Jumper Class Rules

Power and Speed – First half of the course is the “power” portion of the class, if it is jumped clear, then the rider will continue with the second half of the course which will be timed, the “speed” portion. If there are any faults in the power portion of the course, the jump judge may signal the rider to exit the ring without continuing to the speed portion.

Table A with Jump Off – faults will be accumulated on the first round. Riders in the 1st place position with equal faults will ride a second Jump Off Round. Placings will be determined by faults and fastest time.
