and without resistance, correctness of bend, suppleness, acceptance of the bit.

5. **Athlete**
Use of aids, handling of reins and whip, position on the box, accuracy of figures. The mark must reflect the consistent level of accuracy and quality of transitions.

6. **Presentation**
Dress of Athlete and Grooms, cleanliness, fitness, matching and condition of Horses, carriage and fitting and correctness of harness.

6.1 At Canadian Training and Preliminary division classes at CDEs, a Presentation Judge will be appointed by the Organizing Committee and work under the direction of the President of the Ground Jury. Presentation will take place in a separate area, prior to starting the Dressage Competition. Penalty points will be assessed as per Articles C3603 and C4009.

**ARTICLE C4008  SCORING**

1. **Marks**
1.1 Marks out of 10 will be awarded for each numbered movement and for each heading under General Impression on the following basis:

   | Marks    | 10.0: Excellent | 9.0: Very Good | 8.0: Good | 7.0: Fairly Good | 6.0: Satisfactory | 5.0: Sufficient (Marginal) | 4.0: Insufficient | 3.0: Fairly Bad | 2.0: Bad | 1.0: Very Bad | 0: Not Executed |
---|-----------|----------------|-------------|----------|-----------------|-----------------|---------------------|----------------|--------------|--------|-------------|----------------|

1.2 Half marks may be awarded.

2. **Error of Test**
If an Athlete attempts to perform a movement, or attempts to maintain the pace required, and fails to do so, but does not deviate from the track, the President of the Ground Jury may either treat it as an “Error of Course” (see paragraph 3 below), or he may decide to leave the Judges to give the movement an appropriate mark. If an Athlete makes no effort to perform a movement in a Test then it may either be treated as an Error of Test or as an Error of Course at the discretion of the President of the Jury.

3. **Error of Course**
3.1 An “Error of Course” is when an Athlete deviates from the required track or when a movement is performed at the wrong pace, or omitted altogether.

3.2 In the event of an Athlete making an Error of Course, the President of the Ground Jury will ring the bell and stop the Athlete. The Athlete must then resume the Test from the beginning of the movement where the error was made. If the Athlete is in any doubt, he may ask the President of the Ground Jury for guidance, without incurring any penalties.
4. **Disconnected or Broken Harness**  
If the reins, pole strap, chains or trace become disconnected or broken, or should the Horse get a leg over the pole, trace or shaft, the President of the Ground Jury must ring the bell and a Groom(s) must dismount and re-connect or repair as appropriate. The Athlete will be penalised for a Groom(s) dismounting.

5. **Disobedience**  
Any resistance in the forward movement, kicking or rearing is considered to be disobedience and will be penalised by the Judge at C, as follows:  
1st Incident: 5 penalties  
2nd Incident: 10 penalties  
3rd Incident: Elimination

6. **Carriage overturn**  
A Carriage overturning is elimination.

**ARTICLE C4010 CLASSIFICATION**

1. **Total Marks**  
1.1 The individual marks awarded by each Judge for each movement and for General Impression will be added together and divided by the number of Judges to obtain the average score.

1.2 In order to adjust the influence of Driven Dressage on the whole event, where the total possible marks for the test are greater than 160, the average score will be multiplied by the coefficient printed on the score sheet to obtain the adjusted average score to be used in the results.  
At Canadian events see Article C4010.2

1.3 Penalties are only awarded by the President of the Ground Jury at C. Any penalties will be deducted from the average adjusted score and the final total will be deducted from 160 to obtain the penalties for the test.

1.4 Scores will be calculated to two decimal places.

1.5 The Athlete with the lowest score in penalties will be the winner Driven Dressage.

1.6 Score sheets for Canadian events may be found on the Drive Canada website.

2. **Classification at Canadian Dressage Competitions**  
2.1 Total Points awarded by each Judge will be added together and divided by the number of judges to obtain the Average Total Points (to two decimal places). For Training or Preliminary Division test with a maximum greater than 150, or an Intermediate or Advanced division test with a maximum greater than 160 points, the Average Total Points must be multiplied by the Factor indicated on the individual test. Conversion to penalty points is achieved by subtracting the Factored Average Total Points from the maximum possible points (150 for Training and Preliminary or from 160 for Intermediate and Advanced division tests). Total Penalties are determined by adding any penalties under Article 956 imposed by the Judge at C to the Penalty Points.
2.2 Placings in the Driven Dressage competitions:
   a) in Arena Trials and Driving Trials – awarded to competitors in ascending order starting with the lowest Total Penalties.
   b) in CDE penalties points received in Presentation are added to the Total Penalties in Driven Dressage. The Competitor with the lowest combined penalties for Dressage and Presentation will be awarded to competitors in ascending order starting with the lowest combined penalties.

2.3 Placings in Dressage only events, the final scores may be expressed in positive points for High Point awards, as a percentage of the maximum possible points, or as penalty points.
   a) High Point awards are the highest Average Total Points less any penalty points imposed by the Judge at C, placed in descending order.
   b) Percentage awards are the highest Average Total Points less any penalty points imposed by the Judge at C, expressed as a percentage of the maximum possible points, placed in descending order.
   c) Penalty Point awards are the lowest Total Penalties placed in ascending order.

ARTICLE C4101 GENERAL
The objective of Marathon is to test the fitness, stamina and training of the Horses, and the driving skill, judgment of pace and general horsemanship of the Athlete.

ARTICLE C4102 THE COURSE
1. General
   1.1 Maximum Distances and speeds must not be exceeded.
   1.2 These speeds may be reduced by the Technical Delegate and the President of Jury in the case of adverse weather or ground conditions.
   1.3 In CAI2* and 3* the Course must consist of two or three Sections. In CAI04* and above, the Course must consist of three Sections. The distance must be as close to maximum distance as possible for Championships.
   At Canadian events, the Sections are A, Walk and B.
   1.4 The actual distance and time allowed in the Transfer section to be confirmed by the Technical Delegate in conjunction with the President of the Ground Jury.
   1.5 The total distance in Section B should be approximately one km per obstacle and preferably not less than 700m between two consecutive obstacles. The total distance in Section B must include the distances through the obstacles.
   1.6 The distances between the end of one Section and the start of the next must not be included in the total length and time of the course.

At Canadian events with Section A, VSE entries in Training and Preliminary divisions may compete on a shortened course. VSE entries in Intermediate/Intermediate II division will use the full course. When Section A is 1 kilometre or less, it may be driven on the track of the Walk Section and the requirement for a walk section omitted entirely.

3. Compulsory rests

A safety check of the turnout must be made before the start of Marathon and during the 10 minute hold at the end of the Transfer Section (Option 1) or Section A (Option 2) Compulsory rests.

At Canadian events, the format of the required safety check at the Rest Stop is at the discretion of the President of Jury and Technical Delegate, under the direction of the Ground Jury.

3.1 There must be a compulsory rest of not less than 10 minutes in the designated rest area prior to the start of Section B.

3.2 The area of the compulsory rest should, if possible, provide some shade and must be large enough to accommodate three turnouts at once and have room for additional motor vehicles.

3.3 Water must be provided at the rest area for the Horses.

3.4 A farrier must be available at the rest area. If the Athlete has to wait for the Farrier for any reason beyond his control, then the Athlete will be credited with that time.

At Canadian events, a Farrier may be present or on call at the discretion of the Organizing Committee.

3.5 In exceptional circumstances, the minimum time required for the Compulsory Rest may be increased by the President of the Jury in consultation with the Technical Delegate.

3.6 If a Horse is not accepted by the Veterinarian at the rest area after 10 minutes the Horse and Athlete will be Eliminated.

3.7 Turnouts may only stand or walk within the rest area.

4. Section and direction signs

4.1 The beginning and end of each Section must be marked with a pair of Red and White flags.

4.2 The entire Course must be clearly marked with yellow direction markers placed, wherever possible, on the right hand side of the track to be clearly visible to the approaching Athlete. A confirmation directional arrow must be placed after every significant turn.

4.3 Sections A and B must have a marker at every kilometer. In Section B the measurement of the kilometers must include the distances through the obstacles.

At Canadian events, when multiple divisions with different distances are in use on Sections A and/or B, the kilometre markers shall be distinguished by the colours and shapes described under Article C4102.5.1.

4.4 The marker for a kilometer occurring within an obstacle should be placed on the post supporting the red exit flag.

5. Compulsory turning flags (CTF)

5.1 Sufficient red and white compulsory turning flags must be positioned on the Course to ensure that all Athletes follow the designated track. Athletes must leave the red flags on their right and the white flags on their left. These compulsory turning flags must be numbered consecutively in each Section and they must be placed so they are clearly visible to Athletes from a reasonable distance.

At Canadian Training and Preliminary division events, there shall
be no Compulsory Turning Flags positioned on significant slopes.
A relatively easy alternate route shall be provided.
At Canadian Intermediate division events, Compulsory Turning
Flags may be positioned on moderate slopes.
At Canadian events, numbered markers (CTF) and kilometre
markers shall be distinguished by the following colours. Distinctive
shapes are also highly recommended. Numbers may be black or
white to provide maximum contrast:
Training division – diamond – white or black background
Preliminary division – square – green background
Intermediate division – circle – red background
Advanced division – triangle – blue background
VSE classes – octagonal – orange or purple background.
(If a separate and distinct VSE course is used, it is distinguished
by using an orange or purple marker together with the division
marker noted above).
5.2 The location and number of the Flags must be marked on the map
of the Course to clearly indicate the correct route to be driven
between the compulsory turning flags before and after each
obstacle. In addition, a list showing the order for driving
compulsory turning flags and obstacles must be provided for
Athletes and Officials.
5.3 Ground Observers must record the Athlete’s track through the
compulsory turning flags; if any compulsory turning flags are missed
out or passed in the wrong sequence, the details must be reported to
the member of the Ground Jury or Technical Delegate as soon as
possible.
6. Paces
6.1 The finish of Section B must not be more than 300 m from the exit of
the last Obstacle unless the Technical Delegate grants an exception. If
the last obstacle is situated within 300 m of the finish, Athletes may
stop within 30m of the out gate of the obstacle to repair a broken or
detached harness without penalty. A 30m marker will be placed on the
track to indicate this point if the last obstacle is within 300 m of the
finish.
6.2 Between last obstacle (or 300m) and finish, pace must be trot or walk
only. The Athlete will accumulate one penalty point for each five
seconds the turnout is not at the walk or trot.
At Canadian events, see Article C4102 Appendix N or O (Quick
7. Walk Section
At Canadian events, Obstacles such as gates, sharp turns, water and
steep hills should not be included in a walk section.

ARTICLE C4103 OBSTACLES IN SECTION B
1. Number of Obstacles
1.1 The maximum number of Obstacles, natural or artificial, is eight In
CAI3* and CAI0 and seven in CAI2*. The minimum number is six
in CAI3* and CAI0 and the minimum is five in CAI2*.
For Canadian events, refer to Article C4102.
1.2 For senior Championships there must be eight obstacles. For Junior
and Young Athlete Championships, the maximum number of obstacles
is six.
1.3 For Children, the maximum number of obstacles allowed is five with
four gates each (A, B, C, D only).
1.4 For Para-Equestrian Driving, the maximum number of obstacles is six.
2. Sketches of Obstacles
Accurate sketches of each Obstacle, showing the location of the
compulsory gates, Dislodgeable/ Detachable Elements and Entry/Exit Flags
must be made available to Athletes, team and Event Officials before the first
inspection of the Course.
3. Design and Construction of Obstacles
3.1 The number of each Obstacle must be clearly displayed on the post
supporting the Red Entry Flag.
3.2 The Entry and Exit of each Obstacle must be marked by Red and
White Flags (red on the right and white on the left), not less than 20 m
from the nearest lettered gate, unless the Technical Delegate grants an
exception.
At Canadian events, the entry and exit of each obstacle for VSE
classes may not be less than 15m from the nearest compulsory gate unless the Technical Delegate grants an
exception.
3.3 The track through an Obstacle should not exceed 250m on the
shortest, 2.5m drivable route that is not narrower than 2.5m at any
point, between the entry and exit flags The track may exceed 250m in
exceptional circumstances, at the discretion of the Technical Delegate.
At Canadian events, a legal driveable route for VSE entries through an
obstacle must not be narrower than 200cm at any point.
3.4 Obstacles must be at least 700m apart. The Technical Delegate may
grant an exception.
3.5 Obstacles must be clearly numbered in the sequence in which the
Athletes are required to drive them.
3.6 Obstacles must not include any feature which might cause damage or
injury to the Horses.
3.7 Artificial obstacles should be solidly constructed and firmly fixed, so that
they are unlikely to be moved or broken during the Competition.
3.8 If the Course Designer includes any element in an obstacle, which in
the opinion of the President of the Jury and Technical Delegate could
frighten the Horses, an alternative route must be provided within the
Obstacle.
3.9 Where a constructed water crossing is included in an obstacle, the
depth of the water must not be more than 30cm. Where natural water
is used the Technical Delegate may allow a maximum depth of 50cm.
The bed of any water crossing must be firm. Where water depth
exceeds 50cm a substantial fence, firmly fixed, must be constructed, to
prevent Horses going into deep water.
At Canadian events, Training division must have a dry,
measured, legal, optional route through water obstacle gates.
3.10 If a barrier for crowd restraint is required, by local regulations or the
Organiser, it must not be positioned closer than 20m from the nearest
element in the obstacle, unless the Technical Delegate grants an
4. Compulsory gates

4.1 Obstacles will include compulsory gates marked with red and white letters, which will be marked A up to F, indicating the sequence in which they must be driven.

At Canadian competitions where obstacles are used for more than one Division, the compulsory gates may be marked with blue (for red) and yellow (for white) markers for Training Division only, when approved by the Technical Delegate.

At Canadian competitions one obstacle may have unlettered red and white gates, driven in any sequence provided the obstacle sketch (Article C4103.2) shows a dashed line connecting pairs of markers forming each of the gates.

4.2 As an alternative option, a maximum of two letters can be used twice in the same obstacle.

4.3 The height of all elements within a compulsory gate must not be less than 1.30 metres.

At Canadian events, minimum height for gates and elements for VSE classes is 1.0 metre unless an exception is granted by the TD.

4.4 The minimum width of a compulsory gate is 2.50 metres.

At Canadian events, the width of a compulsory gate for VSE classes is 2.0 metres.

4.5 At Canadian events for Training and Preliminary divisions, compulsory gates may not be positioned on a significant slope. At Intermediate division, moderate slopes are permitted.

5. Dislodgeable/detachable elements

5.1 The Course Designer may choose any type of dislodgeable/detachable element with a preference for balls such as used in Cones.

5.2 All dislodgeable/detachable elements may not interfere with, or cause injury to the Horse or damage to the carriages, when they are dislodged.

5.3 The cups that hold the ball on a dislodgeable element should be a standard 45-55mm pipe to hold the balls from the cone driving competition. The cups must be of sufficient depth so that the ball does not rest on the post.

5.4 The number of dislodgeable/detachable elements must not exceed 24 in total. When mobile Elements are used, this number can be increased.

5.5 Athletes will incur 2 penalties for each element dislodged.

5.6 A dislodgeable/detachable element is “live” at all times until it is dislodged or completely detached.

5.7 An Athlete or Groom who attempts to prevent a dislodgeable/detachable element from being dislodged will incur 10 penalties.

ARTICLE C4104 INSPECTION OF THE COURSE

1. Visit of the Technical Delegate

At least five days before Marathon, the entire Course, including the obstacles, must be available for inspection and approval by the Technical Delegate.

2. Briefing for Athletes and Officials

2.1 The Technical Delegate must arrange a briefing for members of the Ground Jury and the Chefs d’équipe (Athletes at CAI Events) prior to the official opening of the Course.

2.2 Ground Observers, obstacle observers and time keepers must be briefed by the Technical Delegate or his designated representative before the start of Marathon.

2.3 Copies of maps of the entire Course must be available at the briefing, for those requiring them. The maps must show each Section, the location of all the Obstacles and numbered compulsory turning flags, kilometre markers, and any areas of the Course which are closed to motor vehicles.

2.4 Drawings of the obstacles must be available for Chefs d’équipe, Athletes and Officials during the briefing.

2.5 A list showing the order for driving compulsory turning flags and obstacles must also be made available.

3. Inspection of the Course by Athletes.

3.1 At least 48 hours before the first Athlete is due to start Marathon, the whole Course must be open for inspection by the Athletes, except under exceptional circumstances, when Organisers have the option not to open Sections A for inspection, with the agreement of the Technical Delegate.

At Canadian events, the course must be available for inspection by the Competitors at least 24 hours before the start of the Competition. The obstacles used in Arena Trials must be completed, approved by the Jury and open for inspection at least one hour prior to the Competition. (See Appendix K).
3.2 Timekeepers at the start and finish of each Section must record the start and finishing times for each Athlete on the Section Timer Record and enter the time on the Athlete’s Marathon (Green) Time Card.

4. Start and finish
4.1 Athletes should be at the start of Section A at least 10 minutes before their published Start Time.
4.2 If an Athlete is not ready to start Section A at his scheduled time, the Timekeeper will start him at the earliest available time at his discretion, and record the actual starting time, which must be reported to the Technical Delegate and President of Jury, for onward transmission to the Scorer, at the earliest opportunity. The Athlete will be penalised 0.25 of a penalty per second of the time elapsed between his scheduled start time and the time he was ready to start, and he must not be allowed to start less than two minutes before the next Athlete’s starting time. For the avoidance of doubt, Athletes will not be penalised where the start of Section A is delayed for organisational reasons.
4.3 Athlete must start each section from the halt with the leading horse behind the line. The Timekeepers will count-down to the start time. If an Athlete starts before the Timekeeper gives him the authorisation, he will be recalled, a new start will be given and the Marathon Time Card will be amended. If the Athlete fails to stop he may be eliminated. A member of the Ground Jury must be made aware of the circumstances as soon as possible.
4.4 The timing of the section ends when the nose of the leading horse has passed the finish line. Section penalties will apply until the whole turnout has passed the finish line.

ARTICLE C4105 TIMES
1. Timetable
1.1 A timetable showing the start of Section A and the time table of each Section, including the compulsory rest, must be drawn up by the OC for the Ground Jury and Technical Delegate. It must be adjusted in the event of unforeseen circumstances and redistributed.
1.2 A timetable showing the starting time for each Athlete on Section A must be provided to the Athletes and the timekeeper at the start of Section A. Running order lists must be provided to all other timekeepers, ground observers and obstacle observers.

2. Times in Sections
2.1 The Time Allowed in all Sections is calculated according to the average speed selected for that Section.
2.2 The Minimum Time in Section A is two minutes less than the Time Allowed.
2.3 The Minimum Time for Section B is three minutes less than the Time Allowed.
2.4 The Time Limit for Section A and Transfer section is the Time Allowed plus 20%. The Time Limit for Section B is twice the Time Allowed.
2.5 An Athlete who exceeds the Time Limit in any section will be Eliminated.
2.6 At Canadian competitions, in the Walk Section there is no minimum time in the Walk Section and the time limit in twice the time allowed.

3. Timing
3.1 Electronic timing equipment should be used for the timing of Athletes in each Section and the obstacles, whenever possible.
7.2 At the Finish of Section B a broken or disconnected pole or shaft or bit will incur Elimination.

7.3 Carriages must pass the Finish of Section B drawn by the number of Horses required for the designated class and on the designated number of 16s. Failure to comply will incur Elimination. Broken or missing tires are acceptable.

7.4 If the carriage overturns (on the course or in an obstacle), the penalty is elimination and the Athlete may not continue on the Marathon.

ARTICLE C4107 OBSTACLE PENALTIES

1. Pace in Obstacles

Athletes may use any pace in the obstacles.

1. At Canadian events, for divisions other than advanced, see Articles C4102.2.8 (Distances and Pace for Canadian Marathon competitions) and C4106.4 (Incorrect pace).

2. Error of Course in an Obstacle:

2.1 Athletes entering any part of an obstacle without first passing through the entry flags or failing to pass through the exit flags on leaving an obstacle without correcting the error will be eliminated.

2.2 The compulsory gates in an obstacle are “free” after an Athlete has passed through them in the correct direction and in the correct sequence. Athletes may, therefore, go through them again in any direction at any time (for example, Athletes must go through A in the correct direction before going through B. A is now “free” and they may go through it again in any direction as often as they like, and so on).

2.3 Athletes, who pass through a compulsory gate in the wrong sequence or direction before it becomes “free” and without correcting the error before passing through the Exit Flags, will be eliminated.

2.4 In order to correct such an error of course, the Athlete must return to and drive through the compulsory gate he missed before continuing through the next compulsory gate in the correct sequence. (For example, an Athlete drives through compulsory gates A and B and then goes through D (missing gate C). In order to correct this error of course, the Athlete must go back and drive through gate C before going on to gate D, etc. All gates are neutralised until he reaches this gate). Each Error corrected shall incur 20 penalties.

2.5 Passing through the exit gate of an obstacle without driving all compulsory gates in the correct sequence will be penalised by elimination.

5. Dismounting

5.1 Outside the obstacles in Section B, Grooms and Athletes are not allowed to dismount unless the carriage is stationary. If the vehicle is not stationary, either or both Groom(s) dismounting will incur 5 penalties. The Athlete dismounting will incur 20 penalties.

5.2 The Athlete and all Grooms must be on the carriage as it crosses the Start and Finish lines and passes through the Compulsory Turning Flags in each Section. Failure to do so incurs 5 penalty points for grooms and 20 penalty points for the Athlete on each occasion.

5.3 In exceptional circumstances, if warranted due to the condition of the terrain or weather, the Technical Delegate and the President of the Ground Jury may permit Grooms in competitions for ponies and single horses to run behind their carriage on designated parts of the course.

At Canadian events, the above paragraph applies to VSE entries also.

6. Stopping

6.1 Athletes may stop for repairs to carriages or harness or for any reason beyond the Athlete’s control anywhere on the course other than while negotiating an obstacle, without incurring penalties, other than loss of time, except as in C4102.6.

6.2 Athletes will incur 1 penalty point for each commenced ten seconds that they remain stopped on the course for any other reason.

6.3 If an obstacle is situated within 300m of the finish line, an Athlete is allowed to stop to carry out necessary repairs as long as he stops within the signed 30 metres after leaving the last Obstacle to make necessary repairs to the harness or carriage without penalty. Stopping for any other reason between the last Obstacle or the 300 metre sign, whichever is closer to the Finish Line in Section B, will incur 10 penalties for each occurrence.

7. Damaged Carriage/Harness

7.1 At the Finish of Section B any missing or disconnected trace, pole strap or reins will incur 10 penalties for each occurrence.
Timing
7.1 The Athlete will be timed from when the nose of the leading horse passes between the entry flags until the nose of the leading horse passes between the exit flags. Other obstacle penalties will continue to apply until the whole turnout has passed the exit flags.

7.2 Electronic timing equipment should be used to time Athletes through the obstacles if at all possible. At Championships, CAIO and CAI3* it is compulsory.

7.3 The Time Limit for Athletes in obstacles is five minutes. If Athletes fail to complete the whole obstacle and pass the exit flags within the Time Limit, the Obstacle Observer is to blow two blasts on a whistle indicating to the Athlete that the Time Limit has been reached. The Athlete must then vacate the obstacle as quickly as possible (with assistance if necessary) and may not continue in the competition.

7.4 The time taken for an Athlete to complete an Obstacle shall be recorded to hundredths of a second, either manually or electronically.

7.5 There is no rounding of time or conversion to penalty points for individual Obstacles.

Hold Ups
8.1 If an Athlete arrives at an obstacle while the previous Athlete is still negotiating the obstacle, or if the Obstacle is not ready to be driven, he is to be held at a point on the course approximately 50m from the entry flags.

8.2 One of the Assistant Obstacle Observers is to stop the Athlete at that point and start his stopwatch. As soon as the previous Athlete is clear of the obstacle, and the Obstacle Observer approves a restart, the Assistant Obstacle Observer will restart the Athlete and inform him of the time he has been held. This should be in whole or half minutes.

At Canadian competitions, Athletes being held will be restarted only in whole minute intervals.

Obstacle video recording
9. Video recording at each Obstacle is recommended in all Events. Such video recording is compulsory at CAI World Cup™ Qualifiers, CAIOs and Championships.

ARTICLE C4108 JUDGES
1. Positions
1.1 One member of the Ground Jury must be at the Compulsory Rest before Section B. The Judge should act on the advice of the Veterinary Delegate to decide whether the horses are in a fit condition to continue the competition. The judge must also...
supervise the measuring of the carriages and correctness of the Harnessing. See Articles C3602 & C3605.

At Canadian non-FEI classes, there are no minimum weights or widths. (See Article C3602.)

1.2 One member of the Ground Jury must be at the end of Section B to supervise the inspection of carriages, harness and Marathon Time Cards and when applicable to supervise the weighing of the carriages. An Athlete whose carriage is below the prescribed weight will be eliminated. (See Article C4111).

1.3 The rest of the Jury will be positioned by the President of the Ground Jury.

1.4 At Canadian events, for Marathon competitions with more than 50 entries, a Ground Jury of at least three members is required.

1.5 At Canadian events, members of the Ground Jury at the end of Walk Section or end of Section B are not required to assist the veterinarian in pulse and respiration checks. Organizers should ensure sufficient volunteers are available to assist the veterinarians.

ARTICLE C4109 OFFICIALS

1. Ground observers
   1.1 Ground Observers should be allocated positions around the course by the Technical Delegate from which they can observe the most critical compulsory turning flags.
   1.2 Ground Observers must be given the starting order of Athletes together with copies of instructions and the Ground Observers Report and a Control Sheet.
   1.3 Ground Observers must report all incidents for which an Athlete may be penalised, and any other information, to the Ground Jury member of the Ground Jury periodically and at the end of their period of duty.
   1.4 Ground Observers cannot eliminate or otherwise penalise Athletes. It is the responsibility of the Ground Jury to impose appropriate penalties.
   1.5 After the competition, Ground observers must remain in the vicinity of the Secretary’s Office until dismissed by the President of the Ground Jury.

2. Timekeepers
   2.1 Each Timekeeper will be provided with a chronometer with a “time of day” display and instructed in its use by the Technical Delegate or the Chief Timekeeper. The Technical Delegate or his assistant is responsible for the synchronisation of the “time of day” on all chronometers issued to Officials.
   2.2 The Timekeeper at the start of Section A must be issued with the starting time schedule and should ensure that Athletes have been given a Marathon Time Card (Green Card).
   2.3 All other Timekeepers at the start and finish of each Section must be provided with the complete list of Athletes and a running order.

2.4 Timekeepers are required to record the start and finish times for their respective Sections and to enter them on the Athlete’s Marathon Time Card and the Section Timer Record

2.5 Horses must start from the halt with the nose of the leading horse behind the start line.

2.6 The finishing time will be taken as the nose of the leading horse crosses the finish line. The section is finished as the rear axle has passed the Finish Line.

2.7 After the competition, Timekeepers must remain in the vicinity of the Secretary’s Office until dismissed by the President of the Ground Jury.

3. Obstacle observers
   3.1 There must be one Obstacle Observer at each obstacle. Each Obstacle Observer must have at least two assistants. The Obstacle Observer must be given a whistle and two stopwatches and instructed in their use by the Technical Delegate or his assistant. They must record the exact time to hundredths of a second taken by each Athlete through the obstacle.

At Canadian events, the number of Obstacle Observers at each obstacle will be determined by and at the discretion of the Technical Delegate.

3.2 Obstacle Observers must be given a starting order listing all Athletes together with sufficient copies of Obstacle Report and diagrams to record each Athlete’s time and the sequence of the gates through the obstacle as driven.

3.3 In case of incorrect sequence, a drawing of the route must be recorded.

3.4 Obstacle Observers must record and report all incidents to a member of the Ground Jury, as soon as possible after the incident occurred.

3.5 After the competition, Obstacle Observers must remain in the vicinity of the Secretary’s Office until dismissed by the President of the Ground Jury.

ARTICLE C4110 CLASSIFICATION

1. Conversion of time to penalties
   1.1 The total time taken by the Athlete in the Obstacles will be recorded to hundredths of a second and penalties will be calculated to two decimal places. Any time over the Time Allowed in each of the Sections will be added together and multiplied by 0.25. Any time under the Minimum Time in Sections A and B will be multiplied by 0.25. There shall be no rounding of times. The penalties for under Minimum Time; plus penalties for over Time Allowed and the total Obstacle times shall be added to any other driving penalties received to determine the final score for each Athlete in Marathon.

1.2 For Athletes who are Eliminated or Retire see Article C3210.

1.3 The Athlete with the lowest number of penalties will be the winner of the Competition.
1.4 In the event of an equality of penalties, the Athletes will be placed on equal rank.

CHAPTER 42
CONES

ARTICLE C4201 GENERAL
The Cones Competition is to test the fitness, obedience and suppleness of the horses after the Marathon, and the skill and competence of the Athletes.

ARTICLE C4202 COMPETITIONS
1. The Fault Competition shall be used in Driving Events.
   1.1 The Fault Competition is conducted on the basis of penalties for obstacles knocked down and for exceeding the Time Allowed. The score from this round will always be used solely to decide the Final Classification in all Events.
   1.2 There may be a Drive-off between all Athletes with zero penalties, or equality of penalties to determine the winner of Cones.
2. The Time Competition
The TIME Competition is conducted on the basis of the time in seconds taken by Athletes to complete the course, with any penalties for faults converted to penalty seconds. Time Competitions are only to be used to determine the placings in Cones
3. Competition in Two Phases:
The result of the first section may solely be used for the final results of the Combined Driving Event.
4. Competition with a Winning Round:
This competition is run over one round according to penalties and time which will count for the final classification in the Driving Event, and a winning round to determine the placings in Cones.

ARTICLE C4203 THE COURSE
1. Building and Measuring the Course
   1.1 The Course Designer is responsible, under the supervision of the Technical Delegate, for laying out, marking and measuring the course and building the obstacles. The President of the Ground Jury must ensure that the length of the Course was measured accurately.
   1.2 The arena should be not less than 70m x 120m or an equivalent area. Should this not be possible the number of obstacles must be reduced accordingly unless an exception is granted by the Technical Delegate.
   1.3 The starting and finishing lines may not be more than 40m nor less than 20m from the first and last obstacles respectively.
   1.4 The number of obstacles may not exceed 20 (except Article 979.3), and for Children, the number may not exceed 14.

   1.5 The length of the course must be between 500m and 800m, for Children it may be shorter.
   1.6 Courses must be laid out so that Athletes have a chance to maintain a reasonably fast pace throughout the major part of the course. Certain obstacles, and combinations of obstacles, such as open and closed multiples, will inevitably slow down the pace, but such a layout should be limited to a small proportion of the whole course.
   1.7 All obstacles should be visible from the Judges' boxes.
   1.8 The President of the Ground Jury must walk the course to inspect it before the start of the Competition. The course is the track which the driving Athlete must follow when competing, from passing the start in the correct direction up to the finish. The length must be measured accurately to the nearest metre taking account, particularly on the turns, the normal line to be followed by the Horse(s). This normal line must pass through the middle of the obstacles.

ARTICLE C4204 OBSTACLES
1. Cones
   1.1 The cones forming an obstacle must be at least 30 cm high and made of indestructible plastic material. A weighted ball must be placed in the hollow on top of the cone, so that it falls down only if the cone is touched.
   1.2 All obstacles consisting of a single pair of cones will constitute a single obstacle.
   1.3 The obstacle include cones, red and white markers, numbers and letters.
   1.4 The position of one of the pair of cones must be marked on the ground so that a constant position of the obstacle is maintained throughout the competition. Where practicable a line will also be drawn to ensure that the other cone is maintained at the correct angle.
   1.5 Obstacles that entail reining back are not permitted.
   1.6 At Canadian events, the minimum clearance between pairs of cones (for Advanced division Horses and Ponies, see Article C4205):

</tr>
</tbody>
</table>

   * Increase clearance by 10cm for tandems, unicorns and four-in-hands.
   1.7 At Canadian Events, at the Organizer’s option, Cones clearances may be based on standardized vehicle track widths for any or all...
divisions, or the Organizer may restrict vehicles to one or more categories. If exercising these options, the Organizer must publish this in advance in the Prize List, identifying that “Standardized Cones/Obstacles settings shall be used in the following specified classes or divisions.”

1.8 At Canadian Events, electing to use standard Cones settings, the following table shall apply:

</tbody>
</table>

* Increase these settings by 10 cm for tandems, unicorns & four-in-hands.

Note: For VSE Advanced division cones settings in Driving Trials and Arena Trials, use Article C4204.1.6.

2. Multiple obstacles

2.1 Multiple Obstacles must conform to those design principles. See Annexes.

2.2 Variations or new designs must be pre-approved by the FEI Driving Committee and included in the Event Schedule.

2.3 A Multiple Obstacle may be constructed of markers or horizontal rails, elevated to a minimum of 40 cm and maximum of 60 cm in height.

2.4 Each group of cones or elements must be clearly separated and associated with one of the sections of the multiple.

2.5 A Multiple Obstacle, other than a “Serpentine”, “Zig-Zag”, a “Double Box” or a “Double U” or a “Wave” must not consist of more than three pairs of cones or dislodgeable elements.

2.6 Other than Serpentines, Zig-Zags, Double Boxes, Waves and Double Us, a Multiple Obstacle may not be longer than 30m measured along the centre line through the obstacle.

2.7 There may not be more than three Multiple Obstacles in any course.

2.8 In Multiple Obstacles Athletes can only incur a maximum of 6 penalties in a Double (A & B), 9 penalties in a Triple (A, B & C) and 12 penalties in a Serpentine, Zig-zag, Double Box Wave or Double U (A, B, C & D) per attempt, plus any penalties for a rebuild as well as penalties for Disobedience.

2.9 Multiple Obstacles may not be used in a Drive-Off. (See Article C4208 – Drive-off and Article C4212 – Summary of penalties.

3. Serpentines, Zig-Zags, Double Boxes and Double U and Wave

3.1 A Serpentine consists of four cones in a straight line facing in alternate directions lettered A, B, C, D (See Annexes).

3.2 A Zig-zag consists of not more than four pairs of cones, with alternate left and right cones in a straight line (refer to the website). All center line cones must be placed in a straight line, either at the front, middle or rear of the cone.

3.3 A Double Box and a Double U and a Wave are illustrated in the Annexes.

4. Water and bridges

4.1 Where Water Obstacles and Bridge Obstacles are included in the course, prior notification must be given in the Schedule for the event.

4.2 Water Obstacles must be at least 3m wide, with a depth between 20 and 40 cm and sloping sides. There must be a pair of cones at the entrance (flag lettered A) and exit (flag lettered B) with the cones 2.0m apart.

4.3 Knocking down a ball or balls on either A or B will be penalized as 3 penalties for each pair of cones.

4.4 Wooden bridges, or bridges of similar suitable construction approved by the Technical Delegate, with fan shaped wings at the entrance, with the bridge surface not more than 20 cm above the ground with a usable width of three metres and a maximum length of ten metres are permitted and boarded or rail sides are essential. The Technical Delegates may grant an exception if the bridge is of a permanent solid construction with strong side rails. There must be a pair of cones at the entrance (flag lettered A) and exit (flag lettered B) with the cones 2.0m apart. See Annex 6.

4.5. At Canadian events, a bridge, similar in design to Annex 6 may be used for divisions other than Training, provided advance notice is given in the Prize List. A size-adjusted bridge may be offered for VSE classes in Driving Trials and Arena Trials, use Article C4204.1.6.

4.6 At Canadian Training Division events, a water obstacle may be used providing there is an alternate land route option and notice is given in the Prize List. Water depth for VSE classes may not exceed 20 cm.

5. Markers

5.1 Each obstacle is defined by a pair of markers: a red marker on the right hand side and a white marker on the left hand side as
Athletes approach the obstacle. They are placed not more than 15 cm outside the elements, which form the single and multiple obstacles.

5.2 The entire turnout must pass between these markers. Failure is considered as Disobedience. (See Article C4206.7.3 and C4206.7.6.)

5.3 Turning posts decorations and obstructions must be placed on the course before the official course walk. No penalty is incurred if they are touched, displaced or knocked over.

5.4 All obstacles in the course must be numbered in the sequence in which they are to be driven. The number of each obstacle must be indicated on a board placed at the entrance to each single and Multiple Obstacle.

5.5 Each distinct section of a closed Multiple Obstacle (Ls, Us and Boxes) must be clearly marked in different colours. (See Annexes) The entire turnout must pass between these markers in the correct alphabetical order.

5.6 The red and white markers and the numbered and lettered boards may be combined, so that the numbers and letters appear on the same posts as the red and white markers, or they may be on separate boards or discs. If possible the numbers of the obstacles should be placed so that Athletes can see them as they leave the previous obstacle.

6. Plan of the Course

6.1 At least one and a half hours before the start of the Competition for each class in the Event, a plan of the course, signed off by the Course Designer and the President of the Ground Jury must be given to the Athletes and be posted in the Collecting Ring showing the length, speed in metres per minute and the Time Allowed for that class. Should the timing be adjusted by the Ground Jury, this will be announced by the Commentator.

6.2 At Canadian events, a plan for the Cones Competition need not be supplied to each Athlete provided one is posted on the Official Notice Board once the Course is approved by the President of the Jury and prior to the course being open for inspection.

7. Inspection of the Course

7.1 The course must be open for inspection at least one and a half hour before the start of the competition. Only Athletes, Chefs d’Equipe and trainers are allowed to inspect the course on foot and they must be correctly and smartly dressed. Athletes, Chefs d’Equipe and Trainers are not permitted to use measuring wheels when inspecting the course. At an Event, a warning will be issued for the first offence and a Yellow Warning Card from the President of Jury for subsequent offences.

**Exception:** At Canadian events, Athletes with limited mobility due to physical disabilities will be permitted to drive themselves, through the Cones course at a walking pace in golf carts or similar vehicles.

7.2 Only the Course Designer and his staff may alter or work on any part of the course. If any Athlete, or any person associated with him alters the course in any way, the Athlete will be disqualified.

* At Canadian events, see Appendix N or O for obstacle clearances (Article C4204.1.6) and speeds (Article C4206.9.5)

# In Canadian competitions for divisions other than Intermediate II and Advanced, the minimum clearance for obstacle cone pairs is based on each competitor’s vehicle track width. Alternately, the Organizer may choose to use standardized Cones settings, or a modified combination thereof, for any or all classes, as illustrated in the table in Article C4204.1.8, provided are advised in advance of the event in the Prize List. The width of closed multiples should be greater than minimum.

1.1 Measurements for Closed Multiple obstacles see Annexes.

1.2 Reduced Cones: The width of up to five single obstacles may be reduced by 5 cm. Such obstacles will be marked differently (color of the cones).

1.3 Alternative options: A maximum of two single obstacles may offer an alternative single option (See Annex 7).

1.4 In exceptional circumstances and in the interests of safety, the Ground Jury in consultation with the Course Designer and the Technical Delegate, may reduce the speed.

1.5 Drive-offs and Winning-Round: the obstacle width may be reduced up to 10 cm at the discretion of the Ground Jury in conjunction with the Course Designer and the Technical Delegate.
ARTICLE C4206 JUDGING CONES COMPETITION

1. Starting the Competition

1.1 The Technical Delegate will report to the President of the Ground Jury as soon as the course is ready. The President of the Ground Jury will then authorize the start of the competition.

1.2 Once the competition has started, the President of the Jury in consultation with the Course Designer and Technical Delegate if present, may decide that a significant error has been committed in the measurement of the course. This may be done at the latest after the third Athlete, who has completed the course without a Disobedience or any other interruption, assuming that the three Athletes in question have started their course prior to the 45-second countdown elapsing, and before the next Athlete has started. In this case, the Ground Jury has the option to alter the time allowed. If the time allowed is increased the score of the Athletes who have driven the course before the time was altered will then be adjusted accordingly, if applicable. If the time allowed is decreased, this may only be done to the extent that no Athletes having previously completed his round receives time penalties due to the alteration of the time allowed.

1.3 Whenever the time allowed is increased, it may never exceed the time in reference to the maximum length of the Course.

2. Penalties

2.1 If Athletes have entered the Arena but fail to start by passing through the start line within 45 seconds of the starting signal the timing will start.

2.2 If an Athlete fails to enter the Arena when the Course is ready, the President of Jury will ring the bell to signify the Start for that Athlete. If the Athlete has not entered the arena within 45 seconds of the first bell, the bell will be rung again and that Athlete is then Eliminated.

2.3 Athletes starting and passing through an obstacle before the starting signal will be penalised 10 penalty points and must restart.

2.4 The start and finish lines are neutralised for passing through from the moment the Athlete has passed through the start line until he has passed through the last obstacle.

2.5 Knocking down one or both balls of a single obstacle and knocking down a ball or an element of a Multiple Obstacle incurs 3 penalties in each case.

2.6 Knocking down a ball or balls on either A or B on a Water or Bridge Obstacle will incur 3 penalties for each pair of cones.

2.7 Grooms must be seated in their proper places between the start and finish lines. They are not allowed to indicate the course or to speak unless they are dismounted. For penalties, see Article C4212. At Canadian events, the groom may advise the Athlete a whistle/bell has sounded.

2.8 After the last obstacle the Athlete must pass through the finish line with the red flag on the right and the white flag on the left.

2.9 An Athlete may pass between the elements of an open multiple obstacle whilst driving between obstacles without incurring a penalty. If, in this case, a part of the obstacle is knocked down see Article C4212.

2.10 Carriage overturning is elimination.

3. Error of Course

3.1 An Athlete is considered to have passed through a gate in an Obstacle when the whole turnout has passed between the Markers.

3.2 If an Athlete attempts to pass through an obstacle in the wrong sequence or direction, then the President of Jury must wait until the whole turnout has passed completely through the wrong obstacle before ringing the bell. The Athlete is then Eliminated.

3.3 If an Athlete knocks down or dislodges any part of an obstacle which has already been driven, he will incur 3 penalties.

3.4 If any part of an obstacle in advance of the one being driven, is dislodged or knocked down, the President of the Ground Jury will ring the bell and stop the clock for the obstacle to be re-built. The Athlete will incur 3 penalties and 10 seconds will be added to his time. The bell will be rung to indicate to the Athlete that the course is ready and the clock will re-start when the Athlete reaches the re-built obstacle on course to continue his round.

3.5 If the Jury sounds the whistle/bell while the Athlete is on the course, the Athlete must halt immediately. If the Athlete does not halt, the President of Jury will blow the whistle/bell a second time. If this Athlete continues without stopping, he is eliminated. The Groom may advise the Athlete that the whistle/bell has sounded.

3.6 If the Jury is in doubt whether an obstacle has been properly driven, the Athlete must be allowed to finish the course. The Jury can then reach a decision. At Canadian events, the person judging cones shall perform the duties in 3.2 through 3.6 above.

4. Obstacle Rebuild

4.1 If the Athlete knocks down any part of an Obstacle in the process of disobedience or refusal, the bell will be rung and clock stopped for the obstacle to be rebuilt, and ten seconds will be added to the Athlete’s time along with any penalties for Disobedience (but not for the elements knocked down at the time of Disobedience).

4.2 When the obstacle is rebuilt the bell is rung again and the Athlete must then retake the complete obstacle and continue his round. The clock will restart when the Athlete reaches the re-built obstacle. Penalty for starting before the bell is Elimination.

4.3 If an Athlete knocks down any part of a Multiple Obstacle in advance of the element he is driving, or if he breaks out of the Multiple Obstacle and knocks down an element, then the bell will be rung, the clock stopped while the obstacle is rebuilt and 10 seconds added to the total time taken. He will be penalised for Disobedience but not for the elements knocked down at the time of the Disobedience
5. **Broken Harness**
If at any time after he has started, an Athlete has a disconnected pole, shaft, rein, trace, pole strap or chains, or should a horse have a leg over the pole, trace, shaft or leader bars the President of the Jury must ring the bell and stop the clock. The Athletes must put a Groom(s) down to correct the problem and will be penalised for a Groom dismounting. After the situation has been corrected and the Groom has remounted the President of the Jury will ring the bell and restart the clock.

6. **Athletes and Grooms Dismounting**
6.1 Each time an Athlete dismounts he will incur 20 penalties.
6.2 Athletes will incur penalties each time one or both Grooms dismount: 5 penalties on the first occasion, 10 penalties on the second occasion. On the third occasion the Athlete is eliminated.
6.3 The Grooms must be on the carriage when going through each Obstacle. For a Groom(s) dismounting to assist through an obstacle by leading the horse by the bridle ends of the reins while the horse is still attached to the carriage see penalties for leading and dismounting in Article C4212. The Groom(s) must join the carriage before the next Obstacle.

7. **Disobedience**
7.1 It is considered to be a Disobedience when:
   a) The Athlete attempts to pass through an obstacle and his Horse shies away from the obstacle at the last moment without hitting any part of the obstacle.
   b) The Horses run away, or, in the opinion of the President of the Jury, the Athlete has lost effective control.
   c) The whole turnout comes to a complete halt with or without stepping back anywhere on the course, in front of or in an obstacle, or a Multiple obstacle, with or without knocking down any element.
   d) Not passing through an obstacle with the whole turnout, running out of a Multiple, circling within a Multiple or reining back by the Athlete between start- and finish line.
7.2 A Disobedience will incur 5 penalties for the first, 10 penalties for the second and elimination for the third instance. Penalties for Disobedience are cumulative wherever they may occur on the course.
7.3 If there is Disobedience in a single obstacle, i.e. the whole turnout does not pass through the markers, the Athlete has to retake the obstacle. The bell will only be rung if part of the obstacle is knocked down (See Article C4206.4).
7.4 If there is a Disobedience in a Multiple obstacle without knocking down any element the Athlete must continue his drive and is penalized for disobedience (see, above).
7.5 In the case when Disobedience is connected with knocking down an element (For example a run-out at C and dislodging the ball) the Judge rings the bell, his course is interrupted, the time is stopped and the obstacle rebuilt. The President of the Ground Jury rings the bell again, the Athlete has to restart at the letter A of the Multiple obstacle and the time starts when the Horse’s nose passes gate A. For the re-building 10 seconds are added once.
7.6 If an Athlete has a Disobedience at any obstacle and knocks down any part of that obstacle he will only incur penalties for the Disobedience and 10 seconds will be added for the rebuilding.

8. **Resistance**
A Horse is considered to offer resistance if, at any time and for whatever reason it refuses to go forward (with or without moving back), turns around, rears. This will be penalised the same as Disobedience (see Article C4206.7).

9. **Timing**
9.1 Each Athlete will be timed by stopwatch or by an electronic timing device, from the moment the nose of the leading horse crosses the Start Line until the nose of the leading horse crosses the Finish Line but penalties are incurred until the whole turnout has passed the finish line.
9.2 Electronic timing must be used at Championships and CAIO’s. Whenever possible a digital display unit should be visible for the Athletes.
9.3 Times must be recorded to hundredths of a second.
9.4 The Time Limit is twice the Time Allowed. Exceeding the Time Limit will incur elimination.
9.5 The **Time Allowed is calculated using the following speeds in metres per minute** (except for Time Competition, Article C4209 and for Children and for Para-Equestrian Driving):

9.6 The **Penalty for exceeding the time allowed: any time over the time allowed in hundredths of a second, multiplied by 0.5** Penalties will be calculated to two decimal places.
ARTICLE C4207  FAULT COMPETITION
1. Definition:
The Fault Competitions is a competition run with penalties and a time allowed.
2. Classification:
   According to penalties and time. If allowed in the schedule, there may be a Drive-Off in case of equality of penalties for the first place.

ARTICLE C4208  DRIVE-OFF
1. Definition
   A Drive-Off can only be organized in a Fault Competition, solely to define the classification of Cones Competition.
2. Classification
   Forms for all Canadian events are published on the Drive Canada website.
   2.1 In the event of equality of penalties for first place, a Drive-off as a time competition may take place according to the provisions of the Schedule, either over the same course or over a shortened course (maximum 50% shorter).
   2.2 The width between the cones may be reduced by up to a maximum 10 cm. at the discretion of the Ground Jury in conjunction with the Technical Delegate and Course Designer.
   2.3 If no provision is made for a Drive-off in the Schedule, the Athletes with equality of penalties for any place are placed in accordance with the time taken to complete the first round. In case of equality of penalties and time, the Athletes concerned will be given equal placing.
3. Multiple obstacles
   Multiple obstacles are not permitted in a Drive-Off.

All the judges are therefore obliged to remain on the grounds or to be easily available until the time allowed for objections has expired. During the Event, all officials must be able to locate the President of the Ground Jury.

   7.3 The President of the Ground Jury must defer to the President of the Appeal Committee any objections which he feels are beyond his discretion or responsibility and which should be handled as an official protest.

   7.4 It is the responsibility of all bodies called upon to give decisions on objections and protests, to make proper inquiries and to hear all sides of the case.

   7.5 Time limits for Objections and Appeals during an event. Objections submitted to the Ground Jury may be made verbally within the following time limits. All appeals shall be in writing.
7.5.1 Objections against the eligibility of a Competitor or horse; not later than one hour before the start of the Competition.

7.5.2 Objections to a Marathon obstacle or to the course, the length or plan of the course: as soon after the inspection as possible but not later than 1800 on the day before Marathon.

7.5.3 Objections concerning irregularities or incidents during the competition: not later than half an hour after the announcement of the official results.

7.5.4 Objections concerning classification: as soon as possible after the competition and not later than half an hour after the announcement of the official results.

7.5.5 Objections concerning scoring may be raised up to one half hour after the official scores are posted for each Competition.

   Exception: mathematical or transcription errors may be corrected up to 1 hour after the final classification for the event.

7.6 The Secretary of the Organizing Committee is responsible for recording the objections and subsequent decision of the Ground Jury and for delivering any appeal to the Appeal Committee.

7.7 The decision of the Technical Delegate with respect to objections arising prior to the commencement of the event, and the decision of the Ground Jury or the Appeal Committee with respect to the objections arising after the commencement of the event are final except where monetary penalties are awarded.

7.8 Deposits: A deposit of $50 Canadian must accompany an appeal before it can be dealt with by the Ground Jury or Appeal Committee. The deposit is refunded if the appeal is upheld. If the Appeal is not upheld, the deposit is forfeited to the Organizing Committee.

ARTICLE C4311 VETERINARY DELEGATE AND VETERINARY COMMISSION

During Canadian (non-FEI) competitions, if any conflict arises between FEI and Equine Canada Veterinary Regulations, then, the Veterinary Regulations and procedures of Equine Canada shall prevail.

1. Championship and CAI

   The composition of the Veterinary Commission, which is compulsory for Championships and CAIO Events, and the appointment of its President and Members must be in accordance with the current FEI Veterinary Regulations Article 1022.

2. CAIs

   The OC must appoint a Veterinary Delegate selected from the List of Event Veterinarians in accordance with the FEI Veterinary Regulations.

3. At Canadian Events:

   3.1 The Organizing Committee shall appoint at least one veterinarian as the Veterinary Official responsible for carrying out these Rules. He is the Official Advisor on all veterinary matters to the Organizing Committee and during the Competition to the Ground Jury.

   3.2 The veterinary supervision of events is the responsibility of the Veterinary Official and his assistants, forming a Veterinary Commission. The Veterinary Commission shall arrange for or assist in the treatment of horses entered in the event, and answer any questions and settle any problems concerning the health, hygiene, food, drug and veterinary control measures.

   3.3 The Organizing Committee is responsible for providing the necessary facilities and the Veterinary Commission is responsible for the organization of the Veterinary Examinations and Inspections.

   3.4 It is vitally important to ensure that an adequate veterinary first aid service is within quick and easy reach of all parts of the competition venue, including all parts of the course of the Marathon, and transportation facilities for severely injured or dead horses must be within easy reach of all obstacles and the veterinary first aid stations.

   3.5 The Veterinary Commission may bring to the attention of the Technical Delegate any features of the event or venue which are considered to be dangerous and might cause injury to the horses, particularly the Marathon courses. Special attention should be paid to soft, slippery or rough surfaces, to the construction of obstacles and to any projecting nails, spikes, sharp corners, dangerous roots or branches.

   3.6 Veterinary services must be available at the compulsory rest halt before Section B, and a veterinary first aid station must be established at the finish of the Marathon course, properly equipped to deal with injuries and exhaustion. All horses completing the course should be checked immediately after finishing for injuries, their physical state assessed, including respiration, pulse and temperature as deemed advisable, and again thirty minutes later if considered necessary.

ARTICLE C4312 VETERINARY SERVICES MANAGER/TREATING VETERINARIAN

1. At CAI’s a Veterinary Services Manager/Treating Veterinarian appointed by the OC must be available to the Jury, under arrangements approved by the President of Jury.

2. At Championships and CAIO’s they must always be available.

ARTICLE C4313 PARA-EQUESTRIAN DRIVING CLASSIFIERS

1. Championships

   At least two international FEI Status Classifiers from different nations shall be appointed by FEI.

2. CPEAs

   For International competitions the OC, in consultation with FEI, shall appoint at least two classifiers of different nationalities, with one of these classifiers being of international FEI status.
ARTICLE C4314 ROTATION OF OFFICIALS
1. Rotation of Officials: a Judge/Technical Delegate/Course Designer may not have been the Judge/Technical Delegate/Course Designer at the same Event for more than 3 consecutive years without taking at least one year break.

**Fei Annex 8**

**Addendum for Para-Equestrian Driving**

**Principle**

- Classification minimises the impact of impairment on the outcome of the competition by ensuring that an Athlete’s impairment is relevant to their performance when driving. Athletes undergo evaluation for the purpose of Classification to measure their activity limitation resulting from their impairment. The FEI Classification Manual outlines in full the Rules for Classification.

- It is a condition of participation that the Athlete has a permanent, verifiable and measurable physical impairment which is supported by medical evidence and that satisfies the minimal impairment criteria as detailed in the FEI PE Classification Manual.

- All Athletes must undergo Athlete evaluation by two FEI Classifiers before they may take part in a Competition. A PE Classifier is a Physiotherapist or Medical Practitioner who has met all the requirements to be an accredited FEI PE Classifier.

- An Athlete will be allocated a Grade for competition based on their functional Profile as described in the FEI PE Classification Manual. This functional Profile may need to be reassessed or reviewed on more than one occasion. All Athletes must fulfil the criteria for minimal disability.

- As a result of the Classification process, Athletes are divided into one of two Grades: Grade I, Grade II. A Grade is a category by which Athletes are categorised by reference to an activity limitation resulting from impairment. A Grade is allocated following classification.

- A Grade status is allocated to each Athlete to indicate evaluation requirements. A Grade status is allocated to each Athlete as either:
  - **NEW (N):** This designation indicates an Athlete who has not undergone all aspects of the classification process in order to obtain a Grade for international competition.
  - **REVIEW (R):** This designation indicates an Athlete who has undergone classification and has obtained a Grade for international competition, but may require further evaluation according to the Classification Rules of the FEI.
  - **CONFIRMED (C):** This designation indicates an Athlete who has undergone classification and has obtained a Grade for International Competition, and does not require further evaluation according to the Classification Rules of the FEI.

- Classification for International Competitions must be carried out by two internationally accredited PE Classifiers. The Classification should be carried out together by the Classifiers except where this is not practicable. One classifier must be from a different NF to the Athlete.

- Classifiers may withhold definitive classification for some Athletes until the Athlete has been observed in practice and/or during Competition. This is at the discretion of the Classifier(s), and is not an assessment of the Athlete’s skill.
• The FEI will approve the Classifiers for all International Competitions. A list of Classifiers qualified to officiate at all levels of Events will be maintained by the FEI.

• All relevant details regarding an Athlete’s classification and compensating aids required by the Athlete will be included on the FEI Classification Master List and published on the FEI website.

• Protests and Appeals in relation to an Athlete’s classification are to be dealt with in accordance with FEI procedures as outlined in the FEI Classification Manual.

• Once entries have closed, the OC shall send a list of all entered Athletes, their NF, listed Profile number and Grade entered to the Chief FEI PE Classifier.

• The Chief Classifier for the Competition will access the most up to date version of the International Classification Master List from the FEI in order to confirm Athlete details and Grade status. The Chief Classifier will produce a list for the OC of all Athletes requiring evaluation for the purpose of classification and liaise with the OC regarding scheduling.

• The Chief Classifier will prepare a list of the compensating aids allowed for each Athlete and circulate to the OC, who will forward to the Technical Delegate, Chief Steward and Judges.

• Where required, the Classifiers must be invited to arrive 24 hours before the draw takes place. All new Athletes with New or Review Grade status or those with Confirmed status who have been granted approval for reclassification, those requesting classification, and those recalled for classification must undergo evaluation before the draw takes place.

• The OC is responsible for scheduling all competing Athlete evaluations prior to the start of Competition. At least forty five minutes should be designated for each evaluation. Adequate mealtimes and breaks for the Classifiers should be scheduled. The Classifiers must be available to observe all Athletes during their first appearance in competition.

• Athletes shall be sent the date and time of their scheduled evaluations for the purpose of classification prior to the Event or immediately upon their arrival at the Competition.

• A clean, private and accessible examination room shall be made available for all Classification appointments. The room shall be equipped with a height-adjustable examination bed with a pillow, four or five chairs, a table and stool, drinking water and a towel. The area shall be large enough to accommodate the classifiers, the Athlete (who may be in a wheelchair) and the Athlete’s representative.

For classification procedure see FEI Para Equestrian Generic Rules.

 Grades

Athletes are divided into 2 Grades: Grade I and Grade II. Grade II Athletes have greater functional ability than Grade I PE Athletes.

Classes

A PE Athlete may enter a higher Grade than his classification indicates.

A PE Athlete may not enter a lower Grade than his classification indicates.

Eligibility

Only those Athletes with impairments who are capable of driving Driven Dressage Tests, Cones and Marathons independently and to the FEI rules are allowed to compete. The Profile and Grade shall be noted on the entry form, programme and score board. The OC and Technical Delegate have the right to refuse entry but they must give the reason for the refusal in writing.

Drugs and Medicines.

All drugs and medicines used by Athletes must be declared on the entry form, unless registered with FEI through the Medication Advisory Panel (M.A.P.). Teams may register the drugs and medications taken by their Athletes with FEI Headquarters in accordance with the procedures outlined in the current FEI Medical and Anti-Doping Code (WADA). 5.9.4 Horses/ponies may be dope tested.

Entries World Driving Singles Championship for Para-Equestrian.

Each NF may enter a maximum of six Single PE Athletes with a maximum of two Horses per entry on the Nominated Entry List and three Single PE Athletes with a maximum of one Horse per PE Athlete on the Definite Entry List. Each team must include at least one (1) Athlete from Grade I. Should a NF only be able to send two PE Athletes, they must be entered as a team. Each NF is entitled to send a Chef d’Equipe and Veterinarian, both of whom will be accorded the same privileges as the PE Athletes. A NF which cannot send a team may enter one PE Athlete as an Individual under the conditions set out in Article 912. One spare Horse from the Nominated List may be entered per national team. The PE Athlete who uses the spare Horse will be eligible for the individual classification, as well as for the team classification. The spare Horse can only be substituted once, not later than one hour before the start of Driven Dressage and notified in writing to the Organiser.

Additional requirement for OCs:

Scoreboard and Scoreboard attendant. The Scoreboard shall be of a size and in location where it is easy to read both standing and from a wheelchair. Transport Manager with Athletes and suitable vehicles for transporting Athletes, Sponsors and Officials and for emergency vehicles. Wheelchair accessible ramps for all facilities used by Athletes. A convenient area and table for the IPEC Information Stand, which also sells relevant articles. The IPEC Secretary shall be
consulted on this matter.

**Horses**

PE Athletes may use either a Horse or a pony. It must be stated on the entry form which will be used.

**Assistance**

The ultimate responsibility regarding the use of permitted assistance lies with the PE Athlete.

Grade I Athletes must have an able-bodied whip on the carriage. A Groom must be available at the ring side to assist every Grade 1 PE Athlete in Driven Dressage and Cones. A Groom may accompany a Grade 1 PE Athlete in Marathon either in the carriage or following behind the carriage on a bicycle. In Section B of Marathon all Grade 1 PE Athletes must be accompanied by an additional Groom either in the carriage or following by a team member behind the carriage on a bicycle, moped, ATV (quad bike) or similar. Team members on bicycles or mopeds etc are not permitted to drive through the obstacles but must wait for the PE Athlete to complete the entire obstacle before proceeding.

Team members may only act in case of emergency and this will be sanctioned as outside assistance. Grooms may act as a groom and will be sanctioned like a groom.

Able-bodied Whips are forbidden to assist in rein handling except in an emergency when help must be given in the interest of safety. Assistance by handling the reins will incur 20 penalty points each time.

Grade II Athletes may put down the able-bodied Whip if necessary but penalties will be incurred as per FEI regulations. In Driven Dressage and Cones the able-bodied Whip must sit so that he/she can help in case of need. The event Organiser or the Technical Delegate has the right to disapprove of an able-bodied Whip or his/her position on the vehicle.

PE Athletes may inspect the course in motorized quad bikes or similar if sanctioned by FEI.

**Compensating Aids**

Only approved special equipment that is listed on the FEI card may be used for the duration of the competition, including the training period.

If the PE Athlete wishes to drive in a wheelchair, the wheelchair must be secured. Straps and clamps for the wheelchair must be of a ‘quick release’ variety.

In the interests of safety sloping cushions, shell seats, waist-high seat sides and arm rests are permitted. In order to have more upper body support a strap (or similar) held around the Athlete is permitted as long as this in no way attaches the Athlete to the carriage by any technical means or in the manner that it is held. A PE Athlete may be attached for support but must have a method for quick release.

Supporting aids may be considered for approval by the Technical Delegate and the President of the Ground Jury at the Veterinary Inspection that takes place before the start of the competition.

Reins may not be attached to the PE Athlete in any manner that could prevent the PE Athlete from falling free from the carriage.

The disabled PE Athlete may drive with one or two hands and with looped reins or any other aids with which he/she normally drives and which is approved by FEI.

The PE Athlete may salute with the head only so that contact is maintained on the reins at all times.

The whip may be used by either the PE Athlete or the able-bodied Whip in all competitions if this has been sanctioned by FEI.

The brake may be used by the groom or converted to a hand brake to be used by the PE Athlete if sanctioned by FEI. Use of the brake by the groom will be punished by 20 penalty points each time.

**Cones**

The time allowed will be calculated for a speed of 230 m/min for both Horses and ponies. For Drive-offs a speed of 240 m/min may be used.

Section 2 – VEHICLES

ARTICLE C1709 PARK DRAG OR PRIVATE COACH

1. DEFINITION: A Park Drag should be of less heavy build than a Road Coach. The axles may be Mail or Collinges. The hind seat should be mounted on curved iron braces and be of the proper width for two grooms. The lazy-backs on the roof seats should be hinged and turned down when not in use. The door of the hind boot is often hinged at the bottom so that it may be used as a serving table when open. There should be no luggage rails or straps between the seats.

The driver may choose to have passengers on the Drag or Coach during coaching classes.

2. PAINT AND BODYWORK: The paintwork should be well finished in traditional style. The sides of the front and rear boots, the upper quarters of the body, the steps and seat rails should be painted black. The under-carriage, the pole, the bars, the under side of the footboard and the seat-risers or cheeks should be painted the same colour; the lower panels of the body and the door of the rear boot may be painted the same or a different colour. A heraldic badge or monogram may be neatly painted on the crest panel of the door; on the rear boot door or on the underside of the footboard.

The outside seats may be trimmed in pigskin or wool broadcloth of a suitable colour with the underside of the cushions covered in waterproof material. The inside of the coach may be trimmed in Morocco leather or cloth or a combination of these materials. The inside floor may be covered with a Wilton carpet of solid colour. It is not usual to have seat-falls to the outside seats, but they may be fitted inside. The seat valances or borders of the outside seats may be made of patent leather fastened with a horizontal strip of bright metal beading of the same metal as the door handles and lock covers. The metal edging to the doors and hind boot should not be polished, but there should be bright metal on the seat-edge beading, door handles, and outer face of the hub caps. The glasses of the door windows should be plain and not quartered.

3. APPOINTMENTS: There may be wine coolers and a glass case carried in the rear boot. A lunch chest or imperial may be carried, and fastened to the back of the hind seat, with the main bar above. A folding iron ladder should be carried on brackets beneath the hind seat. The stick and umbrella basket is hung on the near-side, at the corner of the rear roof-seat, the drag shoe and safety hook should be hung under the coach on the off-side except in countries where they drive on the left of the road, in which case the drag is hung on the near-side. A spare jointed whip mounted on a board may be hung under the box-seat or inside the coach. The lamps may or may not be in their brackets in daylight hours, or may be carried in special fittings inside the coach. The window or stable shutters should be down and the windows in place when the owner or owner’s representative is driving.

The coachman’s apron when not in use should be folded outside out and laid on the driving cushion. Passengers’ knee rugs or lap-ropes should be folded and laid on the front inside seat when not in use.
4. SPARES: Spares may be carried in the rear boot or inside the coach. The usual: includes a small case of tools comprised of wrench, hammer, leather punch, screw driver, hoof pick, spare shoe and nails, or “Easy-boot,” spare lead and wheel trace, spare lead and wheel rein or rein splicer, spare hame strap, length of strong cord or wire. Loin or quarter rugs for the horses and halters should be carried in a convenient place.

5. HARNESS: The harness should be of black leather with patent leather where appropriate. The hames should have solid draft eyes and kidney links with kidney link rings on the wheelers only. Bearing reins are permitted but should be on all the horses or none. A neat monogram or badge is permitted on the winkers, drops, pads, breast-plate drops, and rosettes. The breastplates should be fastened round the collar as well as the kidney links for preference. Collars are not to be tied together. It is suggested that reins should be held in one hand, the other hand being able to assist as required. The wheel traces should have metal loop ends or quick-release. The lead traces should be put on with screw heads of the cock-eyes uppermost, as also should be the lead-bar screws. Buxton bits are preferred and if bearing reins are used, they should be on all horses and be attached to separate bearing rein bits, not to the driving bit. Cruppers may be sewn or buckled on. The reins should be made of single brown leather. Appropriate straps should be lined and stitched. The bridles may have metal browbands on fronts, or they may be of other material to match the colour of the coach. Hame straps should be put on with the points inside. The metal furniture of the harness should be of the same metal as the buttons of the groom’s coats and the door handles and beading of the coach. West End buckles are preferred.

The pole chains, the pole-head and the lead-bar hooks and mountings should be made of bright steel colour. The pole chains may have spring hooks at each end or may have open hooks with rubber securing rings at one end. Preferably the chains should be of a length that allows the snapping of both hooks into the pole-head ring. If too short, one end should be hooked into the pole-head ring and the other into a link with the snap down. If too long, one end should be snapped in the pole-head ring, snap down, and the other brought through that ring and snapped in a link at the appropriate length.

6. ATTENDANTS: Two grooms in Livery should sit on the rear seat when the coach is moving, the senior groom on the right. When the coach is stopped, the senior groom stands by the right wheeler, able to take instructions from the driver, while the other groom stands at the leaders’ heads.

7. HORSES: Park Drag horses should be perfectly matched as to colour, size, style, action and temperament. They should be horses of quality but with sufficient substance to handle a loaded coach. Flashy coloring is not appropriate. They should have good manners, and should be capable of moving at a stylish trot with action but not excessively fast. They should stand quietly and move off together at a walk when asked to do so.

ARTICLE C1710 ROAD COACH

1. DEFINITION: A Road Coach is of stronger build than a Park Drag. The Coach may be finished as a Public or Private Road Coach, the latter carries no place names. The axles may be Mail or Collinges. The hind seat holds three persons besides the guard whose seat is on the near-side with an extra cushion. The lazy backs of the seats are usually not hinged. The guard should have a hand strap to take hold of when standing to sound the horn. There is a rail and luggage straps between the seats. The door of the rear boot is usually hinged on the off-side.

2. PAINT AND BODYWORK: The distribution of black and colour in the paintwork follows the same pattern as a Park Drag, but the colours may be brighter. A Road Coach may have an appropriate name painted on the panel below the hind seat; a figure or some device associated with the coach name may be painted on side and hind boot door panels. The names of places on the coach’s route may be painted on the sides. If the wheels and other parts of the undercarriage are striped, it should be with a single broad stripe. The windows are usually quartered and the coach is driven with the stable shutters down. The outside seats may be trimmed in strong material such as coach carpet or Bedford cord, not leather. The inside of the coach is usually paneled in hardwood with seat cushions of drab cloth. The seat valances may be similar to the Park Drag or may be made of wood. The metal trim is similar to the Park Drag, except that the pole-head, lead-bar hooks and pole-chains may be painted black and not of bright steel.

3. APPOINTMENTS: Two spare lead-bars, one side and one main, should be carried, fastened to the back of the hind seat with the main bar above. The folding ladder which may be made of wood is hung on brackets below the rear boot. The side lamps should be in their brackets, ready for use and a red rear light may be placed on a bracket below the rear seat on the near-side. It is usual for this lamp to have a clear lens on the right side so that it can illuminate inside the boot when the door is open. The stick and umbrella basket is hung on the near side at the corner of the rear roof-seat. The drag-shoe and safety hook should be hung under the coach on the off side. A spare jointed whip mounted on a board may be hung under the box seat or inside the coach. The coachman’s driving apron and the passengers’ rugs are carried also. Inside the coach there are leather pockets on the doors and leather hat straps on the roof.

4. SPARES: These are the same as for the Park Drag and Private Coach, but the Road Coach may also carry a canvas bucket. Halters and loin or quarter rugs for the horses should be carried in a convenient place.

5. HARNESS: The harness should be of the same metal as the fittings of the coach. The harness is of black leather with most straps of single (unlined) leather. Collars may be of plain black or brown leather. Collars are not to be tied together. It is suggested that reins should be held in one hand, the other hand being able to assist as required. The hames should be of ring-draft type with short kidney links, chain and hook. Bearing reins are not usual but may be used on one or more horses if really necessary. The harness may be embellished with some symbolic device or the initial of the coach’s name on the winkers, rosettes and pads. The wheel traces may have quick-release or French loop ends, and more rarely chain trace ends are used.
6. ATTENDANTS: A Road Coach carries a guard who is usually dressed in a frock coat of appropriate colour, usually with strappings across the front and on the pocket flaps, breeches which may be white or of sponge-bag check, leather or canvas leggings, brown boots and a beaver hat. The guard carries a way-bill pouch slung over the shoulder with a pocket for a watch and a loop for the hind-boot key. He sits on the near side of the hind seat and his seat carries an extra cushion. The guard should have a hand strap to take hold of when standing to sound the horn. A groom in stable livery must also be carried.

7. HORSES: Road Coach horses should be matched for size, weight, action, temperament, and way of going. They need not be matched perfectly for colour and flashy markings are not objectionable. They should be of sufficient weight to be able to pull the coach without appearing to labor at all. Although the wheelers may be the stronger horses, all the horses should be capable of working in the wheel. The horses should work evenly together all the time and be capable of moving at a good pace. They should stand quietly and move off together at the walk. It is acceptable for a Road Coach team to have a grey near leader. Tradition holds that the colour would be more easily seen by oncoming traffic in the dark.

ARTICLE C1711 FOUR-IN-HAND BREAKS
1. DEFINITION: The Body or Wagonette Break, the Roof-Seat Break and an Omnibus with a roof-seat are vehicles in this category. All are classed as sporting vehicles.

2. PAINT AND BODYWORK: The underside of the footboard, the rear boot door and the front seat risers may be painted in the same colour. The remainder of the body is usually painted black but the undercarriage may be painted in some bright colour. The seat cushions can be trimmed in Bedford cord, corduroy, leather or broadcloth. Seat falls are not usual. A stick basket, ladder if needed, spare bars and a spare jointed whip are carried. The side lamps are usually left in place ready for use.

3. SPARES: Spares and other equipment are carried as for a coach and these are usually stowed in the rear boot.

4. HARNESS: The harness is of a fairly simple kind without unnecessary embellishments. Breechings may be used on the wheelers if they are likely to be required. The wheel traces may have metal loops, French loops or quick-release ends. The hames may be solid draft with kidney links or ring-draft with short kidney links, chains and hooks. Liverpool or elbow bits are appropriate, except on formal occasions, with grooms in livery, except Buxton bits could be used.

5. APPOINTMENTS: Sporting breaks are usually turned out informally with driver wearing country clothes and a bowler hat, the grooms in stable livery of trousers, jacket, shirt and tie with a bowler hat. However there are occasions when it may be appropriate for the driver to turn out more formally with a top hat and driving coat. The grooms could then wear livery. In such a case Buxton bits could be used.

6. HORSES: The horses for a sporting break should be matched as to type and action. If they are matched as to colour, or “cross-matched,” that is diagonally matched as to colour, so much the better. They should move well together, be capable of a sustained active walk and a smart trot. They can be expected to rein back readily and to stand quietly. They should move off quietly and together, starting at a walk until asked to trot.

ARTICLE C1712 MAIL, STANHOPE, DEMI-MAIL, SPIDER GEORGE IV PHAETONS
1. DEFINITION: These vehicles are intended to be driven by the owner or a friend and are usually turned out in the more formal “park” style rather than in country style.

2. PAINT AND BODYWORK: In all cases the body is usually painted black, except for the seat panel which may be finished in imitation cane or in a colour to match or blend with the colour of the undercarriage. The undercarriage may be painted in an appropriate bright colour and striped. The cushions may be covered in dark colored broadcloth with the seat back upholstered in black leather or, in the case of a Spider Phaeton without a top, in black patent leather. There may be a loose floor mat of heavy punched rubber over a floor covered with linoleum, or ribbed rubber may be laid on the floor boards. If there is a folding top, the valance may be of patent leather pinned in place with polished metal beading. The dash may have a folded waterproof apron attached or have leather loops for securing such an apron. A whip socket is usual. Lamps are of round dial pattern in most cases but show Spider Phaetons usually have square pattern lamps.

3. SPARES: A small kit of tools, a wheel wrench and spare harness parts should be carried.

4. APPOINTMENTS: A dashboard clock and waterproof coats are necessary.

5. HARNESS: When it is possible to use a single horse with phaetons of this class, the harness has a bridle of square or D-shaped winkers; browband and rosettes of metal; Buxton bit; side-check bearing rein if any; Kay collar and hames with chain and ring coupling at the bottom; back-strap and side-check bearing rein if any; Kay collar and hames with chain and ring coupling at the bottom; back-strap lined and stitched with crupper stitched on; breastplate; saddle of English pattern, 4 or 4-1/2 inches wide (10.16 or 11.43cm) with French or Tilbury tugs, reins of brown leather. Pair harness is similar in character with solid-draft hames with kidney links, short hame-tugs, straight panel pads, breastplates, trace bearers or loin straps optional, brown reins, bright steel pole chains. The hardware of the harness should be of the same metal as the polished metal parts of the vehicle. A Standing Martingale is required for a George IV Phaeton unless prohibited by individual class rules.

6. ATTIRE: The driver usually wears a top hat, grey in the summer, black in the winter and in the evening indoors. A groom in livery occupies the rumble seat, but two grooms are considered proper with a Mail Phaeton. A Mail Phaeton may be turned out in country style with the wheel harness of a Road Coach and grooms in stable livery with Derby hats. The driver would then wear clothes of country style.

7. HORSES: The horses used with these phaetons are upstanding horses of appropriate size for the vehicle, with high, stylish action, yet showing a good length of stride. They should be horses of quality with adequate substance. It is not usual to have the manes braided.
ARTICLE C1713 FOUR-WHEELED DOG CART, TRAP, OUTING WAGON
1. DEFINITION: These are informal vehicles of general utility. As such they may be painted to suit individual taste within the bounds of tradition and general practicality.
2. HARNESS: The harness may have a bridle with D-shaped winkers, with or without side-check bearing rein; Liverpool or elbow bit; Kay or rim collar and hames; hames may have connecting chain at bottom of hame straps both top and bottom; saddle of English pattern with French or Tilbury tugs for four-spring vehicles, or a saddle similar to Surrey harness for three- or end-spring vehicles; breeching.
Pair harness is similar, used with either trace bearers or breechings. Leather pole-straps are usual.
3. ATTIRE: The driver wears country style clothes with a derby, felt or straw hat according to season and weather. The groom wears stable livery with a Derby hat.
4. HORSES: The horse, or horses, usually stands 15.2 to 15.3 hands, has good all-round straight action, good head carriage and possesses adequate substance for the weight of the vehicle. Good manners are important and the horse should be capable of trotting at a smart pace.

ARTICLE C1714 STANHOPE OR PARK GATE GIG
1. DEFINITION: In North America these gigs were mostly used for show or park driving and were usually turned out in formal style.
2. PAINT AND BODYWORK: They are painted to a high finish with black body, patent leather dash and fenders, with the dummy louvers on the Park Gate type or the seat back painted in colour. The undercarriage is painted in some quiet colour, tastefully striped. These gigs are never finished in natural wood.
3. HARNESS: The harness has a bridle with square winkers, a gig or Buxton bit, sidecheck bearing rein, bridle fronts and rosettes of metal, Kay collar and well-fitted hames connected at the bottom with a chain and a ring. A breastplate or standing martingale is usual; the backstrap lined and stitched with the crupper sewn on; the saddle of English pattern with French or Tilbury tugs; a kicking strap is usually worn; brown driving reins. If the gig has a whiffletree, a breast collar of adequate size may be used.
4. SPARES AND APPOINTMENTS: Small lamps of square pattern are usual and a small kit of tools and a wheel wrench should be carried. A dashboard clock and a whip socket are desirable.
5. HORSES: A gig horse should be an attractive horse standing 15.1 to 15.2 hands, of good conformation and bold head carriage. He should be sharp moving with high stylish action with a good length of stride that allows him to cover the ground at a good pace.
6. ATTIRE: The driver wears a grey top hat in the summer during daylight and a black top hat at other times. He wears an apron or knee rug. The groom wears dress livery.

ARTICLE C1715 VILLAGE CART, TWO-WHEELED DOG CART
1. DEFINITION: These carts are usually made to seat four people, back to back. There is an adjustable seat to achieve the proper balance and the driver should have an adjustable foot-rest. The balance should be adjusted to bring a small amount of weight on the horses back when the cart is loaded but not moving. The balance should NEVER be to the rear so that only the belly band prevents the cart from tipping up.
2. PAINT AND BODYWORK: The body is usually painted black and the shafts, springs and wheels in colour and neatly striped.
3. HARNESS: The harness has a bridle with D-shaped winkers, a noseband and a Liverpool or similar bit. A four-ringed or Wilson snaffle may also be used, but a Buxton bit is too dressy for such carts. The collar may be of Kay or rim design with hames connected at the bottom by a chain for preference. A false martingale or breastplate is usual. The saddle should be made on a tree with an inside channel through which the backband can slide freely. Open tugs are usual. The saddle should be well enough stuffed so that no weight bears directly on the horse’s spine.
4. HORSES: The horse should be well muscled, have good clean bone and be of the right size for the cart. He should have good manners with free striding, straight action.
5. ATTIRE: The driver and passengers may dress informally and the groom, if one is carried, wearing stable livery.

ARTICLE C1716 ROAD OR JOGGING CART
1. DEFINITION: Light road carts are used for exercise and as personal conveyances. They may be painted to suit the individual's taste.
2. HARNESS: The harness is similar to buggy harness and usually has a bridle with an overdraw check and a snaffle bit. A bridle with a normal noseband and a double-ring or Wilson snaffle or a Liverpool bit is acceptable and may be preferred by some judges. Although the saddle has little weight to carry, it should be well enough stuffed so that no weight bears directly on the horse’s spine.
3. HORSES: The usual road cart horse is of a fast trotting type.

ARTICLE C1717 FOUR-WHEELED BUGGY
1. DEFINITION: This is a vehicle of general utility.
2. PAINT AND BODYWORK: The general style of painting was the body black and the running gear in some dark colour with or without striping.
3. HARNESS: The harness should be of a simple kind with a bridle with square winkers, snaffle bit and overdraw check. A bridle with a noseband and a Wilson snaffle or a Liverpool bit is also quite appropriate. A breeching may or may not be used. Except for the heavier Goddard buggy, breast collars are usual.
4. HORSES: The horse may be of trotting type, capable of moving at a good working trot. A pair may be driven to a buggy.
ARTICLE C1718 RUNABOUT, AMERICAN STANHOPE
1. DEFINITION: These small vehicles were popular at the turn of the century and may be considered as light phaetons.
2. PAINT AND BODYWORK: Some were finished in natural wood; others were painted with a black body and undercarriage in sporting colours.
3. HARNESS: The harness has a bridle with D-shaped winker, noseband and a Liverpool or elbow bit, preferably no bearing rein. A breast collar is usual and a breastplate is optional. The breeching is also optional. The harness should be of good quality with most straps lined and stitched. Brown reins.
4. HORSES: The horse should be a stylishly moving horse of great quality, able to trot at a smart pace. High action is not essential.

ARTICLE C1719 ROCKAWAY, DEPOT WAGON, CARRYALL, SURREY, CABRIOLET
1. DEFINITION: These are some of the types of family vehicles that were very popular throughout North America.
2. PAINT AND BODYWORK: They were usually painted in sober style with the body black, the undercarriage in some fairly dark colour, tastefully striped. The cushions are usually covered in broadcloth of a colour matching the undercarriage, or in black leather. The dash and fenders, if any, are usually covered with patent leather. A Surrey may have a standing top with a fringe. Most are fitted with shafts or a drop pole that attaches to couplings on the front axle.
3. HARNESS: The harness has a bridle with D-shaped winker, bridle front of metal; side-check bearing rein or none at all; Liverpool or similar bit; collar of rim pattern with hames with chain connection at the bottom or with hame straps at top and bottom; anchor or finger drafts; traces with slotted ends connected directly to the hames or to short hame tugs; saddle with straight or swell panels about 4 or 4 1/4 inches wide (10.16 or 10.70cm). Open or Tilbury tugs may be used and a breeching is normal. The harness straps may be lined and stitched or of single leather, the former preferred. A false martingale or breastplate is not essential. Pair harness is similar in style with short hame tugs and trace loops on the pads. Trace bearers are usual. A neck-yoke is used with a drop-pole, but if the pole is supported by a chain or strong spring, a crab pole-head and leather pole pieces may be used.
4. HORSES: The horse (or horses) for a family vehicle should be 15.2 to 16 hands, with ample bone and weight for the work. High action is not wanted but a straight moving trot with a good length of stride and a regular active walk are what is needed. Good manners are essential.

ARTICLE C1720 COMMERCIAL VEHICLES
1. DEFINITION: There is a wide variety of commercial vehicles used in the business of various trades. Each trade will have particular types and styles of vehicles, harness and horses suitable for that type of business.
2. PAINT AND BODYWORK: Vehicles are usually painted with signage indicating the proprietor, his location and the type of business and perhaps a business slogan.
3. HARNESS: The harness is well suited for the type of work and may also be decorated by the harness maker in order to attract attention and to be particularly memorable to the customers.
4. HORSES: The horse (or horses) for a commercial vehicle should be especially suited for the type of business. Commercial turnouts should be asked only for walk, slow and working trot and are expected to be able to back and stand quietly. Good manners are essential.

Tests driven by tandems and four-in-hands should be driven in a 40 x 100 meter arena. VSE classes may be driven in a size-adjusted arena – see Section H, Appendix F.

* Time should be increased for large numbers competing in VSE and pony classes.

DRESSAGE TEST SCORING

**Combined Driving Competitions (See Article C4101):**
1. Points awarded by all Judges are averaged (Average Total Points)
2. Average Total Points x factor = Adjusted score
3. Maximum possible (150 or 160) – Adjusted score – additional penalties = penalties.

**Driven Dressage Competitions only (alternative method – Article C2306):**
1. Points awarded by all Judges are averaged (Average Total Points)
2. Average Total Points – additional penalties = Total score
3. Total Score ÷ Total Points x 100 = Test %

Safety Checklist

Both Competitors must complete the checklist and hand to the Safety Inspector at the time of the Safety Inspection, at least fifteen minutes prior to the start of the Marathon, Competitive Drive or organized Recreational Drive. Failure to submit the completed form, having signed the waiver, is evidence of failure to adhere to the entry to participate.

The safety evaluation questionnaire forms the basis of the inspection, and should be followed up periodically and whenever preparing for driving. Signature of the Safety Inspector acknowledges receipt only, and does not necessarily agree with the answers on the form.

**Appendix J – Driving Trials**

**General Conditions (differences)**

1. A Driving Trial consists of Driven Dressage, Cones and a Section B Marathon only, held on one day. Rules for a Driving Trial will be based on the Equine Canada rules for Combined Driving Events with the following modifications.

2. A Driving Trial may include Training, Preliminary, Intermediate or Advanced divisions, or combinations thereof. Organizers should limit their number of divisions based on abilities of the Organizing Committee and Course Designer.

3. A Veterinarian and medical personnel capable of cardiac resuscitation, such as EMTs, First Responders, or a trained nurse or physician should be on the grounds during the Marathon. If not possible, they must be “on call” with a reasonable response time.

4. No Horse Inspection required before competition. Only the “In-Harness Examination” described in Article C3507.4 is applicable to the schedule of a Driving Trial.

5. Presentation will be judged on the move during the Dressage test. There will be a safety check before the Marathon. Entries must complete the Safety Checklist as in Appendix M.

6. Dressage: if the arena is less than 40m x 80m, “Arena Dressage Tests” may be used.

7. Marathon:
   a) Section B only to a maximum of 10 km (Article C4102.2.7(d)).
   b) For all divisions, the number of obstacles may not exceed the number of kilometres.
   c) Distance between obstacles must not be less than 250 m for Training and Preliminary divisions, and not less than 500 m for Intermediate and Advanced division. Distance between VSE-only obstacles may not be less than 250 m for all divisions. The TD may grant an exception.
   d) In exceptional circumstances, the TD may authorize more than one Obstacle per kilometre provided the maximum speeds are lowered and all minimum distances and distance between the last obstacle and the finish are followed.

8. A capable Navigator/Groom must be competition age 12 or over for Training and Preliminary Divisions, and age 14 or over for Intermediate and Advanced Divisions. Anyone under 18 must have parental consent and approval of the Organizer before being allowed in the competition. (See Article C3301, C3301.5-6 and C102.6).

9. Officials:
   a) The Ground Jury may consist only of a President in accordance with Appendix M
   b) One TD recommended under 16 entries, required 16 entries and over.
   c) If no TD, the Judge shall be responsible for approving the Prize List and other TD duties.
   d) Intermediate and Advanced division competitions require a second qualified judge with previous jury-member experience in adjudicating FEI dressage tests.
   e) The Technical Delegate may have no additional duties during the Marathon.
10. There will be no Appeals Committee: the Ground Jury’s decisions will be final.

11. Athletes and Navigator/grooms may compete more than once, scheduling permitting at Management’s discretion.

12. Equines may compete in a second entry for Dressage and Cones only.

13. Competition:
   a) All current specifications for divisions regarding dressage tests, speeds, distances and clearances, etc. are to be followed (See Appendix N or O, Quick Reference Guide). The marathon shall be Section B only, maximum 10 km (Article C3606.1.9). For all divisions, the number of obstacles may not exceed the number of kilometres. In exceptional circumstances, the TD may authorize more than one Obstacle per kilometre provided the maximum speeds are lowered and all minimum distances are followed and between the last obstacle and the finish.
   b) For Advanced division:
      (i) in all competitions the standard track width and weight requirements are waived. Minimum clearance for Cones setting: wheel track width plus 15 cm for VSE, 20 cm for horse/pony in single and pair, 30 cm for tandem, unicorn and four-in-hands.
      (ii) in marathon, up to six gates per obstacle may be used.

14. Course inspection: if the same space is used for more than one competition, the Official(s) will inspect the course immediately prior to the official Course Walk. The course shall be open for a reasonable time (not less than 30 minutes) to allow Athletes to make their inspection. Printed maps and diagrams are not required.

Appendix K - Arena Trials

1. General Principles
   The Arena Driving Trial may be held in a suitable size arena, or outdoors in an enclosed arena.
   1.1 Rules for Arena Driving will be based upon the Equine Canada Rule books for Combined Driving events. Certain modifications will be required to accommodate facility dimensions. Competition rules so modified are noted in this appendix.
   1.2 Facilities: Size of the arena will be at the discretion of the organizers.
   1.3 Veterinarian: must be on call. No horse inspection required.
   1.4 Medical facility: An EMT must be on call.
   1.5 Officials: Combined Driving "r" or higher. One Judge required; one TD recommended under 26 entries, required 26 entries and over. If no TD, the Judge shall be responsible for approving the Prize List. One official who is properly credentialed as both EC Combined Driving Judge and Combined Driving Technical Delegate may fill both positions at the same event.
   1.6 Pace: Cantering limitation on courses will be at the discretion of the organizer and officials and published in the Prize list. Cantering should be restricted to 4 wheel vehicles with hard rubber tires and non-wire spoke wheels (Article C4106.4).
   1.7 Safety Check: recommended prior to first class.
   1.8 Presentation: Will not be scored.
   1.9 Dress: Clean, neat marathon dress may be worn during all 3 sections of competition.
   1.10 Athletes and Grooms: May participate with more than one entry. See Article C3301 and C102.6 for competition age limitations for juniors. Grooms may ride in/on the vehicle in competition. During Driven Dressage or Cones competitions, grooms giving verbal or physical directions, or sliding, lifting or moving the vehicle in any way will incur immediate elimination for the entry.
   1.11 Vehicles: The same vehicle may be used in all 3 competitions.
   1.12 Classes: At the discretion of the organizer. May be divided by horse/pony/donkey/mule size, single/multiple turnout, two-wheeled or four-wheeled vehicles. Athlete experience or by the dressage test. Classes may be split as entries warrant.
   1.13 Classification: Athletes will be ranked by class in reverse order of total penalty points accumulated in all 3 competitions.
   1.14 Participation: Athletes and Navigator/Grooms may compete more than once, scheduling permitting.

2. Driven Dressage
   2.1 Letters A and C will be at the mid-point of the short side of the arena. Letters B and E will be at the mid-point of the long side of the arena. Letters H, M, K, and F will be measured 10 meters from the corners of the arena.
   2.2 If the arena is of a suitable size, a regular ADS Driven Dressage Test should be used. Otherwise, the Arena Dressage Tests shall be used.
   2.3 When sufficient room is not available for warm up outside the perimeter of the arena, the Organizer may choose, with the approval of the Judge, either:
      a) The opportunity to warm up inside the arena before the class starts, or
      b) A warm up of approximately one minute inside the arena after the previous turnout has exited.
c) Entries must be notified prior to the class.

2.4 Scoring will be as indicated on the dressage test and converted to penalty points.

2.5 Presentation is not scored.

2.6 Grooms are not permitted to handle the reins, the whip or the brake, nor speak or indicate the course to the Athlete. (See Article C3703.2)

3. Cones

3.1 The Course

a) The dressage arena or an adjacent arena may be used.

b) The number of cones used will be at the discretion of the organizer, based on a suitable course flow in the space available.

c) One multiple obstacle may be used.

d) The starting line may not be less than 5 meters from the first cones. The finishing line may not be less than 5 meters from the last cones.

e) There is no set distance between cones, but the design of the course should enable Athletes to maintain an even pace throughout the majority of the course.

f) The course shall be open for inspection by the Athletes and trainers at an announced time prior to the start of the competition.

g) A course plan (Article C4204.6.2) is not required, providing a map with speed, distance and allowed time is posted prior to the course inspection.

h) When cantering on course is NOT allowed (as stated in the prize list), the penalty is 5 seconds per occurrence.

3.2 Cones may be set as follows:

a) Using the following clearance for each division and reset between competitors:

<table>
<thead>
<tr>
<th>Horses and Ponies</th>
<th>VSE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Training division</td>
<td>35 cm + track width</td>
</tr>
<tr>
<td>Preliminary division</td>
<td>30 cm. + track width *</td>
</tr>
<tr>
<td>Intermediate division</td>
<td>25 cm. + track width *</td>
</tr>
<tr>
<td>Advanced division</td>
<td>20 cm + track width *</td>
</tr>
</tbody>
</table>

* Increase settings by 10cm for tandems, unicorns and four-in-hands.

b) At the discretion of the organizer, Training division may use one setting for all competitors. The setting will be based upon the largest track width vehicle entered plus 35 cm.

c) At the discretion of the organizer, Preliminary division may use one setting for all competitors. The setting will be based upon the largest track width vehicle entered plus 30 cm.

d) At the discretion of the Organizer, Cone pairs may be numbered with red and white markers placed on the cones themselves in lieu of Markers as required under Articles C4204.5. One of the numbers should be rotated so the Athlete can see it from the previous obstacle whenever possible.

e) When individual cone pairs are numbered as in (d) above, Article C4204.5.5 will not apply. The entry is considered to have passed through the obstacle when any part of the carriage passes between the cones.

3.3 Grooms may not give verbal or physical direction nor may they lift or slide the vehicle during obstacle/cones competition.

4. Scoring

Article C4202 – Summary of Competition C Penalties shall be used. Whenever “no cantering” is imposed, a penalty of 5 seconds shall be assessed for intentional breaks per occurrence.

5. Marathon Obstacles

5.1 Course

a) The dressage/cones arena or an adjacent arena may be used.

b) There shall be four marathon-type obstacles. Not more than two will be constructed at one time. The course shall be open for 10 minutes for inspection by Athletes and grooms before the start of the competition.

c) One common entry/exit gate, 3 meters wide shall be placed in the center of the arena.

d) Obstacles 1 and 2 shall be driven by the Athletes in all classes, then the obstacles may be re-lettered and known as Obstacles 3 and 4, or the first course driven again.

e) Obstacles may have any number of dislodgeable elements.

f) Before starting each obstacle, the judge will signal with a whistle or bell. Timing will start as the nose of the horse crosses the entry gate or 60 seconds after the signal, whichever occurs first. Timing will stop when the nose of the horse crosses the exit gate.

g) If any part of an obstacle in advance of the one being driven is dislodged or knocked down, the President of the Ground Jury will ring the bell and stop the clock for the obstacle to be rebuilt. The Athlete will incur penalties for any knockdown elements, and 10 seconds will be added to his time. The clock will restart when the Athlete is approximately 10 m. from the rebuilt obstacle. Should this occur on the way to gate A, a total restart of the obstacle with the added penalties would be appropriate with any knockdown penalties and added ten seconds, as the start line would be considered 10 m. Away.
### 5.2 Marathon Penalties

a) Time in the obstacles shall be converted to penalty points at .25 points per commenced second .......... 0.25 penalty
b) Each element dislodged ........................................... 6 penalty points
c) Putting down a whip in the obstacle .............................. 5 penalties
d) Correcting a course in an obstacle .............................. 20 penalties
e) Failing to correct a course in an obstacle ...................... elimination
f) Groom off the carriage (both feet) in an obstacle .......... 10 penalties
g) Athlete off the carriage in an obstacle ........................ 30 penalties
h) Overturned vehicle in an obstacle .............................. 60 penalties (includes c, f and g above).
i) Disconnecting and leading through an obstacle .......... elimination
j) Exceeding the time limit in an obstacle (3 minutes) .......... elimination
k) Failing to pass through entry or exit flags ................. elimination
l) Intentionally cantering when not allowed ... 5 seconds/occurrence

### Appendix L – Driving Derby

#### 1. General Principles

A Carriage Derby is competition that offers a combination of marathon and cone obstacles and may be held in a suitably size indoor or outdoor arena. Each Athlete will be timed from crossing the start line and drive each of the numbered obstacles in the proper direction and in numerical order to the finish line.

A sample course is provided. Depending on the number of volunteers available, the course gates may be set to a common width for each class, or adjusted for individual vehicle width. Grouped obstacles may have any number of knockdowns to protect the elements, and may be set to a standard width.

Event shall be run under Equine Canada Bronze permit, and have the following EC driving officials: one ‘r’ Judge; one ‘r’ TD for 20 or more entries, one ‘r’ Course Designer recommended.

#### 2. Rules

2.1 Classes for Training, Preliminary and Intermediate may be provided.
2.2 All entries (except VSE-single) must be driven with a groom on the vehicle.
2.3 Grooms may ride with more than one entry subject to scheduling.
2.4 Age restrictions under Article C3301 shall apply to all entries.
2.5 All persons on the course must wear properly fitted approved protective headgear (See Glossary, Section A – Headgear Standards), with harness attached. Protective vests and medical armbands are strongly recommended.
2.6 Only the Athlete may handle the reins, brake and a whip
2.7 A whip of suitable size to reach all horses must be carried in hand while on course. If the whip is inadvertently dropped, the Athlete shall stop the vehicle, the groom dismount, hand the whip to the Athlete and remount before the vehicle resumes the course. The penalty is time lost.
2.8 No cantering in Training classes or by any 2 wheel vehicles.
2.9 Wire wheels and/or pneumatic tires allowed in Training class only.
2.10 Preliminary and Intermediate must be driven in 4 wheel vehicles.
2.11 Gate widths may be common width for turnout or adjusted for each class (see table below).
2.12 Grouped obstacle width minimums: VSE = 2.0m; all other turnouts = 2.5m
2.13 Athletes may enter a maximum of two times. The second entry shall not count toward any prizes.
2.14 Driving gates out of order is “off course” and may be corrected by returning to the missed gate and resuming the course.
2.15 All gates completed are “dead” and can be driven in either direction, however if any ball or knockdown is dislodged at any time, it is penalized.
2.16 All Athletes are allowed 20 minutes to walk the course. A course diagram will be posted before the walk but not required to be distributed.
2.17 Judge’s interpretation of these rules is final.

### Typical Course Design

The number of elements on the course shall be determined by the size of the arena available, not to exceed 4 lettered obstacles, one bridge, and 10 pairs of cones.
### Appendix M – Safety Checklist

Athletes may be required to complete a checklist similar to the following, and submit to a safety inspector before starting a Recreational Drive, Pleasure Competition or Combined Driving Event. It is the Athlete’s responsibility to continually evaluate and be responsible for the safety of his/her turnout.

Appendix Q – Rules for Athletes with Disabilities

See Section M, Part II – Para-Equestrian rules for Driving.

Appendix R – Measurement of Ponies

Refer to Section A, Chapter 11, Measurement for additional information.

1. An Equine Canada Measurement Card will be presented at the First Veterinary Inspection. If a pony is not in possession of a fully and correctly completed Measurement Card, the Ground Jury may order the pony to be remeasured by the Technical Delegate and the Competition Veterinarian and/or a Judge, pursuant to Chapter 11. Failure to allow the pony to be remeasured will result in the pony being disqualified at the competition. The remeasurement must be reported to the Ground Jury, who, if it is over height, must then either allow the entry in a horse class or disqualify the pony from the Competition. (See Article C3303.2)

2. Ponies without Measurement Cards will be measured before the First Horse Inspection at their first competition of the year and issued with a Permanent Measurement Card (Article A1103) or a Temporary Measurement Form (Article A1104). For ponies six years or older with passports, the Record of Measurement on the back page of the EC passport is to be completed. This constitutes the Permanent Measurement Card.

3. Measurement will be conducted by official EC licensed: Steward or Technical Delegate and the Competition Veterinarian and/or a Judge.

4. Measurement will be required yearly until the pony has reached the age of six years. Animals under six years of age will be issued an annual Temporary Measurement Form annually. Refer to Article A1104.

5. If an animal possesses an FEI or USEF Certificate of Measurement, such Certificates will be accepted as proof of the pony’s height.

6. Refer to Article A1112 – Protesting Height or Article A1115 – Appeal of Height Measurement if required.
